REQUEST FOR PROPOSAL
Rhode Island Department of Transportation
Office on Highway Safety

RFP 7550886

High School Highway Safety Interactive Awareness Project
DBE GOAL: NONE

PROJECT BACKGROUND AND CONCEPT:

The Rhode Island Department of Transportation/Office on Highway Safety (RIDOT/OHS) uses multi-faceted approaches to support our core mission of reducing fatal and serious injury crashes. OHS currently focuses their efforts on SEVEN (7) core behavioral/demographic issue areas:

- Impaired Driving
- Occupant Protection (seat belts)
- Speed
- Distracted Driving
- Young Drivers
- Motorcycles; and
- Other Road Users (non-motorists)

RIDOT seeks to obtain the services of an experienced highway safety CONSULTANT that will provide proven comprehensive programming to instill this highway safety messaging to local high schools and middle schools statewide. The programming/presentations should be evidence-based, interactive, and appropriately catered to Rhode Island laws and statistics.

The content should incorporate all core issue areas as described in this narrative. The presentations should be engaging and involve student participation. Each scheduled school presentation shall conclude in a single day. The presentation must have a game show component and the length will be proposed by the selected CONSULTANT based on prior experience. The CONSULTANT will work with the individual schools to accommodate their schedules.

The overarching goal of the statewide program will focus on these young drivers to incite positive behavioral changes related to these highway safety program areas in particular: ***Distracted Driving, Speed, Impaired Driving and Occupant Protection***. Each individual presentation made to each school, as well as the overall program, is required to have an evaluation component that measures the potential behavioral change. Each monthly invoice will be accompanied by a MONTHLY PROGRESS REPORT, summarizing the work performed that month along with the individual "PRE" and "POST" electronic surveys conducted by the CONSULTANT for each of the scheduled schools identified. The project will conclude with a comprehensive FINAL COMPREHENSIVE EVALUATION REPORT detailing the behavioral changes indicated as a result of the total presentations performed and survey data collected.

The selected CONSULTANT **presentation schedule** will be determined based on the number of requests received from the various schools. The CONSULTANT will be responsible to schedule and coordinate the targeted date/time and venue with each of the selected schools. The RIDOT/OHS will receive a copy of the school presentation schedule for the CONSULTANT for review in advance of the starting presentation.

DETAILED REQUIREMENTS:

1. The award issued will be for **TWO (2) YEARS** beginning at the time of contract award in 2016 and concluding on September 30, 2018.
2. The selected CONSULTANT will be required to reach a minimum of **TEN (10)** and a maximum of **FIFTY (50)** schools for each Contract YEAR.
3. The selected CONSULTANT will be required to reach a **minimum of 10,000 participants** at the conclusion of the 2-YEAR contract period.
4. The CONSULTANT will be responsible for working with the schools to schedule and coordinate the presentations with input from RIDOT/OHS.
5. Content should be tailored to the middle school or high school audience, depending on where the presentation is taking place.
6. The CONSULTANT will conduct "PRE" and "POST" electronic surveys with each school they attend as well as analyze and submit this data along with each monthly invoice.
7. Schools are asked to conduct and promote the surveys as a prerequisite of participation in the programs. Presentations will not take place at any school unless the school definitively agrees to complete the "PRE" and "POST" survey processes.
8. It is the CONSULTANT responsibility to coordinate and collect with the selected school the "PRE" survey results in advance of their appearance at each school as well as the "POST" results following their appearance at each school. **Monthly invoices submitted without documented "PRE" and "POST" survey results and analysis will not be paid.**
9. The Office of Highway Safety (OHS) will notify all schools of the availability of these presentations. The chosen consultant will be notified by OHS staff when the consultant is able to communicate with the RI schools.

COST AND REIMBURSEMENT:

The TOTAL COST shall include a minimum of TEN (10) and a maximum of FIFTY (50) presentations, including complete monthly survey evaluation and analysis, and a **FINAL REPORT** due at the end of each contract YEAR and the **FINAL COMPREHENSIVE EVALUATION REPORT** due upon conclusion of the 2-YEAR contract on SEPTEMBER 30, 2018.

The CONSULTANT will provide a detailed cost breakdown that will show the specific costs per presentation.

The CONSULTANT will invoice monthly and be reimbursed based on the number of presentations conducted. It is the CONSULTANT responsibility to collect the "PRE" survey results in advance of each appearance as well as the "POST" results following each appearance. Invoices submitted without "PRE" & "POST" survey results and analysis will **not** be paid. The total contract value may not be paid if the fifty (50) presentations are not conducted by September 30, 2018. **Final reimbursement must be submitted no later than OCTOBER 15th of each Contract Year.** Monthly payment will be withheld if the required monthly progress report is not included with the associated invoice/survey data.

The final payment will be withheld until the **FINAL COMPREHENSIVE EVALUATION REPORT** is submitted to the RIDOT/OHS. This shall include a detailed analysis of all "PRE" and "POST" knowledge for each school visited within each Contract Year. Documentation submitted shall be provided in both electronic and in bound hard copy format (2 COPIES).

EVALUATION AND SELECTION

A Technical Evaluation Committee (TEC) will be convened comprised of RIDOT technical personnel responsible for the project under consideration. While cost is one basic determinant for award, it is neither the sole consideration nor necessarily the principle consideration. Additional technical criteria will also be considered specific to the CONSULTANT'S understanding of the RIDOT requirements as specified in this RFP as well as the qualifications, experience, and organization of the firm and its personnel. Submissions will be concurrently reviewed for acceptance by the federal funding agency for formal concurrence. The TEC'S composite scores for all steps of the evaluation process will comprise the official record for the proposal evaluation process; individual evaluation records will not be available for public inspection at any point during or after the evaluation process.
