FAILURE TO COMPLY WITH THIS REQUEST WILL RESULT IN LOSS OF CONTRACT.

Master Price Agreement # 387

Provide labor and materials to clean carpeting, tile and grout in State of Rhode Island owned or leased buildings.

The method of cleaning of carpet will be within standards specified by the Institute of Inspection Cleaning and Restoration S100 (IICRC100). All vendors must be an IICRC certified firm. All technicians of the certified firms must be trained in carpet cleaning and be able to produce certification of training to any State agency requesting carpet cleaning services.

The preferred method of carpet cleaning is the high pressure steam extraction. Steam extraction will be by truck mount units, with the temperature ability to reach 200 degrees Fahrenheit and 1000 psi of pressure. Portable units may be used only if the unit meets the heat and psi requirements of the truck mount and is approved by the representative of the agency. The following additional specifications are required for all vendors participating in MPA#387:

1 Carpet cleaning notification will be made no less than three days before the vendor is required to provide services unless in the case of emergency. In case of emergency one day notification will be provided for next day service.

2 Vendor will be required to move or remove all furniture in Group Homes only. In offices miscellaneous chairs or tables which can be moved will be moved by the vendor. In all cases furniture is to be returned to its original location. All furnishings placed on damp carpet are to be tabbed or foam blocked to protect the furnishings and carpet from damage.

3 All carpet is to be vacuumed and spot cleaned, including gum removal, prior to cleaning of carpet.

4 All heavily soiled traffic areas are to be pre-treated with solutions which contain the green seal designation. Heavily soiled areas are to be cleaned with hot steam rotary extractor then cleaned with hot steam extraction. Carpet pile should be even when carpet cleaning is complete.

5 All carpet cleaning on lightly soiled carpet should be pretreated with solution which contains the green seal designation. Hot steam extraction is the only approved method of carpet cleaning.

6. Tile and grout cleaning by be completed by hot steam extraction with spinner tool and the ability to achieve 1000psi of pressure as needed. Tile and grout must be pretreated with green seal solutions. All water must be extracted and the tile wet mopped with white vinegar solution to remove all residue.

7 Carpet protection may be required for specific carpets which will be authorized by the agency requesting the carpet cleaning prior to cleaning carpets and applied while carpets are damp.

8 To ensure proper drying of carpets vendors will be required to use air movers to assist in the drying process. Any air movers provided to the agency for drying of carpets will be at the cost of the vendor. The agency will not be required to pay daily rental for the air movers.

9 All vendors will need to sign in at the agency receive carpet cleaning as directed by the individual agency.

10 All vendors must notify the designee of each agency for inspection and sign off of any work completed. Billing for work completed will not be approved without proper authorization.

Vendors invoicing shall reflect only the actual areas completed. Any area considered to be by and authorizing agency representative to be unsatisfactorily completed shall be rescheduled at the vendor's expense. Vendor must notify the agency within 24 hours if any work area is inaccessible.
