Delivery of goods or services as described herein shall be deemed acceptance of these requirements.

**Supplemental Agreement**

The Rhode Island Department of Administration, Division of Purchases (“Division”) and Nail Communications (“VENDOR”) (collectively known as the “Parties” or as a “Party” individually) hereby enter into this “Supplemental Agreement,” on the 30<sup>th</sup> day of May, 2013, effective upon issuance of Master Price Agreement # 479 (“MPA”) by the Division, to provide communications and/or marketing services to the State of Rhode Island (“State”), in accordance with the terms and conditions stated in Request for Proposal # 7461231 and addenda (“RFP”), Communications and Marketing Services, and now stated herein.

**1. Incorporation of the Agreement in its Entirety:**

The Notice of Contract Purchase Agreement, along with the State Procurement Regulations and General Conditions of Purchase, and the documents listed below, are all expressly incorporated by reference into this Supplemental Agreement and shall be collectively referred to as the “Agreement”:

**A. Request for Proposal # 7461231 and Addenda**, and all of the terms and conditions contained therein, including, but not limited, to the following terms:

- MPA #479 will be for a three (3) year duration, with two (2) one (1) year extensions at the Division’s option;
- All pricing submitted and attached herein will be considered to be a firm and fixed maximum rate – the State reserves the right to negotiate lower rates than the stated maximum rate on a case-by-case basis;
- There is no guarantee of any level of purchasing activity on behalf of the State under MPA # 479;
- The same offers, terms and conditions as stated in the Agreement will be accessible to the Legislative and Judicial Branches of the State of Rhode Island, Rhode Island municipalities (cities and towns), school districts and quasi-public agencies. (In other words, this MPA is extended to all governmental or quasi-governmental entities in Rhode Island should they decide voluntarily participate and access the pricing and terms available under MPA 479);

**B. VENDOR’s Cost Proposal (Attachment #1)** – and all of the terms contained therein, provided however, that the rates stated in the cost proposal are the maximum rates and an agency may also negotiate a lower rates or a flat fixed fee arrangement on a project by project basis. Nothing herein prevents the agency from contacting multiple firms listed on the MPA to provide the same scope of work and selecting a firm that will provide the best value for the State. Additionally, the VENDOR may propose alternative fee arrangements.

**C. VENDORS’s Technical Proposal**

## 2. Order of Precedence

To the extent that there is any conflict in terms among the items incorporated into the Agreement, the following order of supremacy (with one (1) being the highest order of priority) shall control:

1. The State Procurement Regulations and the State's General Conditions of Purchase;
2. The Supplemental Agreement
3. RFP
4. VENDOR's Cost Proposal; and
5. VENDOR's Technical Proposal.

## 3. Scope of Work

**TERM:** The term of this MPA will be for three (3) years, with two (2) one year extensions at the sole option of the Division. **There is no guarantee of any level spending activity to a VENDOR selected for this MPA.**

### **General Description**

The VENDOR will be responsible for providing work within the following categories of services:

1. Strategic marketing consultation; and
2. Technical services, including production of materials.

Services required will be based on the needs of individual programs and projects, and may include one or more of the categories above. Following is a description of the activities that the State's agencies expect the VENDOR to perform for each of the categories of services.

### **Category 1: Strategic Marketing Consultation**

Projects require an array of consultation services for planning effective communication and marketing strategies, ranging from conducting formative research; to designing brochures; to designing, implementing, and evaluating comprehensive communication campaigns. The VENDOR agrees to provide an array of strategic marketing consultation services, including but not limited to the following types of services:

- Strategic communication planning
- Crisis communication
- Media relations and/or public relations
- Media training
- Special events planning
- Creative services (such as graphic design/layout of print materials, logo development, illustration, copywriting)

- Comprehensive literature reviews
- Social Media
- Evaluation
- Media Monitoring
- General communication and support on a project basis, as needed.

These services may be requested as individual, stand alone services, or they may be requested as part of a comprehensive campaign. The service should result in a formal plan that is provided to the agency on a project by project basis. The services required will depend on the scope of work for each program or project. The services will be paid on an hourly basis (unless negotiated otherwise by an agency and approved by the Division in which case a fixed project price may be negotiated), based on a specific scope of work to be defined by an agency. Prior to starting, the VENDOR will meet with the relevant Agency manager and a representative from the communication unit to understand the program goals and define potential communication goals. Prior to beginning the delivery of the consultation, the VENDOR will be required to provide the level of effort (number of hours), propose a timeline to complete the work and give the total cost. Nothing prevents the agency from contacting multiple VENDORS on the MPA in order to acquire the best value for the State. Work will begin when an agency and the VENDOR have agreed upon the proposal (see section VI: Requirements) and a Purchase Order is issued by the Division of Purchases.

### **Category 2: Technical Services**

A “technical service” refers to the production of communication materials and media, including:

- Media production, which may include a variety of printed materials, television and radio slots.
- Web-based applications including web-hosting, social networking sites, e-news releases, Twitter and other delivery channels.

### **Requirements for All Three Categories:**

The provision of strategic marketing consultation and technical and research based services requires a comprehensive approach that is broken into four phases for the purposes of this contract. Not all projects will require each phase, however, each project must begin with Phase 1.

