## **ADDENDUM #1**

### **RFQ 7470368 PRINTING OF FALL, SPRING AND SUMMER FY14 CCRI HIGHLIGHTS**

- 1.** Just wanted to verify that this is a 10pg and not an 8pg like last year. We were very interested in bidding but are unable to paste a 4/4 10pg book, so I am just looking for verification  
It is a 10 pager with a glued page inside.
  
- 2.** Can addresses be printed directly on the piece, or must they be labeled?  
Labeling is printed directly on the piece, no labeling
  
- 3.** Is the assumption correct that you are saturation mailing to full and partial zip codes? Will they be mailed to "resident" or mailed with names? You are providing mailing permit number for indicia, correct?  
Going to residents in the zip codes selected and we will provide the indicia and CCRI will pay all postage to the Post Office.
