Per the issuance of Department of Transportation **ADDENDUM # 7459284A3** the following changes are noted:

• **CLARIFICATION**

1. With regard to the following question previously responded to on the RIDOT website:

**Question:**

Can sub-consultants be used to fill some of the Primary Natural Resource Personnel positions?

**Answer:**

YES. However, at least ONE of THREE primary natural resources categories (i.e. Wetlands Scientist, Wildlife Biologist and Soil Scientist) MUST be fulfilled by the PRIME Respondent.

2. With regard to submission of **Federal Form SF-330**, there was a misstatement presented on the RIDOT website with regard to this requirement. This Form MUST be completed by the PRIME Respondent and included in formal proposal submission. Professional consultant services utilized under this MPA will be federally funded and therefore subject to all federal requirements. The information requested is generic in nature specific to your firm's experience and qualifications; if resumes are provided as part of SF-330, and therefore not submitted as a separate exhibit, please provide the appropriate reference in your Table of Contents.

• **DELETION/ REVISION**

1. On PAGE 6 of the RFP, see Section labeled **PRICING** under **HOURLY RATES**, the following sentence has been revised as follows:

"Rates are requested for straight time hours only; these hourly rates are to be fully inclusive of all indirect overhead costs and direct charges including wages, fringe benefits and profit."
