### Emergency Restraint Chair

The Emergency Restraint Chair safely restrains a combative or self destructive person. It does not restrict normal breathing and secures individuals without injury. Allows for safe prisoner transport by a single officer to court or hospital. Reduces your liability from combative related incidents. Reduces the need for additional personnel. Reduces your transport costs.

Emergency Restraint Chair back and seat are angled in a slight reclining position to help in calming of subject while controlling his ability to manipulate the chair. Backrest restraints adjust up to 4 settings for a secure fit. Backrest opening for easier handcuff removal. Footrest features nonskid surface.

Ultra-tough shoulder and wrist restraint belts hold the individual in position, yet do not restrict the chest area to affect normal breathing. Belts secure with CAM buckles that unlock with a standard handcuff key.

The Emergency Restraint Chair is covered with PermaBlok3 advanced vinyl that is

non-porous, anti-stain and abrasion-resistant. Easily cleaned, antibacterial and anti-microbial. 1 1/2" high density foam padding for comfort. Holds up to 500 lbs.
