**Robert DeAngelis**

**Senior Buyer**

The following are the questions received from vendors with State responses regarding RFP 7606832 Davies Career & Technical High School – Special Education Support Services:

**Vendor A**

Will the district accept teletherapy proposals?

**Yes, in particular in light of the current pandemic and related circumstances, Davies would not reject proposals for teletherapy offering purposes. However, the vendor must be prepared to provide in-person services as well, that correlate *either to* the school’s reopening status and/or as deemed to be the necessary mode of service delivery. If there should be a difference in service rates for in-person versus teletherapy services, the respondent must note such.**

Who are the current vendors that the district is using to provide special education support services?

**Davies is currently not utilizing an entity to provide services, and is instead currently working with individual independent contractors. The posting of this solicitation is representative of the desire by Davies to engage an entity that can provide ongoing services as needed with the result being a multi-year award and long-term relationship with Davies.**

What are the current bill rates for these services?

**N/A – see above**
