SECTION 1. INTRODUCTION

The Rhode Island Department of Administration/Division of Purchases, on behalf of the Division of the Rhode Island Health Benefits Exchange or HealthSource RI (“HSRI”) in the Department of Administration, is soliciting proposals from qualified firms to provide an Actuarial Analysis and Certification Report as well as an Economic Analysis for RI’s 1332 Waiver Application in accordance with the terms of this Request for Proposals (“RFP”) and the State’s General Conditions of Purchase, which may be obtained at the Division of Purchases’ website at www.purchasing.ri.gov.

The initial contract period will begin October 1, 2018 for two years. Contracts may be renewed for up to three additional 12-month periods based on vendor performance and the availability of funds.

This is a Request for Proposals, not a Request for Quotes. Responses will be evaluated on the basis of the relative merits of the proposal, in addition to cost; there will be no public opening and reading of responses received by the Division of Purchases pursuant to this solicitation, other than to name those offerors who have submitted proposals.

Instructions and Notifications to Offerors

1. Potential vendors are advised to review all sections of this RFP carefully and to follow instructions completely, as failure to make a complete submission as described elsewhere herein may result in rejection of the proposal.
2. Alternative approaches and/or methodologies to accomplish the desired or intended results of this RFP are solicited. However, proposals which depart from or materially alter the terms, requirements, or scope of work defined by this RFP may be rejected as being non-responsive.
3. All costs associated with developing or submitting a proposal in response to this RFP or for providing oral or written clarification of its content, shall be borne by the vendor. The State assumes no responsibility for these costs even if the RFP is cancelled or continued.
4. Proposals are considered to be irrevocable for a period of not less than 180 days following the opening date, and may not be withdrawn, except with the express written permission of the State Purchasing Agent.
5. All pricing submitted will be considered to be firm and fixed unless otherwise indicated in the proposal.
6. It is intended that an award pursuant to this RFP will be made to a prime vendor, or prime vendors in the various categories, who will assume responsibility for all aspects of the work. Subcontracts are permitted, provided that their use is clearly indicated in the vendor’s proposal and the subcontractor(s) to be used is identified in the proposal.

7. The purchase of goods and/or services under an award made pursuant to this RFP will be contingent on the availability of appropriated funds.
8. Vendors are advised that all materials submitted to the Division of Purchases for consideration in response to this RFP may be considered to be public records as defined in R. I. Gen. Laws § 38-2-1, *et seq.* and may be released for inspection upon request once an award has been made.
 - a. Any information submitted in response to this RFP that a vendor believes are trade secrets or commercial or financial information which is of a privileged or confidential nature should be clearly marked as such. The vendor should provide a brief explanation as to why each portion of information that is marked should be withheld from public disclosure. Vendors are advised that the Division of Purchases may release records marked confidential by a vendor upon a public records request if the State determines the marked information does not fall within the category of trade secrets or commercial or financial information which is of a privileged or confidential nature.
9. Interested parties are instructed to peruse the Division of Purchases website on a regular basis, as additional information relating to this solicitation may be released in the form of an addendum to this RFP.
10. By submission of proposals in response to this RFP vendors agree to comply with R. I. General Laws § 28-5.1-10 which mandates that contractors/subcontractors doing business with the State of Rhode Island exercise the same commitment to equal opportunity as prevails under Federal contracts controlled by Federal Executive Orders 11246, 11625 and 11375.
 - a. Vendors are required to ensure that they, and any subcontractors awarded a subcontract under this RFP, undertake or continue programs to ensure that minority group members, women, and persons with disabilities are afforded equal employment opportunities without discrimination on the basis of race, color, religion, sex, sexual orientation, gender identity or expression, age, national origin, or disability.
 - b. Vendors and subcontractors who do more than \$10,000 in government business in one year are prohibited from engaging in employment discrimination on the basis of race, color, religion, sex, sexual orientation, gender identity or expression, age, national origin, or disability, and are required to submit an “Affirmative Action Policy Statement.”
 - c. Vendors with 50 or more employees and \$50,000 or more in government contracts must prepare a written “Affirmative Action Plan” prior to issuance of a purchase order.
 - a. For these purposes, equal opportunity shall apply in the areas of recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, termination, and rates of pay or other forms of compensation.
 - b. Vendors further agree, where applicable, to complete the “Contract Compliance Report” (<http://odeo.ri.gov/documents/odeo-eeo-contract-compliance->

[report.pdf](#)), as well as the “Certificate of Compliance” (<http://odeo.ri.gov/documents/odeo-eeo-certificate-of-compliance.pdf>), and submit both documents, along with their Affirmative Action Plan or an Affirmative Action Policy Statement, prior to issuance of a purchase order. For public works projects vendors and all subcontractors must submit a “Monthly Utilization Report” (<http://odeo.ri.gov/documents/monthly-employment-utilization-report-form.xlsx>) to the ODEO/State Equal Opportunity Office, which identifies the workforce actually utilized on the project.

11. For further information, contact Vilma Peguero at the Rhode Island Equal Employment Opportunity Office, at 222-3090 or via e-mail at ODEO.EOO@doa.ri.gov.
12. In accordance with R. I. Gen. Laws § 7-1.2-1401 no foreign corporation has the right to transact business in Rhode Island until it has procured a certificate of authority so to do from the Secretary of State. This is a requirement only of the successful vendor(s). For further information, contact the Secretary of State at (401-222-3040).
13. In accordance with R. I. Gen. Laws §§ 37-14.1-1 and 37-2.2-1 it is the policy of the State to support the fullest possible participation of firms owned and controlled by minorities (MBEs) and women (WBEs) and to support the fullest possible participation of small disadvantaged businesses owned and controlled by persons with disabilities (Disability Business Enterprises a/k/a “DisBE”)(collectively, MBEs, WBEs, and DisBEs are referred to herein as ISBEs) in the performance of State procurements and projects. As part of the evaluation process, vendors will be scored and receive points based upon their proposed ISBE utilization rate in accordance with 150-RICR-90-10-1, “Regulations Governing Participation by Small Business Enterprises in State Purchases of Goods and Services and Public Works Projects”. As a condition of contract award vendors shall agree to meet or exceed their proposed ISBE utilization rate and that the rate shall apply to the total contract price, inclusive of all modifications and amendments. Vendors shall submit their ISBE participation rate on the enclosed form entitled “MBE, WBE and/or DisBE Plan Form”, which shall be submitted in a separate, sealed envelope as part of the proposal. ISBE participation credit will only be granted for ISBEs that are duly certified as MBEs or WBEs by the State of Rhode Island, Department of Administration, Office of Diversity, Equity and Opportunity or firms certified as DisBEs by the Governor’s Commission on Disabilities. The current directory of firms certified as MBEs or WBEs may be accessed at <http://odeo.ri.gov/offices/mbeco/mbe-wbe.php>. Information regarding DisBEs may be accessed at www.gcd.ri.gov.
14. For further information, visit the Office of Diversity, Equity & Opportunity’s website, at <http://odeo.ri.gov/> and *see* R.I. Gen. Laws Ch. 37-14.1, R.I. Gen. Laws Ch. 37-2.2, and 150-RICR-90-10-1. The Office of Diversity, Equity & Opportunity may be contacted at, (401) 574-8670 or via email Dorinda.Keene@doa.ri.gov
15. HIPAA - Under HIPAA, a “business associate” is a person or entity, other than a member of the workforce of a HIPAA covered entity, who performs functions or activities on behalf of, or provides certain services to, a HIPAA covered entity that involves access by the business associate to HIPAA protected health information. A “business associate” also is a subcontractor that creates, receives, maintains, or transmits HIPAA protected health information on behalf of another business associate. The HIPAA rules generally require

that HIPAA covered entities and business associates enter into contracts with their business associates to ensure that the business associates will appropriately safeguard HIPAA protected health information. Therefore, if a Contractor qualifies as a business associate, it will be required to sign a HIPAA business associate agreement

16. Eligible Entity - In order to perform the contemplated services related to HSRI, the vendor hereby certifies that it is an “eligible entity,” as defined by 45 C.F.R. § 155.110, in order to carry out one or more of the responsibilities of a health insurance exchange. The vendor agrees to indemnify and hold the State of Rhode Island harmless for all expenses that are deemed to be unallowable by the Federal government because it is determined that the vendor is not an “eligible entity,” as defined by 45 C.F.R. § 155.110. |

2.2 Overview of the Rhode Island Health Benefits Exchange or HealthSource RI (“HSRI”):

The Patient Protection and Affordable Care Act (Pub. Law 111-148) (the “ACA”) provides for the establishment of a Health Benefits Exchange by each State. The Rhode Island Health Benefits Exchange was established on September 19, 2011 by Executive Order 11-09.

