SECTION 1. INTRODUCTION

The Rhode Island Department of Administration/Division of Purchases, on behalf of the Rhode Island Department of Health (“RIDOH”), is soliciting proposals from qualified firms to provide financial and managerial capacity building training for small community, not-for-profit non-community public water systems serving 3,300 or fewer people, in accordance with the terms of this Request for Proposals (“RFP”) and the State’s General Conditions of Purchase, which may be obtained at the Division of Purchases’ website at www.purchasing.ri.gov.

The initial contract period will begin approximately January 1, 2019 for one year. Contracts may be renewed for up to three additional 12-month periods based on vendor performance and the availability of funds.

This is a Request for Proposals, not a Request for Quotes. Responses will be evaluated on the basis of the relative merits of the proposal, in addition to cost; there will be no public opening and reading of responses received by the Division of Purchases pursuant to this solicitation, other than to name those offerors who have submitted proposals.

Instructions and Notifications to Offerors

1. Potential vendors are advised to review all sections of this RFP carefully and to follow instructions completely, as failure to make a complete submission as described elsewhere herein may result in rejection of the proposal.
2. Alternative approaches and/or methodologies to accomplish the desired or intended results of this RFP are solicited. However, proposals which depart from or materially alter the terms, requirements, or scope of work defined by this RFP may be rejected as being non-responsive.
3. All costs associated with developing or submitting a proposal in response to this RFP or for providing oral or written clarification of its content, shall be borne by the vendor. The State assumes no responsibility for these costs even if the RFP is cancelled or continued.
4. Proposals are considered to be irrevocable for a period of not less than 180 days following the opening date, and may not be withdrawn, except with the express written permission of the State Purchasing Agent.
5. All pricing submitted will be considered to be firm and fixed unless otherwise indicated in the proposal.
6. It is intended that an award pursuant to this RFP will be made to a prime vendor, or prime vendors in the various categories, who will assume responsibility for all aspects of the work. Subcontracts are permitted, provided that their use is clearly indicated in the vendor’s proposal and the subcontractor(s) to be used is identified in the proposal.
7. The purchase of goods and/or services under an award made pursuant to this RFP will be contingent on the availability of appropriated funds.

8. Vendors are advised that all materials submitted to the Division of Purchases for consideration in response to this RFP may be considered to be public records as defined in R. I. Gen. Laws § 38-2-1, *et seq.* and may be released for inspection upon request once an award has been made.

Any information submitted in response to this RFP that a vendor believes are trade secrets or commercial or financial information which is of a privileged or confidential nature should be clearly marked as such. The vendor should provide a brief explanation as to why each portion of information that is marked should be withheld from public disclosure. Vendors are advised that the Division of Purchases may release records marked confidential by a vendor upon a public records request if the State determines the marked information does not fall within the category of trade secrets or commercial or financial information which is of a privileged or confidential nature.

9. Interested parties are instructed to peruse the Division of Purchases website on a regular basis, as additional information relating to this solicitation may be released in the form of an addendum to this RFP.
10. By submission of proposals in response to this RFP vendors agree to comply with R. I. General Laws § 28-5.1-10 which mandates that contractors/subcontractors doing business with the State of Rhode Island exercise the same commitment to equal opportunity as prevails under Federal contracts controlled by Federal Executive Orders 11246, 11625 and 11375.

Vendors are required to ensure that they, and any subcontractors awarded a subcontract under this RFP, undertake or continue programs to ensure that minority group members, women, and persons with disabilities are afforded equal employment opportunities without discrimination on the basis of race, color, religion, sex, sexual orientation, gender identity or expression, age, national origin, or disability.

Vendors and subcontractors who do more than \$10,000 in government business in one year are prohibited from engaging in employment discrimination on the basis of race, color, religion, sex, sexual orientation, gender identity or expression, age, national origin, or disability, and are required to submit an “Affirmative Action Policy Statement.”

Vendors with 50 or more employees and \$50,000 or more in government contracts must prepare a written “Affirmative Action Plan” prior to issuance of a purchase order.

- a. For these purposes, equal opportunity shall apply in the areas of recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, termination, and rates of pay or other forms of compensation.
- b. Vendors further agree, where applicable, to complete the “Contract Compliance Report” (<http://odeo.ri.gov/documents/odeo-eeo-contract-compliance-report.pdf>), as well as the “Certificate of Compliance” (<http://odeo.ri.gov/documents/odeo-eeo-certificate-of-compliance.pdf>), and submit both documents, along with their Affirmative Action Plan or an Affirmative Action Policy Statement, prior to issuance of a purchase order. For public works projects vendors and all subcontractors must submit a “Monthly Utilization Report” (<http://odeo.ri.gov/documents/monthly-employment->

[utilization-report-form.xlsx](#)) to the ODEO/State Equal Opportunity Office, which identifies the workforce actually utilized on the project.

For further information, contact the Rhode Island Equal Employment Opportunity Office, at 222-3090 or via e-mail at Krystal.Waters@doa.ri.gov.

