**ADDENDUM # 2**

2/18/2016

Solicitation #7550220

*Title: MPA #106 Off Road Fuels: BioHeat, Kerosene and Off Road Ultra Low Sulfur Diesel.*

**Submission Deadline: March 8, 2016 @ 10:30 AM (ET)**

Per the issuance of ADDENDUM #2 the following are noted:

(See Attached)

- Vendor submitted questions
- Prior solicitation bid pricing results
- Fiscal year(s) heating fuel consumption

*Interested Parties should monitor this website on a regular basis, for any additional information that may be posted.*

**ADDENDUM #2**

**Vendor Questions:**

**Solicitation 7550220**

**Titled: Off road Fuels: BioHeat, Kerosene and Off Road Low Ultra Sulfur Diesel.**

Question: Can you provide bid results from all vendors for the last bid?

**Response:** See Attached.

Question: Are tank sizes and locations available?

**Response:** See Attached.

Question: Are estimated gallons/usage available for each product?

**Response:** See Attached.

Question: Since I just mailed my RIFANS today 2/3/16, will I be able to participate in this bid?

**Response:** In order to participate in bidding vendors must register on RIVIP and download a RIVIP Bidder Certification Form to attached and submit with their proposal. If awarded the Division of Purchases does allow time for RIFANS Supplier Registration Package to be entered into the State financial system.

Question: Can I obtain the bid results from last year?

**Response:** See Attached.

Question: Does the fuel bidder have to provide maintenance and service contracts also?

**Response:** The bidder must supply On-Call Hourly Rate Pricing (as indicated on Price Sheet) for routine maintenance and repairs as needed. Refer to Pricing Sheet within solicitation.

Question: Please provide volume for each location?

**Response:** See Attached.

Question: Please provide delivery location addresses, tank sizes, above or below ground tanks and delivery days/hours?

**Response:** See Attached.

Question: Please provide how much time do you require delivery from time of order?

**Response:** Lead time for normal delivery will be 24 hours; 48 hours for Holidays and weekends. The State would expect any emergency delivery to be provide as soon as possible per agency request.

Question: Please advise if we can bid on the off Road Ultra Low Sulfur Diesel Only?

**Response:** Yes

Question: Would the site information be available for the participants of this bid or the one that is currently active for the State?

Will you provide prior year bid results?

Will you provide a list of the locations in each district (delivery address) and the following information for each location?

- a. Product
- b. Tank size
- c. Number of tanks
- d. Estimated annual usage

**Response:** See Attached.

Should we use the publication OPIS Oil Price Daily (formerly the Journal of Commerce) to price?

**Response:** Please use the lowest “Resellers Rack Price” Port of Providence as published each day in the OPIS Oil Price Daily (formerly known as the Journal of Commerce) to price Off-Road Ultra-Low Sulfur Diesel and Kerosene. Use the lowest Providence Terminal Tank Car Price as found under the daily Petroleum Prices of the OPIS Oil Price Daily for No. 2 Heating Oil in order to price the BioHeat.

We understand you want us to use the lowest Providence Terminal Tank Car Price for No. 2 Heating Oil in order to price the BioHeat, what postings do you want us to use to price Off-Road Ultra-Low Sulfur Diesel and Kerosene?

**Response:** Please use the lowest “Resellers Rack Price” Port of Providence as published each day in the OPIS Oil Price Daily (formerly known as the Journal of Commerce) to price Off-Road Ultra-Low Sulfur Diesel and Kerosene.

#### **NOTICE TO VENDORS:**

The attached information was obtained in order to provide as much pertinent information as possible to assist bidders in preparation of their proposals. Due to numerous State building construction and renovations projects many buildings and locations from prior solicitation dated in 2008 may no longer be in existence or may have incurred a change in fuel type supply. Also newly constructed building locations may also exist currently. For these reasons the information used for solicitation 7133884 (dated September 2008) is not being published. It is the position of the Division of Purchases to provide the most accurate and up-to-date information possible.

It is also apparent that the State currently does not maintain proper usage reporting date. For this reason the following requirements titled “Reports” are being added to Solicitation 7550220. These requirements are now an official part of the bid document and specifications of solicitation 7550220. They will also be part of the Purchase Order Contract to the successful vendor(s).

#### **REPORTS:**

REPORTS - The Vendor agrees to provide the State with monthly reports summarizing delivery and cost data. Reports must be received by the Rhode Island Office of Energy Resources (OER) the first week of the following month. The monthly reports shall provide OER with the following information *per delivery location: volume (gallons, lbs, or whichever unit is most applicable) delivered per fuel type, dates delivered, prices charged per fuel type, and total costs charged*. Please send all reports to [terri.brooks@energy.ri.gov](mailto:terri.brooks@energy.ri.gov).

In addition, due to EPA requirements, the vendor is required to provide sulfur content testing data for #2 fuel oil and diesel fuel supplied to the State using EPA approved testing procedures. These tests can be terminal analysis reports from where the fuel is procured or analysis reports done by the vendor. Whenever the terminal receives new fuel or the supply location is changed, analysis reports must be updated to account for the change in supply. The test results must be provided on a quarterly basis to OER, the University of Rhode Island (URI), and any other delivery locations or state agencies that request results. Faxed or scanned documents are acceptable for these quarterly reports. URI

accepts faxes at 401-874-2329 or scans at [dlamb@uri.edu](mailto:dlamb@uri.edu). Please send all reports to OER via [terri.brooks@energy.ri.gov](mailto:terri.brooks@energy.ri.gov). Quarterly reports shall be due 30 calendar days after the end of each quarter.

OER reserves the right to adjust any and all delivery and cost data requests if State needs change. Failure to submit required reports shall be considered a breach of the contractor's obligations and may be considered, at the discretion of the State Purchasing Agent, sufficient cause for the termination of the agreement and other outstanding agreements and orders, and possible suspension from participation in additional State procurements.

**NOTE: The information provide is not to be considered exact. The State is only required to provide estimates to the best ability possible.**
