Bridge Repairs & Preservation to West Elmwood RR Bridge No. 660

West Elmwood Railroad Bridge No. 660 - I-95 NB & SB over Amtrak, Providence and Cranston

CITY/TOWN OF Providence, Cranston

COUNTY OF PROVIDENCE

NOTICE TO PROSPECTIVE BIDDERS

ADDENDUM NO. 1 Prospective bidders and all concerned are hereby notified of the following changes in the Plans, Specifications, Proposal and Distribution of Quantities for this contract. These changes shall be incorporated in the Plans, Specifications, Proposal and Distribution of Quantities, and shall become an integral part of the Contract Documents.

A. Clarification

1. Amtrak Entry Permit

The 90-day period for issuance of the Entry Permit as stated in Paragraph 6, AMTRAK COORDINATION AND ENTRY PERMIT, of the Contract Specific General Provisions, is expected to be more than enough time provided the contractor submits the proper documents in the appropriate time frame. If Amtrak were to cause a delay to the process the RIDOT would consider it a third party delay for which RIDOT would grant excusable, non-compensable time.

2. Work within Amtrak Right-of-Way

As stated in Section 6 of the General Provisions – Contract Specific, the Contractor shall assume only three nights per week for Amtrak outages and only four hours of outage time per night. However the Contractor shall note that some items of work may not require outages and can be performed at other times, as permitted by and coordinated with Amtrak.

Delete page Index 1 in its entirety and replace it with revised page Index 1(R-1) attached to this Addendum No. 1. Item 810.9901, Galvanized Bar Reinforcement for Structures, has been added.
