Clarification to Item Numbers 15 and 16 of "7550189 Quote Spreadsheet"

It is the State's understanding that the Unit of Measure (UOM) for Item Numbers 15 and 16 on the "7550189 Quote Spreadsheet" can vary from a set dozen. Therefore in cells C28 and C29, the State defined these items as 'Package' vs. 'Dozen' in order to allow for any variables in these two items. However the State did define minimum requirements of these two items in the "Quantity per Package (minimum required)" cells F28 and F29 as well as "Weight in Ounces (minimum required)" cells G28 and G29. Please see the following screen shot for further clarification:

Items		State Requirements
