**Addendum No. 01
Invitation For Bids No. 26198
Cell Block Transition Services**

Prospective Bidders and all concerned are hereby notified of the following changes in the Invitation for Bids document for Cell Block Transition Services, IFB No. 26198. These changes shall be incorporated in and shall become an integral part of the contract documents.

Item 1:

Remove the following language from specification under bulleted item number 25: "Remove existing door to cell area, cut, install and trim new reinforced observation window then reinstall door" and replace with "3068 expanded metal gate to be installed by contractor: Furnished by other. Gate will be a continuous hinge Folger Adams snap lock, must be installed in existing frame."

Item 2:

In accordance with IPC code, all waste piping within a cell or detention area shall be non-combustible in nature. All water feed lines shall be type L copper tube only and all waste piping shall be No-Hub cast iron with stainless steel four (4) band clamps only. Pex, PVC, CPVC, ABS or other similar products are expressly prohibited.