The Rhode Island Health Benefits Exchange, branded HealthSource RI (HSRI), serves two important purposes. First, to negotiate for high-quality, affordable health insurance options on behalf of small businesses and individuals (in order to promote the health of all Rhode Islanders). Second, to be a robust resource for all Rhode Islanders and Rhode Island businesses to learn about and compare the quality and affordability of their health insurance options, enroll in coverage and, if eligible, access Medicaid or federal tax subsidies for coverage.

HSRI seeks to improve the health of Rhode Islanders by adhering to its mission statement and fulfilling its statutory charge to carry out the requirements of the federal ACA. HSRI was established to accomplish three main goals: achieving near universal coverage, favorably impacting the cost of health insurance, and improving the health insurance purchasing process for RI families and employers.

2.3 Overview of Rhode Island’s Insurance Market Progress, Challenges and Opportunities:

Rhode Island has had a long history of supporting and providing publicly-financed or subsidized, affordable, comprehensive health insurance. Building on two decades of improved access to healthcare and coverage through a series of Medicaid expansions and enrollment in Managed Care Health Plans, Rhode Island fully embraced the provisions of the ACA when it was passed in 2010.

Rhode Island has achieved significant progress under the ACA. These milestones include:

- The rate of uninsured has dropped by nearly two-thirds, from almost 12% to 4% today;
- Rhode Island is ranked third-highest in the nation for percentage of children with health insurance coverage and sixth-highest overall;
- Under the ACA’s Medicaid expansion opportunity, Rhode Island has enrolled over 75,000 low-income adults in coverage;
- Over 37,000 Rhode Islanders access commercial health insurance through HSRI’s individual and small group markets;
- Through enhanced form and rate review provided through the ACA, OHIC has reduced proposed premiums by \$236 million since 2012;
- Average HSRI premiums have decreased in two of the last four plan years from 2015-2018, and the lowest benchmark plan cost in the country in 2018;
- Rhode Islanders have benefitted from approximately \$375 million in federal financial assistance provided under the ACA to help make coverage more affordable; and
- Consumers, including individuals, employers and employees, have had a choice of plans and carriers.

However, recent changes under the current federal administration have threatened to undermine the progress RI has made under the ACA, in particular, by increasing the risk of destabilizing the individual market. Some key examples are:

- **The annual Marketplace Open Enrollment Period has been shortened.**
Instead of having 90 days to renew customers and enroll new ones, exchanges now have just 60 days.
- **Cost Sharing Reduction Payments (CSRs) have been defunded.**
Payments are no longer made to carriers, however carriers must continue to make CSR plans available to consumers (plans with lower out-of-pocket expenses).
- **Congress repealed the penalty for individuals who fail to have health insurance.**
The ACA's requirement, or "mandate" for individuals to have coverage is intact, but the federal penalty for ignoring it gets reduced to \$0 beginning in 2019, making the mandate ineffective.
- **Rules propose permitting the sale of non-ACA compliant plans in 2019.**
These rules would allow groups with loose affiliations to band together to purchase Association Health Plans that do not include all ACA benefits and Short Term Limited Duration Plans extending to 12 months. Such changes may shift risk and adversely impact the stability of the individual market.

These recent federal changes and proposals result in serious risks to both the individual and small group insurance markets. These risks include an unbalanced risk pool, premium increases, loss of coverage, and the erosion of key consumer protections and essential benefits.

Many states have responded to these recent federal changes, which can undermine a state's individual and small group insurance markets by considering proposed legislation to enact a state-based penalty for not having health coverage, considering or passing legislation authorizing the state to develop and operate a reinsurance program to stabilize the individual market, as well as considering or passing legislation which directs the state to apply for a 1332 waiver. Three states (MN, OR, AK) have approved 1332 waivers which provide federal pass-thru funds to support the development and operation of a reinsurance program to stabilize the individual market. Several additional states are preparing to submit or have submitted 1332 waiver applications.

These types of state action are needed to protect Rhode Island's success in providing access to affordable, comprehensive health insurance to Rhode Island's individuals, families, and business community.

From April to June, 2018, OHIC and HSRI jointly formed the Market Stability Workgroup ("Workgroup"), which met 8 times. The charge to the Workgroup was to identify and propose sensible, state-based policy options for RI that would protect RI's success thus far by sustaining a balanced insurance risk pool, maintaining a market that is attractive to carriers, consumers, and providers, and protecting coverage gains achieved under the ACA.

The Workgroup reached consensus around a package of three near-term recommendations. The near-term recommendations include: 1) ensuring Rhode Island has proper authority to apply for a 1332 waiver under the ACA to implement a reinsurance program, 2) granting the state authority to regulate Short-Term Limited Duration health plans, and, 3) enacting a state-based shared responsibility requirement as soon as practicable and with broad-based support ("individual mandate"). The group suggested these actions be taken, without delay, to protect Rhode Islanders from unaffordable rate increases.

Additionally, the Workgroup noted that further actions need to be taken, including: 1) work focused on how to fund a state reinsurance program and how to best design and implement a shared responsibility requirement, 2) work to address the underlying drivers of health care costs in the state, 3) consideration for codifying consumer protections into state law, and 4) evaluation of other

affordability programs. The full Workgroup report and recommendations can be found at <https://healthsourceri.com/market-stability-workgroup-2018-meeting-materials/>.

This RFP is posted in furtherance of these recommendations, specifically the 1332 Waiver Application & Certification to CMS, and, if that waiver is successful, assisting RI in administering reinsurance payments to carriers and updating any and all certifications required by CMS in several subsequent years |

SECTION 3: SCOPE OF WORK AND REQUIREMENTS

3.1 General Scope of Work

CMS, and more specifically CCIIO, has issued guidance for state 1332 waiver submissions. Portions of the guidance are specific to state applications for a 1332 waiver to provide funding for a reinsurance program to stabilize a state's individual market. A major component of a 1332 waiver is an Actuarial Analysis and Certification Report completed by a qualified actuarial entity as well as an Economic Analysis.

The main scope of work for this RFP is to complete both an Actuarial Analysis and Certification Report and an Economic Analysis as a component of RI's planned 1332 waiver application. It is anticipated that the successful Vendor will work together with the state by presenting the results of the actuarial and economic analyses, will advise the state on the interpretation and implications of the results as the state makes decisions on the waiver request, and, if the waiver application is successful, assist the state in administering reinsurance payments to carriers by collecting claims data and calculating the reimbursement, updating the annual submissions to CMS required for the annual funding allocation, as well as updating the reinsurance parameters each year based on available funding and claims experience.

The state thus seeks responses from qualified actuarial firms to complete said Actuarial Analysis and Certification Report and Economic Analysis to meet CCIIO's requirements as well as RI's goals and objectives for a 1332 waiver. The proposal must include a detailed analytic plan and timeline for completion of the actuarial and economic analyses.

The Vendor should expect to work in partnership with the State throughout the contract period to obtain access to necessary data, learn more about RI's goals and objectives in formulating its 1332 waiver request, and advise the state on the impact and implications of the results of the analyses regarding the state's options and decisions on the final details of the State's 1332 waiver request.

3.3 Requirements including Minimum Qualifications and Vendor Communication:

Minimum Qualifications -- to qualify for a contract award, a Vendor must have the following:

- At least one member of the Vendor's team must have 5 years of experience as a health actuary;
- At least one member of the Vendor's team must be a qualified health actuary as described in the U.S. Qualification Standards promulgated by the American Academy of Actuaries (Provide membership letter in appendix to proposal);
- At least one member of the Vendor's team must have experience with state and federal health care reforms, including 1332 waivers;
- At least one member of the Vendor's team assigned to this project must have experience completing the same or similar scope of work;
- The Vendor must be in good financial standing and qualified to conduct business in Rhode Island.

Vendor Communications -- the contractor will be expected to attend one initial in-person (or alternative method) meeting to discuss the state's goals and objectives for the 1332 waiver, discuss the analytic approach and methodology for all contracted reports, and discuss specific data needs and data availability for all contracted reports.

The Vendor should plan to communicate as needed with the state's designated contract lead primarily by scheduled or requested conference calls, as well as by email or phone communication as needed.

The Vendor will be expected to attend at least two additional in-person (or alternative method) meetings to present the findings of the report(s), discuss the implications of the findings for RI, and advise the state on specific decisions regarding the state's 1332 waiver request.

Depending on distance and availability of the Vendor's team, the Vendor may propose to conduct the above in-person meetings using an alternative in-person-like method such as video conferencing. The state's interest in this regard will be to schedule such meetings as soon as possible once the materials for review and discussion are available.

