Description: Rectangular shaped table top with Trace base, wire management

Dimensions:

Width	156
Depth	42
Height	30 3/4

Power Requirements: Table to Include (2) PD-1 & (1) CUB-1

Notes:

Rectangular laminate table with Trace base, cable cubby laminate shroud with access panel. AV cable cubby box by others, provide cutout location centered at top. 1 1/4" thick laminate top with 3mm flat matching edge band. Support rails at underside of table top prevent sag and bow of tops as well as provide attachment to table base and power/data management. Trace base is polished aluminum casting and trim with standard accessible curved laminate panel inserts. Equipped with cable and device organizing panel. Provide Mediatrac rail system with wire management slings. Provide 4'-0" Doug Mockett 'WM12 - Threshold Wire Manager' in grey 92, or equal, from floor box to table base.

*All images are for general design intent only.

Finishes:

LAMINATE TOP: 671 Designer White

TOP EDGE: Flat

LAMINATE SHROUD: Black, matte

BASE PANEL: 671 Designer White

BASE TRIM: Polished Aluminum

ITEM CODE: CT11

Item Code: CT11

Room Number (s): **<u>Bliss Hall:</u> 210 Classroom, 240 Classroom, 260 Classroom, 290 Classroom**

Manufacturer: KI

Product Name: Torsion On the Go

Model Number (s): CI-TGNAUB-US-FN-SFN-C

Description: Flip-up seat armless nesting chair with casters

Dimensions:

Width	23 1/2"
Depth	24 1/4"
Height	32 1/4"

*All images are for general design intent only.

Notes:
Seat is two-piece construction of molded plywood upholstery board with 1 3/4" foam and molded compound curved nylon shroud with a textured finish. Backrest is molded compound curved polypropylene with integral molded 'handle.' Seat flips to allow nesting of chairs. Welded steel backrest supports attach the backrest to torsion mechanism. Back flex is achieved by torsion mechanism which consists of two flat torsion springs captured by steel bushings welded to backrest supports. 12 degree of back flex. Frame is welded steel tube, 1" 13-guage steel tubing. Double wheel casters of high-impact thermoplastic. Powder coated leg finish. Nylon armrests. Upholstered back, no arms.

PACKAGE 6 - CASEGOODS	ITEM CODE: **WK18**
Item Code: WK18	
Room Number (s): **NEB: 130 Computer Lab, 135 Computer Lab**	
Manufacturer: **Allsteel (or Equal)**	
Product Name: Stride	
Description: 48Dx129W Dual sided bench	
Worksurface: 21Dx108W and 21Dx48W, 1-1/4" TH particleboard core with high pressure laminate top surface and custom simulated ply 2mm edge band. Accessible power beam, provide hinged power access door, continuous.	
Base: Painted metal Open End Support at open end only. Provide painted metal support column legs at 'seated' end. Provide additional worksurface support legs as necessary for worksurface length, recessed from edge of table.	
Wire Management: Power beam with dual sided wire manager trough. Provide wire management snake from floor boxes to wire management trough.	
Power/Data: Provide (1) dual power data connection at beam for each seat. (7) dual power, (7) data. Coordinate power/data termination requirements from floor boxes with field conditions.	
Keyboard Tray: Articulating Keyboard tray with height and angle adjustment of 6.25" and 0-15 degrees, standard. Hypoallergenci gel palm supports. 8.5" Clip Mouse Platform. Powdercoated Steel.	
Notes: Furniture supplier is responsible for verifying and confirming all quantity counts with the floor plans.	*All images are for general design intent only.
