Vendor Questions :

Bid #7538375 – Generator Maintenance, Repairs & Portable Generator

1) I'm not sure what they're looking for as far as pricing goes. Are they looking for a price to perform 3 PM Service per year with one being an Annual PM Service which includes changing of all the engine oil and filters? Or are we suppose to be pricing something different, the Line Item doesn't state what it should be.

Response: As they do there 4 PM Service a year; like line #18 state if there more than 50 hours of operation since the last oil change on any generator they should change the oil. "In case we lose power for than a few days in the beginning of the year they may have to change the oil twice a year.