3.4 Specific Scope of Work, Tasks, and Deliverables:

TASK 1: Actuarial and Economic Analyses

The Vendor shall provide a certified actuarial analysis and economic analysis that meet the current 1332 waiver guardrail requirements for comparable coverable, affordability, and comprehensiveness, as provided in 31 CFR part 33 and 45 CFR part 155 subpart N as

published on 2/27/2012 and with additional guidance published on 12/16/2015. The analyses should specify annual and cumulative targets with respect to each of the current guardrails. The state plans to submit the 1332 waiver within six (6) months of the contract effective date. Task 1 should be completed sufficiently in advance to allow the state to incorporate the results into the application itself and comply with 1332 guidelines for public comment.

Subtask 1.1: Data Request and Final Proposed Analytic Methodology for Actuarial Analysis

The contractor will present and discuss the analytic methodology proposed for the Actuarial Analysis and Certification Report, which was provided as part of the proposal, to HSRI. The Vendor will also present its proposed data needs to the state, based on the proposed methodology. This presentation and discussion with the state concerning data availability will include a detailed data request and a final proposed analytic methodology for the Analytic Analysis and Certification Report.

Subtask 1.2: Conduct Analytical Work and Write Actuarial Report

After receiving the data requested from the state, the Vendor will conduct the analysis, and produce and provide a draft of the Actuarial Analysis and Certification Report. The Vendor will then present and discuss the report findings with the state team. Following discussion(s) with the state team, the Vendor will provide the Final report. The Final Report will belong to the state, which will have the right to publish, disclose or otherwise use, and authorize others to use, the resulting report.

The Actuarial Analysis and Certification Report will support the state's finding that the waiver complies with the coverage, comprehensiveness, and affordability requirements in each year of the waiver. It must contain the following components at a minimum:

- a. The data and assumptions that the state relied upon to determine the effect of the waiver on coverage, comprehensiveness, affordability;
- b. A comprehensive description of the parameters of the reinsurance arrangement, including projected funding levels. This analysis should include building a model able to provide outputs over a range of scenarios regarding potential limitations in available state funds as specified by the state;
- c. An analysis of the impact of a state-operated reinsurance program under the waiver. For this analysis, the Vendor should use a baseline in which there is no state or federal funding for a state reinsurance program and should compare premiums and coverage under the baseline for each year to those projected under the waiver (i.e. with a reinsurance program with funding). Data used to produce these projections might include overall and Second Lowest Cost Premium (SLCSP) and enrollment information for a recent plan year;
- d. An actuarial comparison of coverage, comprehensiveness, and affordability under the waiver to those measures absent the waiver (the baseline) for each year of the waiver;
 - Coverage: The Vendor shall perform an actuarial analysis to forecast whether or not the 1332 waiver proposal provides coverage to a comparable number of state residents as would have coverage absent the waiver for each year the waiver would be in effect;

- **Comprehensiveness:** The Vendor shall perform an actuarial analysis to forecast whether or not the 1332 waiver proposal is as comprehensive overall for state residents as coverage absent the waiver for each year the waiver would be in effect. Comprehensiveness refers to the scope of benefits provided by the coverage as measured by the extent to which coverage meets the requirements for essential health benefits (EHBs) as defined in section 1302(b) of the ACA, or as appropriate, if being waived under the proposal;
 - **Affordability:** The Vendor shall perform an actuarial analysis to forecast whether or not the 1332 waiver proposal is as affordable overall for state residents as coverage absent the waiver for each year the waiver would be in effect. Affordability refers to state residents' ability to pay for health care and generally is measured by comparing residents' net out-of-pocket spending (i.e. premiums, deductibles, co-pays, and co-insurance) for health coverage and services to their incomes;
- e. A projection of the following items separately under both a 'without-waiver' scenario and a 'with-waiver' scenario:
- Number of individual market enrollees by income as a share of FPL (0% - 99%, ≥100% to ≤150%, >150% to ≤200%, >200% to ≤250%, >250% to ≤300%, >300%- ≤400%, and greater than 400% of FPL), by PTC-eligibility, and by plan;
 - Overall average non-group market premium rate;
 - Second Lowest Cost Silver Plan rate for a representative consumer (e.g., a 21-year old);
 - Aggregate premiums and PTC amounts;
 - Documentation of the assumptions and methodology used in the projections.

Subtask 1.3: Economic Analysis

The Vendor will provide an economic analysis in tandem with the actuarial analysis that meets the current 1332 waiver guardrail requirement for deficit neutrality as provided in 31 CFR part 33 and 45 CFR part 155 subpart N as published on 2/27/2012 and with additional guidance published on 12/16/2015. This economic analysis shall support the state's finding that the waiver will not increase the federal deficit over the five-year waiver period or in total over the ten-year budget period.

The Vendor will present and discuss the analytic methodology proposed for the economic analysis to the state. The Vendor will also present its data needs to the state, based on the proposed methodology. Subsequent to this presentation and discussion with the state concerning data availability, the Vendor will provide a detailed data request, if needed, and a final proposed analytic methodology for the economic analysis. After receiving the data requested from the state, the Vendor will conduct analytic work and report writing, and will provide a draft of the Economic Analysis if contracted for this special enhancement task. The Vendor will then present and discuss the report findings with the state team. Following discussion(s)

with the state team, the Vendor will provide final report(s). The final report(s) will belong to the State, which will have the right to publish, disclose or otherwise use and authorize others to use the resulting report.

The Economic Analysis and Report will contain the following components at a minimum:

- a. An analysis to forecast whether or not projected federal spending net of federal revenues under the 1332 waiver proposal is equal to or lower than projected federal spending net of federal revenues in the absence of the waiver. The effect on federal spending must include all changes in insurance marketplace financial spending and other direct spending. The economic analysis must net federal spending and revenues under the waiver to those measures absent the waiver (the baseline) for each year of the waiver. The analysis should include an estimate and the impact of the health insurance provider fee and shared responsibility payments for employers;
- b. Documentation of the data, assumptions and methodology used to determine the effect of the waiver on deficit neutrality requirements;
- c. A deficit analysis, including yearly changes in the federal deficit (that is, revenues less spending) due to the waiver. It should include a description of all costs associated with the program, including federal administrative costs, foregone tax collections, and any other costs that the federal government might incur;
- d. A general discussion of potential macroeconomic impacts to the state.

Subtask 1.4: CMS Technical Questions and Modifications

Any further negotiation and finalization of 1332 Waiver Special Terms and Conditions with CMS. CMS may have questions about the technical reports, may ask for technical modifications to the state's waiver proposal which requires the expertise of the Vendor, or may present proposals as part of the 1332 Special Terms and Conditions negotiation process which may require the Vendor's advice. Should the state need the assistance of the Vendor to address such potential CMS requests in a timely manner, it will be critical that the state have the flexibility to immediately request assistance from the same team.

Task 2: On-Going Administrative and Actuarial Work to Support a Successful 1332 Waiver

Subtask 2.1: Plan for Administration of Reinsurance Payments

Within 3 months of CMS approval of RI's 1332 waiver request, the Vendor will submit a detailed plan for the state administration of reinsurance payments to carriers in each year of the waiver. The plan will include the following with an accompanying timeline:

- Detailed content for data requests;
- Steps that the contractor will take to analyze the data, calculate reimbursement, and document results for the state and the carriers;
- Plan for presentation of the results to the state;
- Recommended steps to involve the carriers, such as verification of sufficient accuracy and completeness of the data as well as presentation of the methodology, analysis, and reimbursement results to each carrier;
- Process and timeline to update the reinsurance parameters each year based on available funding and claims experience, and present the results to the state and to the carriers (by conference call).

Subtask 2.2: Annual Waiver Report

The Vendor will prepare an annual 1332 waiver report to CMS in accordance with the requirements under the approved waiver.

- The Vendor will submit an annual data request to the state to receive data necessary to complete the analysis required for the report.
- The report will comply with Reporting Requirements under CMS's Special Terms and Conditions under the waiver.
- The report will demonstrate whether the waiver remains in compliance with the scope of coverage, affordability, comprehensiveness and deficit requirements.
- The report will include the actual Second Lowest Cost Silver Plan premium under the waiver and an estimate of the premium as it would have been without the waiver, for a representative consumer in each rating area.
- If there are any relevant changes to federal or state law made within the reporting year, the Vendor will so indicate and include an explanation of the impact of the change in statute on RI's reinsurance program and the waiver report.
- The report will be submitted to the state 21 days before the CMS deadline.
- Within 7 days of the report submission, the Vendor will arrange a presentation of the analysis to the state by videoconference or by phone. The presentation will include implications of the analysis on future funding.
- If any changes to the report are agreed to during or soon after the presentation, the Vendor will submit a revised report within 7 days of the presentation to the state.
- Within 7 days of the report submission, the Vendor will arrange a presentation of the analysis to the state by videoconference or by phone. The presentation will include implications of the analysis on future funding.

