**Request Description**

We are the authorized regional dealer for the Industrial Air Filtration division of Donaldson Torit and would like to propose an alternative Downdraft Table; namely, their model DB-3000. This Table essentially meets all technical requirements as listed in the IFB, but in an overall smaller package.

We would also propose installing the Torit "Ultra-Web FR" Filter Cartridges in place of the standard units to provide flame retardance and MERV 15 efficiency ratings.

Attached please find:

- A back-to-back comparison of the UAS and Torit Downdraft Tables
- Data sheet describing the model DB-3000
- Specification drawing for the model DB-3000
- Data sheet describing the Ultra-Web Filter Cartridge
