	<p>Note to Bidders: BLANKET REQUIREMENT DATES HAVE CHANGED TO THE PERIOD 12/1/2006 THROUGH 11/30/2009 Pricing will be fixed for one year after the effective date of the contract. After the first twelve (12) months of the contract, price adjustments may be permitted for changes in the supplier's cost of materials. Price increases will be based on the Consumers Price Index (CPI) as stated in Federal reporting. The CPI would require an increase of +3% in order for a pricing increase to be granted. A CPI of -3% would require a decrease to the State. All instances of price adjustments will require verification to the satisfaction of the State Purchasing Agent. Thirty days prior to the end of the first twelve (12) months of the contract, the supplier may notify the State Purchasing Agent in writing of any anticipated price increases/decreases. Any approved price changes will be effective only at the beginning of the calendar month following the end of the full 30 day notification period. The pricing will then remain fixed for the next twelve (12) months. Documentation shall be supplied with the suppliers request for increase which will verify that the requested price increase is general in scope and not applicable just to the State of RI and verigy the percentage of the increase which is being passed on to the supplier by the suppliers suppliers including price indices. Supplier will follow the same process for the subsequent pricing adjustments until the conclusion of the contract.</p> <p>The supplier will fill all purchase orders received prior to the effective date of the price adjustment at the old contract prices. Decreases that affect the cost of materials are required to be communicated immediately to the State Purchasing Agent.</p> <p>SUPPLIER MUST INCLUDE A LISTING BY LINE ITEM</p>
