STATE OF RHODE ISLAND AND PROVIDENCE PLANTATION
DEPARTMENT OF ADMINISTRATION

DIVISION OF PURCHASES BID NO. 7550451

RHODE ISLAND DEPARTMENT OF TRANSPORTATION

RHODE ISLAND CONTRACT NO.2015-CH-090

FEDERAL-AID PROJECT NO. FAP Nos: STP-BRBW(001)

Blackstone River Bikeway (Segment 1A)

The project limits are from the intersection of Gano Street/Trenton Street at the I-195 off-ramp to Waterman Street, Providence, a distance of 0.7± miles, primarily following the Seekonk River coast.

CITY/TOWN OF Providence

COUNTY OF PROVIDENCE

NOTICE TO PROSPECTIVE BIDDERS

ADDENDUM NO. 2 Prospective bidders and all concerned are hereby notified of the following changes in the Plans, Specifications, Proposal and Distribution of Quantities for this contract. These changes shall be incorporated in the Plans, Specifications, Proposal and Distribution of Quantities, and shall become an integral part of the Contract Documents.

A. Clarification

1. PRE-BID CONFERENCE

Attached to this Addendum No. 2 is the Sign-In sheet from the Pre-Bid Conference held on April 14, 2016 at RIDOT.

B. Contract Documents

1. PROPOSAL PAGES

a. Pages P-22 (R-1) and P-23 (R-1)

Delete pages P-22 (R-1) and P-23 (R-1) in their entirety and replace them with pages P-22 (R-2) and P-23 (R-2) attached to this Addendum No. 2. The Addendum posting date has been posted.

2. SPECIFICATIONS - JOB SPECIFIC

a. Page JS-5 (R-1)

Delete page JS-5 (R-1) in its entirety and replace it with page JS-5 (R-2) attached to this Addendum No. 2. A table has been added regarding Notice to Proceed.

b. Page JS-8

Delete page JS-8 in its entirety and replace it with page JS-8 (R-1) attached to this Addendum No. 2. The specification has been revised.

c. Page JS-33

Delete page JS-33 in its entirety and replace it with page JS-33 (R-1) attached to this Addendum No. 2. The specification has been revised.

d. Page JS-42

Delete page JS-42 in its entirety and replace it with page JS-42 (R-1) attached to this Addendum No. 2. The specification has been revised.

e. Page JS-45

Delete page JS-45 in its entirety and replace it with page JS-45 (R-1) attached to this Addendum No. 2. The price adjustments have been updated.

C. Other

1. FEDERAL WAGE RATES

Delete the Federal Wage Rates pages provided on the Advertising Disk in their entirety and replace them with the Federal Wage Rates (R-1) pages attached to this Addendum No. 2. The federal wage rates have been updated.

Revised: 2/19/2002

Total or gross sum of bid for Rhode Island Contract Number: 2015-CH-090

Federal-Aid Project Number(s): STP-BRBW(001)

WRITTEN IN WORDS:

The undersigned bidder declares that this Proposal is made without connection with any other person or persons making proposals for the same work, and is in all respects fair and without collusion or fraud. The undersigned bidder submits herewith, a proposal guarantee in the form of a bid bond in favor of the State of Rhode Island in the amount of 5% of the total or gross sum of the bid and agrees and consents that the proposal guarantee shall be forfeited to the State as liquidated damages if the required contract agreement and contract bond are not executed within ten(10) days of the notice of award. All surety companies must be listed with The Department of the Treasury, Fiscal Services, Circular 570, (Latest Revision published by The Federal Register). The State reserves the right to retain the surety of all bidders until the successful bidder enters into the Contract or until such time as the award or cancellation of the Contract is announced at which point Sureties will be returned to all bidders by the State of Rhode Island, Office of Purchases. The undersigned bidder further agrees, if awarded the contract on this proposal, to begin work within ten (10) calendar days after the date of execution of the contract unless otherwise specified under special provisions or permitted by the Engineer, and further agrees to complete the work on or before the dates outlined in the Contract Documents.