#### **i. Needs Assessment**

The VENDOR will attend an initial meeting with Agency staff, at no charge, to discuss the purpose, scope, goals and objectives of that Agency’s work to help the VENDOR prepare a proposal for the scope of services and budget. Prior to starting the work, the VENDOR will provide a written proposal estimating the number of hours and proposing a timeline to complete the work and a project price. Work will begin when the Agency and the VENDOR have agreed upon the proposal.

If the project entails the development of educational or promotional materials or a campaign, the VENDOR will develop and submit a written plan for a needs assessment/formative research, process evaluation, and impact evaluation.

If formative research is conducted by the VENDOR, they will prepare and present a written report including research findings and recommendations regarding how best to meet the Agency's objectives.

## **ii. Concept Development Phase**

At this point, if relevant, the VENDOR will begin to develop concepts for the communication product or campaign based on the findings of the research in the needs assessment phase.

In the case of a campaign, the VENDOR will present a minimum of two campaign concepts. Presentation of these concepts will include possible overarching themes or slogans, as well as an initial proposal of some of the possible campaign elements based on the needs assessment and budgetary considerations. This presentation should include mock-ups, such as sketches of proposed print materials, as well as representations of possible visuals and an indication of how text will appear; and rough drafts of possible themes and scripts for audio/visual elements. The Agency will make the decision on which of the proposed concept(s) and elements will be further developed.

For other products that are not part of a campaign (e.g. stand alone program brochures, focus group guides, surveys, etc.) one concept or draft is sufficient. Work will continue when the Agency and the VENDOR have agreed upon the concept to be further developed.

## **iii. Design/Implementation Phase**

Full development and implementation of all communication products will be completed during this phase. This may include:

- Writing and revising text (this could include brochures, scripts for television and radio spots, focus group guides, etc.)
- Designing and laying out print pieces (this includes reviewing commissioned illustrations and photography with the Agency) and revising as necessary;
- Developing and writing web-content in accordance with the Agency's template (e.g., ri.gov)
- Copyediting;
- Preparing communication materials for pre-testing among the target audience and revising as necessary based on feedback;
- Obtaining bids and estimates for production of materials;
- Developing a plan for placement and distribution of materials over a 12 month period;
- Identifying optimum levels of reach and frequency (identifying how much of the target audience can be reached and how often given budgetary constraints); and
- Identifying potential partnerships to enhance project impact.
- Media monitoring.

The State reserves the right to receive competitive quotes on a project basis from the VENDORS listed on the MPA and to purchase technical services directly from VENDORS. Copies of all invoices for technical services will be included in the VENDOR's bills to the Agency.

The Agency will make all final decisions about material layout, copy, and distribution channels.

Once the final products are approved and ready for production, the VENDOR will be responsible for assuring the quality of elements that are to be produced. The Agency reserves the right to reject any products, and will not pay for products that fail to meet quality standards. As part of this quality assurance, the VENDOR is responsible for:

- Reviewing all stages of proofing for print materials with the Agency;
- Conducting press checks for print materials;
- Reviewing completed materials (print, audio, and visual) with the Agency;
- Supervising radio and TV shoots and edits; and
- Trafficking all materials to appropriate media;

The VENDOR is responsible for entering into agreements and/or subcontracts with VENDORS to procure the above technical services on behalf of the Agency.

The VENDOR is also responsible for working with and reimbursing the services of designers, printers, and other contractors with whom the Agency has a continuing relationship, in order to reproduce previously created materials.

All developed materials are the property of the Agency. Print materials will be provided in electronic format (original program format plus a PDF version that fits Agency guidelines) along with original artwork and photography. A digital master of all radio and television commercials master plus DVD and CD copies of each piece must also be provided. The VENDOR will maintain an inventory of all products produced by VENDOR and submit it annually to the Agency.

#### **iv. Evaluation/Additional Research**

The Agency may wish to collect information to measure the effectiveness of its work through surveys, focus groups, in-depth interviews, etc. The VENDOR will be responsible for proposing a research strategy, timeline and budget estimate\*. Work can begin when the Agency and the VENDOR agree upon the proposal. Once research is completed, the VENDOR will provide a written report with a summary of the research and recommendations regarding how best to meet program goals.

\*For work in any of the above four phases, the VENDOR must notify the Agency before beginning work that will require funds above those indicated in the project estimate.

#### **v. Additional Requirements**

In addition, the VENDOR is responsible for the following:

- Providing office space, office equipment, and office support including telephone, fax, and computer word-processing and graphic design programs;
- Supporting all travel necessary to conduct work defined in the Scope of Work; Supervising and reimbursing all subcontractors.

**4. Insurance Requirements:**

VENDOR shall acquire and maintain general liability insurance or equivalent professional liability insurance covering personnel and advertising liability for the duration of the engagement in the following amount[s]:

One Million Dollars (\$1,000,000)

**5. Choice of Law and Venue:**

This Agreement shall be governed by and construed in accordance with the internal laws of the State of Rhode Island.

**6. Amendment:**

Except as otherwise provided for herein, the terms and conditions of this Agreement shall not be modified or amended except in writing, signed by both parties hereto and specifically referring to this Agreement.

**7. Notice:**

Any notice required to be given by either party hereunder, shall be in writing and delivered personally to the other designated party, or sent by any commercially reasonable means of receipted delivery, addressed, to that party at the address most recently provided in writing. Either party may change the address to which notice is to be sent by written notice to the other under any provision of this paragraph.