Subtask 2.3: Update Annual Reinsurance Parameters

Under the approved waiver, the contractor will update the annual reinsurance parameters. This will be done in conjunction with the CMS annual report preparation and presentation (Subtask 2.2):

- In accordance with the state-accepted process and timeline, and using data requested (Subtask 2.2), the Vendor will provide an update of recommended reinsurance parameters. This update will be provided each year, and it will be based on available funding and claims experience.
- The Vendor will present the methodology, analysis, conclusions, and recommendations for the annual update to the reinsurance parameters to the state

along with the presentation of the annual report. The Vendor will also present the methodology, analysis, and resulting updated reinsurance parameters to each carrier.

Subtask 2.4: Assist State with Administration of Reinsurance Payments

In accordance with the state's accepted version of the detailed plan described above, the Vendor will assist the state in administering any reinsurance payments to carriers.

- This task includes collecting and analyzing claims data and calculating the federal "pass-through" reimbursement.
- The Vendor will submit data requests, analyze data, and provide reports and presentations to the state and carriers for each year of the approved waiver.
- In addition to reports and presentations, the Vendor will provide the state with documentation of analytic methodology.

Task 3. Special Enhancement Task

In addition to the tasks identified above, should additional funding become available the State reserves the option to direct additional tasks to support the overall scope of this project. It is critical that the state have the flexibility to bring on additional technical assistance and expertise, in a timely manner, to perform activities which require similar expertise and work functions as those in Section I: Scope of Work.

The decision to use services under this Special Enhancement will be solely at the State's request, and will be for specific enhanced activities not already included under the RFP. These optional activities will be defined, and agreed to in writing, by both the State and the vendor, before any enhanced work begins. There is no commitment on the part of the State to use any or all special projects/enhanced activities. All bidders must bid on the Special Enhancement using the hourly rates established in the award. Tasks should be bid and paid on a fully-loaded, time and materials basis for all personnel and subcontractors used to complete the optional task(s). This work must, support but not duplicate, the work described in the technical proposal's scope of work. This work cannot exceed 10% of the initial award. Should new funding become available the Purchasing Agent would need to authorize payments in excess of 10% of the contract for special enhancements. The awarded vendor shall not perform any special enhanced activities without receiving a formal change order issued by the Division of Purchases. |

SECTION 4: PROPOSAL

A. Technical Proposal

Narrative and format: The proposal should address specifically each of the following elements:

1. Staff Qualifications:

The Vendor should identify the proposed Project Director and other staff and describe how their qualification and experience meet the requirements of this RFP. For each staff member (and subcontractor) included in the workplan, please provide the name, background, and experience for each named role. The State expects that the Vendor will build a team of actuarial and non-actuarial resources sufficient to execute all tasks, and, in particular, Task 2's administrative sub-tasks, most

efficiently. The Vendor should describe its procedures to notify the state of staff changes 14 days before the changes occur.

In this section, the Vendor should describe how it will meet the minimum staffing qualification requirements below (from Section 3.1):

- 1) At least one member of the Vendor's team must have five (5) years of experience as a health actuary;
- 2) At least one member of the Vendor's team must be a qualified health actuary as described in the U.S. Qualification Standards promulgated by the American Academy of Actuaries pursuant to the Code of Professional Conduct and who is a member of the American Academy of Actuaries (Provide membership letter in appendix to proposal);
- 3) At least one member of the Vendor's team must have experience with state and federal health care reforms, including 1332 waivers;
- 4) At least one member of the Vendor's team assigned to this project must have experience completing the same or similar scope of work.

2. Capability, Capacity, and Qualification of the Vendor:

The Vendor should describe its qualifications and capability to successfully perform the functions required in this RFP and why it may be uniquely qualified to conduct and write an Actuarial Analysis and Certification Report as well as an Economic Analysis for RI's 1332 waiver application.

Specifically, the Vendor should address the following:

- Description of the Vendor, and its subcontractors, regarding the type of organization and ownership, historical perspective of organization, size of company/organization, national recognitions, actuarial certifications, and any other information that the Vendor deems appropriate;
- A substantial description of the Vendor's ability to conduct and write an actuarial analysis and certification report, as well as an economic analysis, for a 1332 waiver application in Rhode Island;
- A description of the Vendor's experience, including a minimum of three references from prior work conducting actuarial analysis and certification for a federal waiver application for a state health program such as Medicaid or State Marketplace. For each reference, include the Agency, contact person, e-mail address, address, telephone number, and a description of the work;
- The Vendor must demonstrate an understanding and knowledge of the RI environment, the conditions surrounding this procurement, the goals and structure of both the actuarial analysis and certification and budget neutrality calculations, and how, together, they will be used to drive policy decisions regarding the 1332 waiver application;
- The Vendor must describe its functional capability and technical capacity to perform the tasks as required under this procurement and describe the organizational unit(s) responsible to

administer the elements of the contract. The Vendor should append an organizational chart to their proposal;

- The Vendor must describe its financial viability (as well as any adverse factors that may affect the Vendor's financial viability including but not limited to bankruptcy proceedings, major lawsuits, fines, etc.);
- The Vendor must describe its ability to be ready to begin the tasks outlined in this RFP by the stated contract commencement date and its continued commitment of resources to this project for the duration of the project.

The Vendor may provide other information it believes is significantly related to its ability to conduct and write an actuarial analysis and certification report as well as an economic analysis for a 1332 waiver application for Rhode Island. Note that strong preference will be given to Vendors who have completed an actuarial analysis and certification report which resulted in a successfully approved 1332 waiver.

3. Work Plan:

The Vendor must append a detailed workplan to complete all tasks, excluding Special Enhancement Tasks, in this contract. It should include separate and specific timelines showing contractor activities for each required task. The Vendor should also include total estimated hours for each task by filling in Attachment B (Estimated Hours in Work Plan). The work plan does not count toward the page limitations.

4. Technical Approach Proposed:

The Vendor must describe the methodology that will be used to meet the requirements of this procurement. The Vendor should include in their proposed technical approach how it will maintain on-going communications with the state on a regular basis, the proposed analytic methodology to conduct and write an actuarial analysis and certification report, as well as prepare and write an economic analysis to accompany said actuarial analysis. The Vendor must provide a detailed description of the processes the Vendor plans to use for each of the reports, including proposed data sources and analytic methods. Also, the Vendor should describe any anticipated challenges in meeting any of the Vendor's responsibilities and proposed solutions to those challenges.

Although conducting and writing an actuarial analysis and certification report as well as an economic analysis are key tasks under this RFP, the state will rely on the Vendor's expertise and experience in interpreting the results of the actuarial and economic analyses. The Vendor will advise the state on how the implications of the findings for RI will impact policy decisions, strategy and direction for the state's overall market stabilization plan, and, in particular, for the policy decisions and specific waiver requests in the 1332 waiver application. The Vendor needs to describe its expertise, experience, and its plan on how it will advise the state on specific decisions regarding the state's 1332 waiver request and overall market stabilization.

B. Cost Proposal

Using "Appendix C: Cost Form," provide a sealed and separate cost proposal for fees charged for the actuarial and administrative services outlined in this proposal. The cost amount on page one of Appendix C: Cost Form should indicate the lump sum amount for all actuarial and administrative services as described. This lump sum amount total must be supported

by a schedule of hourly rates and estimated time for each level of staff assigned to the actuarial analysis using page 2 of Appendix C: Cost Form. The state expects the hourly total for Task 1 not to exceed 300 hours. Do not include any travel or other reimbursable cost, or other additional compensation, except as included in the hourly rates for the fiscal year.

C. ISBE Proposal

See Appendix A for information and the MBE, WBE, and/or Disability Business Enterprise Participation Plan form(s). Bidders are required to complete, sign and submit these forms with their overall proposal in a sealed envelope. Please complete separate forms for each MBE, WBE and/or Disability Business Enterprise subcontractor/supplier to be utilized on the solicitation.

SECTION 5: EVALUATION AND SELECTION

Proposals shall be reviewed by a technical evaluation committee (“TEC”) comprised of staff from State agencies. The TEC first shall consider technical proposals.

Technical proposals must receive a minimum of 55 (78.6%) out of a maximum of 70 points to advance to the cost evaluation phase. Any technical proposals scoring less than 55 points shall not have the accompanying cost or ISBE participation proposals opened and evaluated. The proposal will be dropped from further consideration.

Technical proposals scoring 55 points or higher will have the cost proposals evaluated and assigned up to a maximum of 30 points in cost category bringing the total potential evaluation score to 100 points. After total possible evaluation points are determined ISBE proposals shall be evaluated and assigned up to 6 bonus points for ISBE participation.