PROSECUTION AND PROGRESS

In accordance with Section 108.08, Failure to Complete on Time, Para. a., Phased Completion, Interim Completion and Substantial Completion the following defines the Interim and Substantial Completion Dates and Associated Liquidated Damages:

Substantial Completion: See Table Below

All Contract work shall be completed, as defined by Section 101.71.

Liquidated Damages: \$1,200.00 per calendar day.

NTP	Substantial Completion
On or before Aug 3, 2016	2-Jun-17
Aug 4 to Sept 7, 2016	18-Aug-17

CODE 201.9901

REMOVE AND DISPOSE RAILROAD TRACKS AND TIES

DESCRIPTION: This work consists of removing existing railroad tracks and ties within the limits of clearing and disposing them at an approved recycling and/or disposal facility.

CONSTRUCTION METHODS: Steel railroad tracks and wooden railroad ties located within the project corridor as shown on the plans shall be removed. The steel rails and attachment plates and spikes shall become the property of the contractor. The wooden railroad ties shall be legally disposed of at an approved off-site location. The Contractor shall furnish a manifest or weight slips documenting proper recycling/disposal of the wooden railroad ties.

METHOD OF MEASUREMENT: "REMOVE AND DISPOSE RAILROAD TRACKS AND TIES" shall be measured for payment by the number of "Linear Feet" of tracks actually removed including both rails, wooden ties and all other appurtenances.

BASIS OF PAYMENT: The accepted quantities of "REMOVE AND DISPOSE RAILROAD TRACKS AND TIES" will be paid for at their respective contract unit prices per linear foot as listed in the Proposal. The price so-stated constitutes full and complete compensation for all labor, materials, equipment, excavation, cutting, loading, hauling, recycling and /or disposal fees, and all other incidentals required to finish the work, complete and accepted by the Engineer.

3. **REINFORCED BACKFILL** – The reinforced Backfill consists of the compacted soil which is within the reinforced soil volume as outlined on the plans. Reinforced backfill shall meet the gradation requirement for gravel borrow subsection M01.09 Table 1, Column 1b of the Rhode Island Department of Transportation Standard Specification for Road and Bridge Construction, 2013 Edition and Compilations, as amended, except that 100-percent by weight shall pass the 2-inch sieve.

The plasticity Index (PI), as determined by AASHTO T90, shall not exceed 6.

(PARAGRAPH DELETED)

The materials shall be substantially free of shale or other soft, poor durability particles. The material shall have a magnesium sulfate soundness loss of less than 30 percent after four cycles.

The Contractor shall furnish to the Engineer a Certificate of Compliance certifying that the reinforced backfill material complies with this section of the specifications. A copy of all test results performed by the Contractor, which are necessary to assure compliance with the specifications, shall also be furnished to the Engineer. The Certificate of Compliance shall include the following test results, certifying that the reinforced backfill material complies with these specifications:

- a. Soil pH
- b. Gradation
- c. Angle of internal friction determined by the standard Direct Shear Test AASHTO T 236 compacted to AASHTO T 180 Modified Proctor Method C.
- d. Magnesium sulfate soundness loss.

Reinforced backfill not conforming to this specification shall not be used without the written consent of the Contractor's Design Engineer, the geogrid supplier and the resident engineer.

CODE 911.9901

MODULAR RETAINING WALL

DESCRIPTION: The work under this item shall consist of furnishing materials and construction of a Modular Retaining Wall in conformity with the dimensions and details indicated on the Plans, and as directed by the Engineer.

This work shall include the following:

- Furnishing modular retaining wall as specified herein and as shown on the construction drawings.
- Supplying, placement and compaction of gravel borrow, backfill, drainage material and filter fabric as specified herein and as shown on the construction drawings.

MATERIALS: Gravel borrow material for the leveling pad shall meet the gradation requirement for gravel borrow subsection M01.09 Table 1, Column 1b of the Rhode Island Department of Transportation Standard Specification for Road and Bridge Construction, 2013 Edition and Compilations, as amended, except that 100-percent by weight shall pass the 1 ½-inch sieve.

