FENCING REPAIR AND INSTALLATION – MPA #498

Introduction and Conditions

The Rhode Island Department of Administration (“Department”), Division of Purchases (“Division”) seeks, on behalf of the Executive Branch agencies of the State of Rhode Island, along with potential participation at their own discretion from the Legislative and Judicial branches, quasi-public agencies, municipalities (cities, towns and school districts), seeks to retain one or more vendors to participate on a Master Price Agreement (MPA) to provide Fencing Repair and Installation in all parts of the State. “Fencing Repair and Installation Services” will include, but not be limited to remove existing fence poles, pole foundations, railings, gates and fence fabric. Furnish and install various types of fencing, wood guardrails, utility bollards, and also perform repairs. The standard reference for all work shall be the current edition of the Rhode Island Department of Transportation Standard Specifications for Road and Bridge Construction (A.K.A. “Blue Book”), Section 900 (Incidental Construction and Services) and applicable sections of Division III, Part M, (Materials). Additional specification details are included, and drawing details are also provided for special items such as: screen fence, pedestrian bollard, ramp handrail, utility bollard and wood guardrail. Unit prices are sought on each of the 273 items in various forms including units, quantities, volumes, lengths, and person-hours. All services provided through this MPA will be classified as public works, and all labor involved, billed as person hours, or as part of equipment operation hours, shall be compensated at Rhode Island prevailing wage rates. Potential vendors shall propose rates for all items in the solicitation.

The term of this MPA will be for three (3) years. **Price quotes are solicited for each of the three years, and shall be submitted on a disk-based spreadsheet available with this solicitation.** See Attachment A for a sample of the disk-based file. This work will be done on behalf of programs and projects associated with any of the State’s agencies, including municipalities, as described elsewhere herein, and in accordance with the terms of this request and the State’s General Conditions of Purchase, which may be obtained at the Rhode Island Division of Purchases’ homepage by Internet at <http://www.purchasing.ri.gov>.

It is envisioned that a price agreement will be awarded to one or more vendors at the maximum rates quoted. The specific scope of work will be determined by the needs of the using agency, as with any MPA, a using agency would create its own release / direct purchase order specifying the items, quantities and pricing ordered, and would thus be responsible to finance the required services. No Vendor shall provide services or begin work unless and until a valid Purchase Order approved by the Agency has been issued and received by Vendor. A Vendor will not be entitled

to any payment for services rendered or work completed outside of this policy... **There is no guarantee of any level of spending activity to a vendor or vendors selected for this MPA.**

MPAs can be utilized by any State Agency, and as a requirement of this solicitation, will also be made available to quasi-public organizations, Rhode Island municipalities, school districts, and the Legislative and Judicial Branches of Rhode Island government at their own discretion. The same offers, terms and conditions of service shall be offered to these organizations. Placement of a qualified firm(s) on a Master Price Agreement is no guarantee of usage. Services are sought on an “as-needed” basis.
