Addendum #1

Bid NO.: 101359
OPENING: 5/7/2024 @ 1:00 PM
COMMODITY: Ice Machine Maintenance, Service & Repair

Please see the following question submitted by the deadline of April 19, 2024, by 1:00 PM and the answer to follow.

1. Reaching out to see if there is any additional information on the required Water Filters for the listed (17) Ice machines? I'm just trying to finalize costs. I see part of the maintenance includes "Check and Change water filters". Are the Filters provided or are they a part requirement that needs to be added into the price of the agreement. If yes, is there a list of the required water filters?

Answer: There are no filter components to the cleaning and sanitizing of the ice machines and heads. The filter change out will be performed by others on a frequency determined by URI Dining services and is not part of this solicitation.

Please note: Under **Preventative Maintenance to include:** #6 Check and change water filters is removed from the scope. The bid sheet remains the same but do not include #6 in your price.

If you have already submitted a bid and need to make changes based on the information within the addendum, please submit a new bid response and indicate that the submission supersedes the prior.
