The Department of Children Youth and Families is seeking a wall mounted electronic key management system. The initial system should support 60 key rings and be expandable to 200 key rings.

Each key ring should be individually locked in its own location and through the use of PIN numbers, card access or fingerprint readers users can access keys assigned them. All key movement is tracked by User, Date and Time.

Below are additional requirements of the system:

- 100% accountability of all keys and users, 24 hours a day, 7 days a week through the use of PIN #, card access or fingerprint readers.
- System available in a range of sizes from 16 to 200 keys, up to 2,000 users can be programmed into each system.
- Tamper-proof key rings in the system available in (8) colors allowing you to distinguish keys from various departments.
- Key slots illuminate quickly showing you the location of the key(s) requested.
- System can be expanded to fit your growing needs.
- Cabinets can be customized to accommodate oversize and folger adam key rings.
- Each user code can have time zones assigned per key, along with day of week restrictions. If a key is not returned within that time period, an alarm will sound.
- Communication to any IBM Compatible PC running Windows '98 or better can be made via direct RS-232 connection, Modem or LAN.
- 48 hour battery back-up allows access to system in the event of power outage.
- Software that enhances programming, customizing and reporting capabilities of the proposed system.
- 2 Year warranty
- Telephone Support