The Division of Purchases reserves the right to select the vendor(s) or firm(s) (“vendor”) that it deems to be most qualified to provide the goods and/or services as specified herein; and, conversely, reserves the right to cancel the solicitation in its entirety in its sole discretion.

Proposals shall be reviewed and scored based upon the following criteria:

Criteria	Possible Points
Staff Qualifications	20 Points
Capability, Capacity, and Qualifications of the Offeror	20 Points
Work Plan	10 Points
Technical Approach Proposed	20 Points
Total Possible Technical Points	70 Points
Cost proposal*	30 Points
Total Possible Evaluation Points	100 Points

ISBE Participation**	6 Bonus Points
Points	Total Possible 106 Points

***Cost Proposal Evaluation:**

The vendor with the lowest cost proposal shall receive one hundred percent (100%) of the available points for cost. All other vendors shall be awarded cost points based upon the following formula:

$$(\text{lowest cost proposal} / \text{vendor's cost proposal}) \times \text{available points}$$

For example: If the vendor with the lowest cost proposal (Vendor A) bids \$65,000 and Vendor B bids \$100,000 for monthly costs and service fees and the total points available are thirty (30), Vendor B's cost points are calculated as follows:

$$\$65,000 / \$100,000 \times 30 = 19.5$$

****ISBE Participation Evaluation:**

a. Calculation of ISBE Participation Rate

1. ISBE Participation Rate for Non-ISBE Vendors. The ISBE participation rate for non-ISBE vendors shall be expressed as a percentage and shall be calculated by dividing the amount of non-ISBE vendor's total contract price that will be subcontracted to ISBEs by the non-ISBE vendor's total contract price. For example if the non-ISBE's total contract price is \$100,000.00 and it subcontracts a total of \$12,000.00 to ISBEs, the non-ISBE's ISBE participation rate would be 12%.
2. ISBE Participation Rate for ISBE Vendors. The ISBE participation rate for ISBE vendors shall be expressed as a percentage and shall be calculated by dividing the amount of the ISBE vendor's total contract price that will be subcontracted to ISBEs and the amount that will be self-performed by the ISBE vendor by the ISBE vendor's total contract price. For example if the ISBE vendor's total contract price is \$100,000.00 and it subcontracts a total of \$12,000.00 to ISBEs and will perform a total of \$8,000.00 of the work itself, the ISBE vendor's ISBE participation rate would be 20%.

b. Points for ISBE Participation Rate:

The vendor with the highest ISBE participation rate shall receive the maximum ISBE participation points. All other vendors shall receive ISBE participation points by applying the following formula:

$$(\text{Vendor's ISBE participation rate} \div \text{Highest ISBE participation rate} \\ \times \text{Maximum ISBE participation points})$$

For example, assuming the weight given by the RFP to ISBE participation is 6 points, if Vendor A has the highest ISBE participation rate at 20% and Vendor B's ISBE participation rate is 12%, Vendor A will receive the maximum 6 points and Vendor B will receive $(12\% \div 20\%) \times 6$ which equals 3.6 points.

General Evaluation:

Points shall be assigned based on the vendor's clear demonstration of the ability to provide the requested goods and/or services. Vendors may be required to submit additional written information or be asked to make an oral presentation before the TEC to clarify statements made in the proposal.

In the event the State or the Contractor gives notice of its intent not to renew this Agreement, the State shall have the right to extend all or any services to be performed under this Agreement for an additional period of one hundred and eighty (180) days, or such longer period as mutually agreed by the parties in writing.

PAR. 4. PROJECT OFFICER – STATE

The State shall appoint a Contract Officer to manage this Agreement. PAR. 5. PROJECT OFFICER – CONTRACTOR

The Contractor shall appoint a Project Officer to be responsible for coordinating and reporting work performed by the Contractor agency under this Agreement. the State.

PAR. 6. BUDGET

Total payment for services to be provided under this Agreement shall not exceed the total budget as detailed in **ADDENDUM II**. Expenditures exceeding budget line-item categories by ten percent (10%) shall not be authorized unless prior written approval is first obtained pursuant to **PAR. 10. - MODIFICATION OF AGREEMENT**, subject to the maximum amount of this Agreement as stated above.

PAR. 7. METHOD OF PAYMENT AND REPORTS

The State will make payments to the Contractor in accordance with provisions of **ADDENDUM III - PAYMENTS AND REPORTS SCHEDULE** attached hereto and incorporated by reference herein. PAR. 8. TERMINATION AND/OR DEFAULT OF AGREEMENT

This Agreement shall be subject to termination under any of the following conditions:

- a) Mutual Agreement
The contracting parties mutually agree in writing to termination.
- b) Default by Contractor
The State may, by not less than thirty (30) days prior written notice to the Contractor, terminate the Contractor's right to proceed as to the Agreement if the Contractor:
 - 1. Materially fails to perform the services within the time specified or any extension thereof; or
 - 2. So fails to make progress as to materially endanger performance of the Agreement in accordance with its terms; or
 - 3. Materially breaches any provision of this Agreement.Termination, at the option of the State shall be effective not less than thirty (30) days after receipt of such notice, unless the Contractor shall have corrected such failure(s) thirty (30) days after the receipt by the Contractor of such written notice; any failure which, in the exercise of due diligence, cannot be cured within such thirty (30) day period shall not be deemed a default so long as the Contractor shall within such period commence and thereafter continue diligently to cure such failure.
- c) Termination in the Interest of the State
The State may terminate this agreement at any time by giving written notice to the Contractor of such termination and specifying the effective date thereof, not less than thirty (30) days prior to the effective date of such termination. In such event, all finished or unfinished documents and other materials shall, at the option of the State, become its property. If the agreement is terminated by the State as provided

herein, the Contractor will be paid an amount which bears the same rate to the total compensation as the services actually performed bear to the total services of the Contractor covered by this Agreement, less payment of compensation previously made.

d) Availability of Funds

It is understood and agreed by the parties hereto that all obligations of the State, including the continuance of payments hereunder, are contingent upon the availability and continued appropriation of State and Federal funds, and in no event shall the State be liable for any payments hereunder in excess of such available and appropriated funds. In the event that the amount of any available or appropriated funds provided by the State or Federal sources for the purchase of services hereunder shall be reduced, terminated or shall not be continued at an aggregate level sufficient to allow for the purchase of the specified amount of services to be purchased hereunder for any reason whatsoever, the State shall notify the Contractor of such reduction of funds available and the State shall be entitled to reduce its commitment hereunder as it deems necessary, but shall be obligated for payments due to the Contractor up to the time of such notice. None of the provisions of this paragraph shall entitle the State to compensation for anticipated profits for unperformed work.

PAR. 9. RESPONSIBILITIES UPON TERMINATION AND/OR DEFAULT OF AGREEMENT

Upon delivery to the Contractor of a notice of termination, specifying the nature of the termination, the extent to which performance of work under this contract is terminated, and the date upon which such termination becomes effective, the Contractor shall:

1. Stop work under this contract on the date and to the extent specified in the notice of termination.
2. Take such action as may be necessary, or as the State's project manager may reasonably direct, for the protection and preservation of the property related to this contract which is in the possession of the Contractor and in which the State has or may acquire an interest.
3. Terminate all orders to the extent that they relate to the performance of work terminated by the notice of termination.
4. Subject to the provisions of this paragraph, assign to the State in the manner and to the extent directed by the State's project officer all of the rights, title, and interest of the Contractor under the orders so terminated, in which case the State shall have the right, at its discretion, to settle or pay any or all claims arising out of the termination of such orders, however, notwithstanding this provision, the Contractor will not be obligated to assign any such rights, title or interest in the absence of payment therefore by the State.
5. With the approval or ratification of the State's project manager, initiate settlement of all outstanding liabilities and all claims, arising out of such termination of orders, the cost of which would be reimbursable in whole or in part, in accordance with the provisions of this contract. Prior to a final settlement of said outstanding liabilities and claims arising out of such termination, final written approval of the State's project manager must be obtained. Final approval by the State shall not be unreasonably

withheld.

