ADDENDUM #1

RFQ # 7449709 TITLE: SCREEN PRINTING AND EMBROIDERY - URI

OPENING DATE AND TIME: NOTE CHANGE: 6/11/12 AT 10:30 AM

ANSWER: Picking up and delivery on one certain day per week is acceptable, but in a priority emergency situation (lost or stolen item that must be replaced immediately or late delivery from manufacturer) there will be the need to pickup and turn around screening or embroidering in one or two days without an additional charge.

VENDOR QUESTION: 5/30/2012 5:16 PM >>>

It mentions must pick up and deliver all orders. "some same day and emergency items alternative pick up and/or delivery methods are allowed at no additional costs"... Not sure exactly what that means... We do a program for UCONN and we do 1 pick-up and delivery per week. Is that an option for this program? I know occasionally something will come up and need to ship special but as long as that is not a regular basis. It is not saying that they need same day pick-up, complete and deliver order is it? I really wanted to clarify with the person in the athletic dept. that handles the program. Is that possible?

BID OPENING DATE AND TIME IS CHANGED DUE TO LATE ADDENDUM:

FROM: 6/5/12 AT 10:30 AM

TO: 6/11/12 AT 10:30 AM
