Vendor A

- 1) Do the contractors have to be union

No. The work will require supply and delivery only, not setup or installation. Prevailing wage rates are not required.

- 2) Do the contractors have to be from the RI. Area

No.

- 3) Do you have a list of qualified contractors from this area who I can work with.

See answers to 1 and 2 above.

- 4) Does someone need to be there to accept the equipment when shipped, and is there a warehouse to store the equipment while waiting for installation.

Davies' personnel would need to be at Davies in Receiving to accept the equipment once shipped. There will be a designated storage location that will house the equipment until installed.

- 5) Will there be a place to dispose of the packaging materials from the equipment

Davies has dumpsters on site, and packaging materials can be disposed in Davies dumpsters.

- 6) Will the existing equipment not being reused be removed prior to the delivery and installation of the new equipment.

Existing equipment will be removed prior to the installation of the new equipment.

- 7) Can I just bid on the equipment and delivery of the equipment without doing the installation but to be there when the installation is being done as a advisor

Yes, as the plumbing and electrical components are being handled separate and apart from this procurement.

Vendor B

- a. Is the job union construction?

No. As a point of clarification, all electrical and plumbing needs are being handled separate and apart from this solicitation. The work will require supply and delivery only, not setup or installation. Prevailing wage rates are not required.

- b. Do you have cut sheets on all of the items specified? If we bid a comparable substitution we would like a picture of the items described.

Yes-

Please see attached.

- c. Do you have a floor plan of the proposed space?

Proposed floor space diagram was distributed at the pre-bid walkthrough and is also attached hereto. The diagram is not necessarily drawn to scale, however it is a representation of the shop floor layout as relates to the new furniture/equipment procurement.

- d. Is there a completion date for the project?

Davies is looking to receive furniture/equipment as soon as possible after bid award is made, and the work to set the furniture in place can occur over the summer for completion by the end of August 2014. Davies will handle the electrical and plumbing separate and apart from this procurement.

**Davies Career & Technical High School
 Bid #7548647 Cosmetology Furniture
Addendum #1**

The following is a **crosswalk** of model numbers on certain items contained in the bid specification, in order to clarify the actual manufacturer's universal model number:

Item No.	Current Specified Model No.	Description	Manufacturer Make/Model No.
1	BC 626	Reception	Kaemark LC-240 (web photo attached)
2	BC 280	Tech Chair	Kaemark SAV-038-B (web photo attached)
3	BC 8951	Custom wall hung display	Custom - See Accompanying specifications and accompanying diagram
4	BC 291	Waiting Chair	Kaemark EP-368 (web photo attached)
5	BC 1911B2B	Back-to-back station	Kaemark SC-125 (web photo attached)

What Makes Kaemark Educational Equipment INDUSTRIAL GRADE

Don't you agree, no situation in the beauty industry DEMANDS more durability than beauty schools? Kaemark is the leading name in industrial grade beauty equipment because of these unique features:

- **Using Fir vs. Pine Particle Board**
Only Kaemark uses Oregon fir industrial-grade particle board instead of lower density materials like pine.
The Benefit: Avoid "splitting" - a common problem found among furniture made of low density particle board.
- **Triple Joint Security™**
Only Kaemark uses staples & screws together cabinet joints.
The Benefit: Our unique "Triple Joint Security" technique increases cabinet life!