6. Subject to the provisions of this paragraph, transfer title, or if the Contractor does not have title, then transfer their rights to the State (to the extent that title has not already been transferred) and deliver in the manner, at reasonable times, and to the extent reasonably directed by the State's project manager all files, processing systems, data manuals, or other documentation, in any form, that relate to all the work completed or in progress prior to the notice of termination.
7. Complete the performance of such part of the work as shall not have been terminated by the notice of termination. The Contractor shall proceed immediately with the performance of the above obligations notwithstanding any delay in determining or adjusting the amount of any item of reimbursable price under this clause.
8. Unless terminated by the State for default of the Contractor, the Contractor shall be entitled to reasonable account shut down expenses associated with such termination including the penalties associated with early termination of lease, software, hardware, and any other unamortized or incremental expenses accrued but not charged, excluding anticipated profits which shall not be reimbursed. The Contractor shall submit all identified shut down expenses associated with such termination incurred before and prior to the termination date. Any damages to the State shall offset any shutdown expenses to the State.
9. The Contractor acknowledges and agrees the services and/or deliverables provided under this Agreement are very important to the State and that upon expiration or termination of the Agreement, must be continued without interruption whether by the State, the State, governmental agency or another private entity ("successor entity"). Prior to the end of the Termination and up to sixty (60) days thereafter, the Contractor agrees to make an orderly transition of contract and/or deliverables hereunder and to perform any and all tasks in good faith that are necessary to preserve the integrity of the work performed by the Contractor on behalf of the State. Upon termination or expiration of the Agreement, the Contractor, shall, if requested by the State at least thirty (30) days prior to such termination or expiration, provide reasonable training for the successor entity and/or continued performance of services. For providing such training or continued performance after the Term of the Agreement, the State shall pay the Contractor at mutually agreed rates for personnel used in providing such training and/or services unless services delivered are already defined herein and rates established then such rates shall apply for such period. Should any missing data, materials, documents, etc., be discovered after expiration or termination, a grace period of one hundred and twenty (120) days shall be in effect during which the data, materials, documents, etc., is to be provided at a predetermined cost or at no additional cost if the Contractor caused the loss. Lost data shall be provided to the State in form acceptable to the State.

If a stop work order issued under this clause is canceled or the period of the stop work order or any extension thereof expires, the Contractor shall resume work. The State shall make an equitable adjustment in the delivery schedule, the Agreement price, or both, and the agreement shall be modified, in writing, accordingly, if:

- a) The stop work order results in an increase in the time required for, or in the Contractor's cost properly allocable to the performance of any part of this agreement; and
- b) The Contractor asserts its right to an equitable adjustment within ninety (90) days after the end of the period of work stoppage; provided, that if the state decides the facts justify the action, the state may receive and act upon a proposal submitted at any time before final payment under this Agreement.

The State shall not be liable to the Contractor for loss of profits because of a stop work order issued under this clause, however, unless termination is for a default by the Contractor, the Contractor shall have the right to recover costs associated with maintaining the personnel, leases and equipment during the period of time the stop work order was in effect that cannot otherwise be reasonably utilized by the Contractor during the stop work period.

If the agreement is terminated for default, following a reasonable notice and cure period not to exceed thirty (30) days unless agreed to by both parties, the State may withhold payment of any amount in excess of fair compensation for the work actually completed by the Contractor prior to termination of this Agreement and will be entitled to pursue all of its other available legal remedies against the Contractor. Notwithstanding the above, the Contractor shall not be relieved of liability to the State for damages sustained by virtue of any breach of this Agreement by the Contractor.

The Contractor's liability to the State for any damages arising out of or related to this Agreement, regardless of the form of action that imposes liability, whether in contract, equity, negligence, intended conduct, tort or otherwise, will be limited to and will not exceed, in the aggregate for all claims, actions and causes of action of every kind and nature, the total fees paid by the State to the Contractor under this Agreement. The exception to this limitation of liability is with regard to any direct damages incurred by the State due to the intentional tortious actions of the Contractor in the performance or nonperformance of its obligations under this Agreement. Also, there should be no limitation of the Contractor's liability for disclosure of confidential information or intellectual property infringement. Neither party shall be liable for any amounts for loss of income, profit or savings or incidental, consequential, indirect, exemplary, punitive, or special damages of any party, including third parties arising out of or related to this Agreement; provided, however, that the foregoing shall not be deemed to limit in any way the provisions of **ADDENDUM XIII - LIQUIDATED DAMAGES** of this Agreement.

The imposition of liquidated damages shall not limit the State's rights to pursue any other non-monetary remedies available to it.

The State may, by written notice of default to the Contractor, provide that the Contractor may cure a failure or breach of this contract within a period of thirty (30) days (or such longer period as the State's agreement administrator or project manager may authorize in writing), said period to commence upon receipt of the notice of default specifying such failure or breach. The State's exercise of this provision allowing the Contractor time to cure a failure or breach of this Agreement does not constitute a waiver of the State's right to

terminate this Agreement, without providing a cure period, for any other failure or breach of this Agreement.

In the event the Contractor has failed to perform any substantial obligation under this Agreement, or has otherwise committed a breach of this Agreement, the State may withhold all monies due and payable to the Contractor directly related to the breach, without penalty, until such failure is cured or otherwise adjudicated.

Assurances before breach

a) If documentation or any other deliverables due under this contract are not in accordance with the contract requirements as reasonably determined by the project manager, upon the State's request, the Contractor, to the extent commercially reasonable, will deliver additional the Contractor resources to the project in order to complete the deliverable as required by the agreement as reasonably determined by the State and to demonstrate that other project schedules will not be affected. Upon written notice by the State's project manager of the State's concerns regarding the quality or timeliness of an upcoming deliverable, the Contractor shall, within five (5) business days of receipt of said notice, submit a corrective action plan documenting the Contractor's approach to completing the deliverable to the satisfaction of the State's project officer without affecting other project schedules. The State's project manager, within five (5) business days of receipt of the corrective action plan, shall approve the plan, reject the plan, or return the plan to the Contractor with specific instructions as to how the plan can be modified to merit approval and a specific time period in which the revised plan must be resubmitted.

Nothing in the language contained in "limitation of liability" article, "Contractor's liability for injury to person's or damage to property" article and "indemnification" article shall be construed to waive or limit the state or federal sovereign immunity or any other immunity from suit provided by law including, but not limited to Rhode Island General Laws, Title 9 Chapter 31, "Governmental Tort Liability."

State's options at termination

In the event the State terminates this contract pursuant to this paragraph, the State may at its option:

a) Retain all or a portion of such hardware, equipment, software, and documentation as has been provided, obtaining clear title or rights to the same, and procure upon such terms and in such manner as the State's project manager may deem appropriate, hardware, equipment, software, documentation, or services as are necessary to complete the project; or

b) Notwithstanding the above, except as otherwise agreed, nothing herein shall limit the right of the State to pursue any other legal remedies against the Contractor.

In order to take into account any changes in funding levels because of executive or legislative actions or because of any fiscal limitations not presently anticipated, the State may reduce or eliminate the amount of the contract as a whole with the scope of services being reduced accordingly, or subject to agreement by the parties concerning the scope and pricing, reduce or eliminate any line item(s).

Notwithstanding the terms, conditions and/or requirements set out in Paragraphs 7 and 8, the Contractor shall not be relieved of liability to the State for damages sustained by the State by virtue of any breach of the Agreement by the Contractor, and the State may withhold payment to the Contractor for the purpose of setoff until such time as the exact amount of damages due the State from the Contractor is determined.

PAR. 10. MODIFICATION OF AGREEMENT

The State may permit changes in the scope of services, time of performance, or approved budget of the Contractor to be performed hereunder. Such changes, which are mutually agreed upon by the State and the Contractor, must be in writing and shall be made a part of this agreement by numerically consecutive amendment excluding “Special Projects”, if applicable, and are incorporated by reference into this Agreement. No changes are effective unless reflected in an approved change order issued by the State’s Division of Purchases.

Special Projects are defined as additional services available to the State on a time and materials basis with the amounts not to exceed the amounts referenced on the Contractor’s RFP cost proposal or as negotiated by project or activity. The change order will specify the scope of the change and the expected completion date. Any change order shall be subject to the same terms and conditions of this Agreement unless otherwise specified in the change order and agreed upon by the parties. The parties will negotiate in good faith and in a timely manner all aspects of the proposed change order.

PAR. 11. SUBCONTRACTS

It is expressly agreed that the Contractor shall not enter into any subcontract(s) nor delegate any responsibilities to perform the services listed in this Agreement without the advanced, written approval of the State. If in **ADDENDUM XVI – BID PROPOSAL**, the Bid Proposal permits Subcontracting, the Contractor must provide the name and the extent of services provided by the Subcontractor in the **BUDGET** paragraph 6, and more fully explained in **ADDENDUM II** of this Agreement, and as further agreed to by the State and the Contractor in **ADDENDUM IX – SUBCONTRACTOR COMPLIANCE**, which is incorporated by reference herein, and which outlines the expectations and requirements of subcontracted vendors to this Agreement.

