Addendum # 1

RFP # B05941: STATEWIDE HEALTH INFORMATION EXCHANGE (HIE) AND RELATED SERVICES

Submission Deadline: 21 Feb 06@ 2:00 PM (EST)

Vendor Question:

Regarding RFP B05941 - STATEWIDE HEALTH INFORMATION EXCHANGE (HIE) AND RELATED SERVICES, I would like to know if the agency ever had a contract with a vendor for these services before? And will HIE be working as a Decision Support System for the State Medical Management Information System (MMIS)?

If there exists an incumbent contract, I would like to know who is the contractor and what was the duration of that contract?

Response:

This is a brand new initiative for HEALTH. D.O.H. has never contracted for these services.

Initially, the vendor probably will not be working as a Decision Support System; however, one of the requirements of the RFP is for the vendor to provide feedback on the system, so the position will evolve into that.

A handwritten signature in black ink, appearing to read "Jerome D. Moynihan".
