It is the Vendor's responsibility to check and download any and all addenda from the RIVIP. This offer may not be considered unless a signed RIVIP generated Bidder Certification Cover Form is attached and the Unit Price column is completed. The signed Certification Cover Form must be attached to the front of the offer

Vendors are invited to furnish and install the following list of medical equipment to be located on the second floor of the new Youth Development Facility (YDF) currently under construction at the Pastore Government Center in Cranston, Rhode Island. All vendors must include equipment specifications with bid proposals. Failure to submit specifications with bid proposal may result in disqualification of bid. Items in catalogs must be clearly marked and pages tabbed.

Construction of the new YDF is being managed by the Gilbane Building Company. The successful vendor will be required to comply with all policies and procedures required by Gilbane to ensure a safe and orderly construction site. Safety requirements are enumerated in the Project Safety Plan dated September 16, 2005. The policies, procedures and terms of that Plan, included on the project documents CD, are integral to the terms of this proposal. The successful vendor shall report and coordinate all work activities and site access with the Gilbane Project Manager. The following proposed schedule is based on the most current construction information:

April 27, 2007	Request for Bid Proposals
May 4, 2007	Pre-Bid Conference
May 18, 2007	Bids Due
May 24, 2007	Contract Awarded
May 31, 2007	Successful vendor to measure existing wall locations, accept existing electrical and utility locations and indicate location and amount of blocking for wall-mounted equipment.
June 14, 2007	Successful vendor to submit shop drawings
June 28, 2007	Shop drawing review period
July 6, 2007	Begin installation
July 20, 2007	Installation complete

The following construction documents have been included in this invitation to bid and shall be accepted by the successful vendor as the existing conditions into which the dental equipment will be installed. The building's elevator may not be available during the installation period and vendors shall be responsible for delivering equipment to the final location. The successful vendor agrees that their bid includes the cost of any changes to the building systems that might be required by the furnished medical equipment. Any such changes will be subject to review, and all utility hook-ups required by vendor's equipment shall be made by licensed personnel.