If the Contractor subsequently needs to enlist the services of a Subcontractor, the Contractor shall obtain prior written approval of the State. Approval of the State for the Contractor to enter into subcontracts to perform the services or obligations of the Contractor pursuant to this Agreement shall not be unreasonably withheld. Nothing in this Agreement or in a subcontract or sub-agreement between the Contractor and subcontractors shall create any contractual relationship between the subcontractor and the State. Approval by the State of the Contractor’s request to subcontract shall not relieve the Contractor of its responsibilities under this contract and the Contractor shall therefore remain responsible and liable to the State for any conduct, negligence, acts and omissions, whether intentional or unintentional, by any subcontractor

The positions named by the Contractor and detailed in **ADDENDUM XVII – CORE STAFF POSITIONS**, which is incorporated by reference herein, will be considered core project staff positions for this project. The Contractor will not alter the core project team or use an independent contractor, company or subcontractor to meet required deliverables without the prior written consent of the State’s project officer or other appointed designee(s) for which consent shall not be unreasonably withheld.

Failure to comply with the provisions of this Paragraph could result in denial of reimbursement for such non-approved sub-contracts.

PAR. 12. CONTRACTOR’S LIABILITY/INDEMNIFICATION

The Contractor shall indemnify and hold the State of Rhode Island, its departments, agencies, branches and its or their officers, directors, agents or employees (together the “Indemnitees” and their subcontractors) harmless against claims, demands, suits for judgments, losses or reasonable expenses or costs of any nature whatsoever (including actual reasonable attorney’s fees) to the extent arising in whole or part from the Contractor’s willful misconduct, negligence, or omission in provision of services or breach of this Agreement including, but not limited to, injuries of any kind which the staff of the Contractor or its subcontractor may suffer directly or may cause to be suffered by any staff person or persons in the performance of this Agreement, unless caused by the willful misconduct or gross negligence of the Indemnitees.

The Contractor shall indemnify and hold the State of Rhode Island, its departments, agencies, branches and its or their officers, directors, agents or employees (together the “Indemnitees” and their subcontractors”) harmless against claims, demands, suits for judgments, losses or reasonable expenses or costs of any nature whatsoever (including actual reasonable attorney’s fees) to the extent arising in whole or part for infringement by the Contractor of any intellectual property right by any product or service provided hereunder.

Nothing in this agreement shall limit the Contractor’s liability to indemnify the State for infringements by the Contractor of any intellectual property right.

Nothing in the language contained in this Agreement shall be construed to waive or limit the State or federal sovereign immunity or any other immunity from suit provided by law including, but not limited to Rhode Island General Law, Title 9, Chapter 31 et al., entitled “Governmental Tort Liability.”

PAR. 13. NONDISCRIMINATION IN EMPLOYMENT AND SERVICES

By signing this Agreement, the Contractor agrees to comply with the requirements of Title VI of the Civil Rights Act of 1964 (42 USC 2000d et seq.); Section 504 of the Rehabilitation Act of 1973, as amended (29 USC 794); Americans with Disabilities Act of 1990 (42 USC 12101 et. seq.); Title IX of the Education Amendments of 1972 (20 USC 1681 et. seq.); The Food Stamp Act, and the Age Discrimination Act of 1975, The United States Department of Health and Human Services Regulations found in 45 CFR, Parts 80

Pursuant to Title VI and Section 504, as listed above and as referenced in **ADDENDA V AND VI**, which are incorporated herein by reference and made part of this Agreement, the Contractor shall have policies and procedures in effect, including, mandatory written compliance plans, which are designed to assure compliance with Title VI section 504, as referenced above. An electronic copy of the Contractor's written compliance plan, all relevant policies, procedures, workflows, relevant chart of responsible personnel, and/or self-assessments must be available to the State upon request.

The Contractor's written compliance plans and/or self-assessments, referenced above and detailed in **ADDENDA V AND VI** of this Agreement must include but are not limited to the requirements detailed in **ADDENDA V AND VI** of this Agreement.

The Contractor must submit, within thirty-five (35) days of the date of a request by the State, full and complete information on Title VI and/or Section 504 compliance and/or self-assessments, as referenced above, by the Contractor and/or any subcontractor or vendor of the Contractor.

The Contractor acknowledges receipt of **ADDENDUM V - NOTICE TO STATE OF HEALTH AND HUMAN SERVICES SERVICE PROVIDERS OF THEIR RESPONSIBILITIES UNDER TITLE VI OF THE CIVIL RIGHTS ACT OF 1964** and **ADDENDUM VI - NOTICE TO STATE OF HEALTH AND HUMAN SERVICES SERVICE PROVIDERS OF THEIR RESPONSIBILITIES UNDER SECTION 504 OF THE REHABILITATION ACT OF 1973**, which are incorporated herein by reference and made part of this Agreement.

Any and all data, technical information, information systems, materials gathered, originated, developed, prepared, modified, used or obtained by the Contractor in performance of the Agreement used to create and/or maintain work performed by the Contractor, including but not limited to, all hardware, software computer programs, data files, application programs, intellectual property, source code, documentation and manuals, regardless of state of completion shall be deemed to be owned and remain owned by the State ("State Property"), and the State has the right to (1) reproduce, publish, disclose or otherwise use and to authorize others to use the State Property for State or federal government purposes, and (2) receive delivery of such State Property upon 30 days notice by the State throughout the term of the contract and including 120 days thereafter. To be clear with respect to State Property, the work shall be considered "work for hire," i.e., the State, not the selected Contractor or any subcontractor, shall have full and complete ownership of all State Property. The selected Contractor and any subcontractor hereby convey, assign and transfer to State any and all of its or their right, title and interest in State Property, if any, including but not limited to trademarks and copyrights. The State hereby grants to the federal government, and the federal government reserves, a royalty-free, nonexclusive and irrevocable license to reproduce, publish, disclose or otherwise use and to authorize others to use for federal government purposes such software, modifications and documentation designed, developed or installed with federal financial participation.

The Contractor agrees that no findings, listing, or information derived from information obtained through performance, as described in the Scope of Work in Addendum I with or without identifiers, may be released or publicly disclosed in any form for any purpose if such findings, listing, or information contain any combination of data elements that might allow an individual to determine a beneficiary's identification without first obtaining written authorization from the State's project officer. Examples of such data elements include, but are not limited to geographic indicators, age, sex, diagnosis, procedure, date of birth, or admission/discharge date(s). The Contractor agrees further that the State shall be the sole judge as to whether any finding, listing, information, or any combination of data extracted or derived from the State's files identify or would, with reasonable effort, permit one to identify an individual, or to deduce the identifying of an individual to a reasonable degree of certainty. The Contractor agrees that the conditions set forth herein apply to any materials presented or submitted review and/or publication that contain individual identifying elements in the information obtained, as stated above, unless such information is presented in the aggregate. Under no circumstance, shall the Contractor publicly disclose

or present or submit any materials for review and/or publication that contains an individual's social security number, in part or in whole. The Contractor is hereby notified that all initial data received from the State is considered confidential by the State. For further requirements regarding confidentiality of information please refer to Paragraph 26 of this Agreement.

With respect to claims arising from computer hardware or software manufactured by a third party and sold by the Contractor as a reseller, the Contractor will pass through to the State such indemnity rights as it receives from such third party ("third party obligation") and will cooperate in enforcing them; provided that if the third party manufacturer fails to honor the third party obligation, the Contractor will provide the State with indemnity protection equal to that called for by the third party obligation, but in no event greater than that called for in the first sentence of this Paragraph the provisions of the preceding sentence apply only to third party computer hardware or software sold as a distinct unit and accepted by the State. Unless a third party obligation provides otherwise, the defense and payment obligations set forth in this Paragraph will be conditional upon the following:

1. The State will notify the Contractor of any such claim in writing and tender the defense thereof within a reasonable time;
2. The Contractor will have sole control of the defense of any action on all third party claims, costs (including without limitation reasonable attorneys' fees), and losses for infringement or violation of any U.S. Intellectual Property Rights by any product or service provided hereunder; and all negotiations for its settlement or compromise; provided that (i) when substantial principles of government or public law are involved, when litigation might create precedent affecting future state operations or liability, or when involvement of the state is otherwise mandated by law, the state may participate in such action at its own expense with respect to attorneys' fees and costs (but not liability); (ii) the state will have the right to approve or disapprove any settlement or compromise, which approval will not unreasonably be withheld or delayed; and
3. The State will reasonably cooperate in the defense and in any related settlement negotiations.

