NOTES:

1. Base bid should not include future furniture quantities identified by the documents but include list price, discount, and sell and unit price for future purchase. Quantities for these items should be identified as "0 zero.
2. If bidding on a furniture package, all items within that section/ package must be priced and submitted on. Those bidders that do not completely bid and submit on a section/package in its entirety will be disqualified from eligibility for that section/ package.
3. Failure to complete the furniture pricing spreadsheet and state purchasing bid forms as instructed may be grounds for 'disqualification.' Do not attach quotes. Quotations submitted with bid responses will not be considered.
4. Quantities of furniture items to be bid upon are based upon the furniture specification sheets in Appendix A in conjunction with the keyed furniture layouts on the Furniture Plans in Appendix E. Bidders are responsible for quantifying all furniture items.
5. Where noted by the Furniture Specification sheets in Appendix A, the University may make a future purchase of additional furniture items where indicated on the furniture specification sheets. It is the intent that the "unit" price in the bid form be used to purchase up to the identified quantity of the indicated items.
6. Shipping, delivery, installation, assembly and administrative costs are to integrated into the overall unit pricing cost of each product

NOTES:

1. Base bid should not include future furniture quantities identified by the documents but include list price, discount, and sell and unit price for future purchase. Quantities for these items should be identified as "0" zero.
2. If bidding on a furniture package, all items within that section/ package must be priced and submitted on. Those bidders that do not completely bid and submit on a section/package in its entirety will be disqualified from eligibility for that section/ package.
3. Failure to complete the furniture pricing spreadsheet and state purchasing bid forms as instructed may be grounds for 'disqualification.' Do not attach quotes. Quotations submitted with bid responses will not be considered.
4. Quantities of furniture items to be bid upon are based upon the furniture specification sheets in Appendix A in conjunction with the keyed furniture layouts on the Furniture Plans in Appendix E. Bidders are responsible for quantifying all furniture items.
5. Where noted by the Furniture Specification sheets in Appendix A, the University may make a future purchase of additional furniture items where indicated on the furniture specification sheets. It is the intent that the "unit" price in the bid form be used to purchase up to the identified quantity of the indicated items.
6. Shipping, delivery, installation, assembly and administrative costs are to integrated into the overall unit pricing cost of each product
7. 'A' indicator for Owner use only.

2. If bidding on a furniture package, all items within that section/ package must be priced and submitted on. Those bidders that do not completely bid and submit on a section/package in its entirety will be disqualified from eligibility for that section/ package.
3. Failure to complete the furniture pricing spreadsheet and state purchasing bid forms as instructed may be grounds for 'disqualification.' Do not attach quotes. Quotations submitted with bid responses will not be considered.
4. Quantities of furniture items to be bid upon are based upon the furniture specification sheets in Appendix A in conjunction with the keyed furniture layouts on the Furniture Plans in Appendix E. Bidders are responsible for quantifying all furniture items.
5. Where noted by the Furniture Specification sheets in Appendix A, the University may make a future purchase of additional furniture items where indicated on the furniture specification sheets. It is the intent that the "unit" price in the bid form be used to purchase up to the identified quantity of the indicated items.
6. Shipping, delivery, installation, assembly and administrative costs are to integrated into the overall unit pricing cost of each product
