ADDENDUM NUMBER ONE

RFQ #7550092

TITLE: LANDSCAPING AND MAINTENANCE SERVICES FOR VARIOUS RI STATE PARK LOCATIONS

Could time restrictions at parks be eliminated? For example Colt Park is an average of 160 acres. Cutting that in 2 days at 6 hour shifts cannot really be achieved. A contractor should have the right to have a minimum of 8 hr a day shifts. This hasn't been an issue in the previous years of these contracts. If contractor is responsible for carrying a bond for this work he or she should be given every opportunity to complete work as long as it does not interfere with park patrons or events. Good communication between contractor and state staff should eliminate any and all issues.

The State agrees to eliminate the hours of cutting for the State Park locations only. The Beach and Campground hour limitations will stay as listed.

A. TURF MAINTENANCE – MATERIALS AND EXECUTION

TURF MOWING SCHEDULE

- a. The **VENDOR** will accomplish all routine landscape maintenance required under the **AGREEMENT** between:
 - i. 6:00 AM – 9:00 AM at all beach locations
 - ii. 8:00 AM – 12:00 PM at all campground locations
 - iii. 6:00 AM – 12:00 PM at all park locations **ELIMINATE TIME REQUIREMENT for Park locations only**
- b. See Exhibit A and Exhibit B for detailed mowing schedules.
- c. The **VENDOR** will conduct the work at all times in a manner so as not to interfere with pedestrian traffic or vehicular traffic.
- d. The **VENDOR** will notify the location Manager when they arrive at the site to start work and when they finish work.

**ADDENDUM NUMBER ONE
RFQ #7550092**

**TITLE: LANDSCAPING AND MAINTENANCE SERVICES FOR VARIOUS RI STATE PARK
LOCATIONS**

What happens in the event of heavy rains and the park cannot be cut?

The contractor will coordinate with the Park Manager on an appropriate day where conditions will allow cutting of the location. It is our intention that the contractor will achieve all the 26 cuts that have been appropriated.

Can you explain what you mean on page 2 of bid specifications line item 12?

If a situation arises after the contract has been awarded, the contractor starts the work and there is an obvious omission that is not in the contract the contractor and State will decide on the remedy that is agreeable to both parties.

Do roadways and bike paths need to be blown down after mowing and trimming?

The roadways do not need to be blown down after mowing unless there is extensive amounts of clippings due to a late cutting due to weather restrictions.

Will the state work with the contractor for Spring clean-up deadline if he or she is awarded multiple parks?

Yes, we will work with the contractor at all locations to make sure our locations look pristine. If deadlines need to be amended due to multiple contracts, weather or equipment failure the State will coordinate with the contractor and identify the priority areas to be maintained first.

What are the payment terms on contract?

Once the cut or cleanup is complete, approved by the manager and invoice submitted to the State Park office payment will be processed through the state system.

Are there any penalties if the state does not pay on time can the contractor back charge state interest on unpaid balance?

No

How many yards of mulch will be installed at Scarborough beach and also if state does not have mulch del. by May1 is contractor still responsible to install it once beach is open full time to public?

The state will have the mulch delivered at least 3 weeks before May 1, 300 yards have already been ordered for the location and will be delivered onsite.