Should the deliverables or software, or the operation thereof, become, or in the Contractor's opinion are likely to become, the subject of a claim of infringement or violation of a U.S. Intellectual Property Rights, the State shall permit the Contractor at its option and expense either to procure for the State the right to continue using the deliverables or software, or to replace or modify the same so that they become non-infringing. If none of these options can reasonably be taken, or if the use of such deliverables or software by the State shall be prevented by injunction, the Contractor agrees to take back such deliverables or software and make every reasonable effort to assist the State in procuring substitute deliverables or software. If, in the sole opinion of the State, the return of such infringing deliverables or software makes the retention of other deliverables or software acquired from the Contractor under this Agreement impractical, the State shall then have the option of terminating such agreements, or applicable portions thereof, without penalty or termination charge. The Contractor agrees to take back such deliverables or software and refund any sums the State has paid the Contractor less any reasonable amount for use or damage.

The Contractor shall have no liability to the State under any provision of this clause with respect to any claim of patent, copyright or trade secret infringement that is based upon:

- The combination or utilization of deliverables furnished hereunder with equipment or devices not made or furnished by the Contractor; or,
- The operation of equipment furnished by the Contractor under the control of any operating software other than, or in addition to, the current version of the Contractor-supplied operating software; or
- The modification by the State of the equipment furnished hereunder or of the software; or
- The combination or utilization of software furnished hereunder with non-Contractor supplied software.

The Contractor certifies that it has appropriate systems and controls in place to ensure that State funds will not be used in the performance of this Agreement for the acquisition, operation or maintenance of computer software in violation of copyright laws.

The Contractor agrees that no findings, listing, or information derived from information obtained through performance, as described in **ADDENDUM I - SCOPE OF WORK**, with or without identifiers, may be released or publicly disclosed in any form for any purpose if such findings, listing, or information contain any combination of data elements that might allow an individual to determine a beneficiary's identification without first obtaining written authorization from the State's project officer. Examples of such data elements include, but are not limited to geographic indicators, age, sex, diagnosis, procedure, date of birth, or admission/discharge date(s). The Contractor agrees further that the State shall be the sole judge as to whether any finding, listing, information, or any combination of data extracted or derived from the State's files identify or would, with reasonable effort, permit one to identify an individual, or to deduce the identifying of an individual to a reasonable degree of certainty. The Contractor agrees that the conditions set forth herein apply to any materials presented or submitted review and/or publication that contain individual identifying elements in the information obtained, as stated above, unless such information is presented in the aggregate. Under no circumstance, shall the Contractor publicly disclose or present or submit any materials for review and/or publication that contains an individual's social security number, in part or in whole. The Contractor is hereby notified that all initial data received from the State is considered confidential by the State.

The Contractor and its subcontractors, if subcontractors are permitted within the scope of this Agreement, will provide new FFATA forms for each contract year. When applicable in multiyear contracts, the Contractor is required to review and update the FFATA form, this must be provided to the State 30 days prior to the end of the first contract year. For example, if the contract performance period is July 1, 2015 to June 30, 2018; then the FFATA form for the second contract year is due June 1, 2016. Should the Contractor be liable for the amount of the denied funding, then such amount shall be payable upon demand of the State.

The Contractor agrees that no expenditures claimed for reimbursement under this Agreement will be claimed for reimbursement under any other agreement, grant, or contract that the Contractor may hold which provides funding from state or federal sources.

modification or replacement is not feasible, or in the event that the developed software subsequent to all repairs, adjustments, modifications and replacements continues to fail to meet the foregoing warranty, the State will return the developed software to Contractor, and Contractor will credit to the State, in a manner and on a schedule agreed to by the parties and as the State's sole and exclusive remedy for such failure, an amount equal to the charges actually paid by the State to the Contractor for the developed software that has failed to meet the foregoing warranty. Upon written request of the State, the Contractor will use commercially reasonable efforts to correct an alleged non-conformance for which Contractor is not otherwise responsible hereunder because it is caused or contributed to by one of the factors listed above and, to the extent that such correction cannot be performed within the scope of the Contractor services, such correction will be paid for by the State at the Contractor's then current commercial billing rates for the technical and programming personnel and other materials utilized by the Contractor. No licenses will be deemed to have been granted by either party to any of its patents, trade secrets, trademarks or copyrights, except as otherwise expressly provided in this Agreement.

Upon receipt of such notice, all obligations under this Agreement shall be immediately suspended

If the issue is not resolved, the parties shall proceed pursuant to R.I. General Laws § 37-2-46 and applicable State Procurement Regulations (1.5).

If the issue is not resolved, the parties shall endeavor to resolve their claims by mediation which, shall be administered by the Presiding Justice of the Providence County Superior Court. The request may be made concurrently with the filing of binding dispute resolution proceedings but, in such event, mediation shall proceed in advance of binding dispute resolution proceedings, which shall be stayed pending mediation for a period of 60 days from the date of filing, unless stayed for a longer period by agreement of the parties or court order. If an arbitration is stayed pursuant to this paragraph, the parties may nonetheless proceed to the selection of the arbitrator(s) and agree upon a schedule for later proceedings.

A failure of any party to enforce at any time any provisions(s) of this contract, or to exercise any option which is herein provided, shall in no way be construed as a waiver of such provision of this contract. No consent, or excuse by either party, express or implied, shall constitute a subsequent consent, waiver or excuse.

DRUG-FREE WORKPLACE POLICY

Drug use and abuse at the workplace or while on duty are subjects of immediate concern in our society. These problems are extremely complex and ones for which there are no easy solutions. From a safety perspective, the users of drugs may impair the well-being of all employees, the public at large, and result in damage to property. Therefore, it is the policy of the state that the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited in the workplace. Any employee(s) violating this policy will be subject to discipline up to and including termination. An employee may also be discharged or otherwise disciplined for a conviction involving illicit drug use, regardless of whether the employee's conduct was detected within employment hours or whether his/her actions were connected in any way with his or her employment. The specifics of this policy are as follows:

1. Any unauthorized employee who gives or in any way transfers a controlled substance to another person or sells or manufactures a controlled substance while on duty, regardless of whether the employee is on or off the premises of the employer will be subject to discipline up to and including termination.
2. The term "controlled substance" means any drugs listed in 21 USC, Section 812 and other Federal regulations. Generally, all illegal drugs and substances are included, such as marijuana, heroin, morphine, cocaine, codeine or opium additives, LSD, DMT, STP, amphetamines, methamphetamines, and barbiturates.
3. Each employee is required by law to inform the agency within five (5) days after he/she is convicted for violation of any Federal or State criminal drug statute. A conviction means a finding of guilt (including a plea of nolo contendere) or the imposition of a sentence by a judge or jury in any Federal or State Court.
4. The employer (the hiring authority) will be responsible for reporting conviction(s) to the appropriate Federal granting source within ten (10) days after receiving notice from the employee or otherwise receives actual notice of such conviction(s). All conviction(s) must be reported in writing to the Office of Personnel Administration (OPA) within the same time frame.
5. If an employee is convicted of violating any criminal drug statute while on duty, he/ she will be subject to discipline up to and including termination. Conviction(s) while off duty may result in discipline or discharge.
6. The state encourages any employee with a drug abuse problem to seek assistance from the Rhode Island Employee Assistance Program (RIEAP). Your Personnel Officer has more information on RIEAP.
7. The law requires all employees to abide by this policy.

LIQUIDATED DAMAGES

The prospective primary participant contractor agrees that time is of the essence in the performance of certain designated portions of this contract. The State and the contractor agree that in the event of a failure to meet the milestones and project deliverable dates or any standard of performance within the time set forth in the State's bid proposal and the contractor's proposal response (Addendum XVI), damage shall be sustained by the State and that it may be impractical and extremely difficult to ascertain and determine the actual damages which the State will sustain by reason of such failure. It is therefore agreed that State, at its sole option, may require the contractor to pay liquidated damages for such failures with the following provisions:

1. Where the failure is the sole and exclusive fault of the State, no liquidated damages shall be imposed. To the extent that each party is responsible for the failure, liquidated damages shall be reduced by the apportioned share of such responsibility.
2. For any failure by the contractor to meet any performance standard, milestone or project deliverable, the State may require the contractor to pay liquidated damages in the amount(s) and as set forth in the state's general conditions of purchase as described particularly in the LOI, RFP, RFQ, or scope of work, however, any liquidated damages assessed by the State shall not exceed **10%** of the total amount of any such month's invoice in which the liquidated damages are assessed and shall not in the aggregate, over the life of the agreement, exceed the total contract value.

Written notification of failure to meet a performance requirement shall be given by the State's project officer to the contractor's project officer. The contractor shall have a reasonable period designated by the State from the date of receipt of written notification. If the failure is not materially resolved within this period, liquidated damages may be imposed retroactively to the date of expected delivery.

In the event that liquidated damages have been imposed and retained by the State, any such damages shall be refunded, provided that the entire system takeover has been accomplished and approved by the State according to the original schedule detailed in the contractor's proposal response included in this contract (Addendum XVI) as modified by mutually agreed upon change orders.
