Request Description

Regarding The Scope of Work - Vehicle and Staff Requirements – Page 78 - “All Money Pick-up and Delivery Services shall be performed in an Armored Vehicle with at least two Armed Officers present” –

We would request that this section be revised to require two officers be present on the armored vehicle, one of which must be armed.

The reason for this request is that the State of Rhode Island will not even accept a weapons application until after the officer is already working for the Carrier. That means there could be occasions when the application process for one of the officers on the truck has not been completed yet by the State.

Will you accept quotes using one armed officer and one unarmed officer?

Use Additional Sheet If More Space Is Required
