Statewide Drainage Asset Inspection & Inventory

ADDITION:

On page 12 of 17 Section II Background and Purpose add the following information after the last paragraph:

In order to ensure that the stated Inventory and Inspection completion dates can be achieved, RIDOT divided the State into three (3) regions; Region 1 – Statewide Limited Access Highways (Including Ramps), Region 2 - Non Limited Access Highways in the East Providence, Portsmouth and Smithfield Maintenance Regions and Region 3 - Non Limited Access Highways in the Gloucester, Hope Valley, Midstate and Belleville Maintenance Regions. (Reference attached pdf Maps for each Region).

A folder with GIS data for this RFP is located at RIDOT's Website on both the Doing Business landing page (www.dot.ri.gov/business) and on the Bidding Opportunities page (<http://www.dot.ri.gov/contracting/bids/index.php>). Also, it is directly accessible at this link: http://www.dot.ri.gov/documents/doingbusiness/drainage/RIDOT_Drainage_Data.zip (See screen shots below.)

Included in the folder are:

GIS Data List

GIS shape files included in this download are for planning purposes only. The layers represent the latest GIS data RIDOT has available along State Highways.

They are not considered to be a complete inventory of the RIDOT Drainage system.

Respondents may submit Cost Proposals for any one (1) or all of the Regions described above. (Cost Proposals for each Region attached.) The State will award on a per Region basis based upon the Evaluation and Scoring Criteria as set forth in Section VIII Evaluation and Selection. The successful respondent shall complete the Inventory portion of the project within the first five months of the project, following Notice to Proceed, for each Region awarded.