Drainage aggregate shall be angular, clean stone or granular fill meeting the following gradation as determined in accordance with ASTM D422:

<u>SIEVE SIZE</u>	<u>PERCENT PASSING</u>
1 inch	100
¾ inch	75-100
No. 4	0-60
No. 40	0-50
No. 200	0-5

Filter Fabric shall be a material suitable for erosion control applications and shall be one of those from the RIDOT Approved Materials List for Transportation Construction Projects and provides a coefficient of permeability between 10^{-3} and 10^{-4} centimeters/second.

The modular retaining wall units shall be machine-formed, Portland Cement Concrete (PCC) blocks specifically designed for retaining wall applications. Concrete used to manufacture the units shall have a minimum 28 days compressive strength of 3,000 psi and a maximum moisture absorption rate, by weight, of 8 percent as determined in accordance with ASTM C140. The finish of the units shall be split-face and the unit faces shall be of straight geometry. The unit wall height shall be 6 inches with a minimum depth to height ratio of 2:1. Each unit shall provide a minimum weight of 100 psf wall face area and shall be solid through the full depth of the unit. Unit connections shall be specified by the manufacturer.

CODE: 938.1000

PRICE ADJUSTMENTS

DESCRIPTION:

a. Liquid Asphalt Cement. The Base Price of Liquid Asphalt Cement as required to implement **Subsection 938.03.1** of the Standard Specifications is \$377.50 per ton as of 04/15/2016.

* In the case of modified asphalt binder, the price adjustment provision shall only apply to the neat liquid asphalt component. This provision shall not apply to the modifier component, manufacture, storage, transportation of other associated costs.

b. Diesel Fuel. The Base Price of Diesel Fuel as required to implement **Subsection 938.03.2** of the Standard Specifications is \$1.4219 per gallon as of 04/15/2016.

General Decision Number: RI160001 04/01/2016 RI1

Superseded General Decision Number: RI20150001

State: Rhode Island

Construction Types: Building, Heavy (Heavy and Marine) and Highway

Counties: Rhode Island Statewide.

BUILDING CONSTRUCTION PROJECTS (does not include residential construction consisting of single family homes and apartments up to and including 4 stories) HEAVY, HIGHWAY AND MARINE CONSTRUCTION PROJECTS

Note: Under Executive Order (EO) 13658, an hourly minimum wage of \$10.15 for calendar year 2016 applies to all contracts subject to the Davis-Bacon Act for which the solicitation was issued on or after January 1, 2015. If this contract is covered by the EO, the contractor must pay all workers in any classification listed on this wage determination at least \$10.15 (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in calendar year 2016. The EO minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

B. Employee who has been on the payroll for 1 year or more but less than 5 years and has worked 150 Days during the last year of employment shall receive 1 week's paid vacation; 5 to 10 years - 2 weeks' paid vacation; 10 or more years - 3 week's paid vacation.

C. Employees on the seniority list shall be paid a one hundred dollar (\$100.00) bonus for every four hundred (400) hours worked, up to a maximum of five hundred dollars (\$500.00)

All drivers working on a defined hazard material job site shall be paid a premium of \$2.00 per hour over applicable rate.

TRUCK DRIVER CLASSIFICATIONS

GROUP 1: Pick-up trucks, station wagons, & panel trucks

GROUP 2: Two-axle on low beds

GROUP 3: Two-axle dump truck

GROUP 4: Three-axle dump truck

GROUP 5: Four- and five-axle equipment

GROUP 6: Low-bed or boom trailer.

GROUP 7: Trailers when used on a double hook up (pulling 2 trailers)

GROUP 8: Special earth-moving equipment, under 35 tons

GROUP 9: Special earth-moving equipment, 35 tons or over

GROUP 10: Tractor trailer

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.

=====
Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or "UAVG" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and

non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations

Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
