ADDENDUM NUMBER TWO
RFQ # 7548947

TITLE: MPA 159 Snowplowing, Sanding and Removal
Closing Date and Time: 10/17/14 at 10:00 AM

Per the issuance of this ADDENDUM #2 (11 pages, files in PDF format, revised Request for Quote Form) the following is noted:

3) What will be required for sidewalk clearing a 48 inch path or entire walkway from curb edge to adjacent edge

Answer: All sidewalks are to be cleared in their entirety! The entire walkway from curb edge (including plow mound) to the adjacent edge needs to be cleared during each snow event.

4) If snow becomes too deep on sidewalks for snowblowers to move it will it become removal work.

Answer: No, at no time will walkway clearing be included in removal work since the walkways are to be cleared in the entirety during and after each snow event. The clearing of walkways means clearing of snow and or ice completely.

5) Do all sidewalks need to be cleared if snowfall starts during work hours and all the employees are in at work.

Answer: Yes, walkways are to be kept clear during and after all events for pedestrian traffic. This is different from the statement of not plowing parking lots while cars are parked during regular work hours.

6) Will sub contracting or the use of non owned equipment be used for this complex.

Answer: The equipment guidelines are explained in the bid package. Each vendor accepts full responsibility of any and all equipment and personnel during snow events. The State will not hold liable any subcontracted equipment or operator under contract to the vendor. The vendor awarded the snow plowing/removal contract is to claim and list all equipment used in snow operations. If there are any changes to the list of equipment the vendor must contact purchasing and make appropriate changes.

7) If snow is to be removed and hauled off site can it all be placed at Cranston Street Armory

Answer: Yes, The use of the Cranston Street Armory for snow removal purpose is authorized during heavy snow events. However, all drive ways and walkways are to remain clear with a limit of ten (10) parking spaces available at all times.