11. In accordance with R. I. Gen. Laws § 7-1.2-1401 no foreign corporation has the right to transact business in Rhode Island until it has procured a certificate of authority so to do from the Secretary of State. This is a requirement only of the successful vendor(s). For further information, contact the Secretary of State at (401-222-3040).
12. In accordance with R. I. Gen. Laws §§ 37-14.1-1 and 37-2.2-1 it is the policy of the State to support the fullest possible participation of firms owned and controlled by minorities (MBEs) and women (WBEs) and to support the fullest possible participation of small disadvantaged businesses owned and controlled by persons with disabilities (Disability Business Enterprises a/k/a “DisBE”)(collectively, MBEs, WBEs, and DisBEs are referred to herein as ISBEs) in the performance of State procurements and projects. As part of the evaluation process, vendors will be scored and receive points based upon their proposed ISBE utilization rate in accordance with 150-RICR-90-10-1, “Regulations Governing Participation by Small Business Enterprises in State Purchases of Goods and Services and Public Works Projects”. As a condition of contract award vendors shall agree to meet or exceed their proposed ISBE utilization rate and that the rate shall apply to the total contract price, inclusive of all modifications and amendments. Vendors shall submit their ISBE participation rate on the enclosed form entitled “MBE, WBE and/or DisBE Plan Form”, which shall be submitted in a separate, sealed envelope as part of the proposal. ISBE participation credit will only be granted for ISBEs that are duly certified as MBEs or WBEs by the State of Rhode Island, Department of Administration, Office of Diversity, Equity and Opportunity or firms certified as DisBEs by the Governor’s Commission on Disabilities. The current directory of firms certified as MBEs or WBEs may be accessed at <http://odeo.ri.gov/offices/mbeco/mbe-wbe.php>. Information regarding DisBEs may be accessed at www.gcd.ri.gov.

SECTION 2. BACKGROUND

Ninety-five percent of the State of Rhode Island’s public water systems (PWS) serve a population of 3,300 or fewer residents and visitors. Small PWS face greater challenges complying with state and federal drinking water regulations. This is attributed to a smaller customer base and fewer specialized employees responsible for building, maintaining, and operating these systems. Recognizing this, Congress made funding available pursuant to the Safe Drinking Water Act (SDWA) amendments of 1996, through the Drinking Water State Revolving Fund (DWSRF) program, to provide technical, managerial, and financial assistance to small PWS. Small PWS in the State need customized training on financial and managerial topics to ensure short-, medium-, and long-term sustainability.

To support this objective, the vendor must possess extensive proven knowledge of the unique financial and managerial challenges faced by small PWS. The vendor must have staff skilled in conducting needs assessments of multiple financial and managerial factors that preclude small PWS' ability to adequately maintain the financial and managerial practices and framework necessary to providing a safe drinking water supply. The vendor also must illustrate staff experience in developing and delivering engaging training sessions that achieve measurable improvements in participants' knowledge, skills, and abilities.

SECTION 3: SCOPE OF WORK AND REQUIREMENTS

General Scope of Work

The vendor will develop and implement a program for completing the tasks required to assess the needs of small PWS, identify gaps related to financial and managerial capacity, and craft a six- to 10-hour curriculum from the vendor's existing courses to address those gaps. The primary target population for this contract will be those receiving principal forgiveness and/or below-market interest rates from the DWSRF. RIDOH anticipates a need for training eight (8) small PWS annually. Secondary targets will be those systems with compliance issues that can be resolved by elevating that system's financial and managerial capacity.

Specific Activities / Tasks

1. The vendor will schedule a project initiation meeting each contract year with RIDOH to develop a strategy for outreach and system prioritization and determine an initial target list of systems based upon pending DWSRF projects. Together, RIDOH and the vendor will determine key stakeholders at each PWS who will need attend the training (this will vary based on the specific system's management and ownership configuration but could include: volunteer Board members, certified operators, and town officials).
2. The vendor will contact each system to discuss the project purpose, needs assessment, training, and associated timelines. The vendor shall anticipate that
3. The vendor will conduct a needs assessment of financial and managerial capacity including questions that determine a system's capability in topics such as rate setting, near-term financial planning, revenue and expense analysis, long-term capital planning, asset management, management and operations, sustainable Board management, water/revenue loss, general financial management, and resiliency planning.
4. The vendor will prioritize the findings from the needs assessment to create an action plan for 6 to 10 hours of training that addresses those high-priority areas.
5. The vendor will facilitate the training with the small PWS representatives.

6. The vendor shall maintain a tracking tool that outlines target systems contact attempts, milestones, and outcomes to provide to RIDOH each quarter (separate from monthly invoicing). The vendor will also provide a narrative that outlines the findings from the needs assessment, their action plan, and any measurable outcomes related to knowledge gain and retention.
7. If the vendor is engaged in the provision of services to PWS, the vendor shall ensure that the individual(s) appointed to provide the services herein maintains and arms-length distance from other business activities. The individual(s) appointed to provide the services herein shall not engage in the brokering of services for any business or organization.
8. The State will retain total discretion of all administrative decisions regarding the management and billing of an/or receipt of payments for services rendered.

SECTION 4: PROPOSAL

A. Technical Proposal

Narrative and format: The proposal should address specifically each of the following elements:

1. **Staff Qualifications** – Provide staff resumes/CV and describe qualifications and experience of key staff who will be involved in this project, including their experience working with public water systems. Please include specialized experience conducting capacity-related needs assessments and delivering training to PWS serving 3,300 or fewer.
2. **Capability, Capacity, and Qualifications of the Offeror** - Please provide a detailed description of the Vendor's experience working with owners and operators of small public water utilities. Provide a brief narrative describing the vendor's experience providing financial and managerial technical assistance and training to small PWS. Provide a list of financial and managerial training topics that represent the offeror's areas of expertise. A list of relevant client references must be provided, including client names, addresses, phone numbers, dates of service, and type(s) of service(s) provided.
3. **Work Plan** - Please describe in detail, the framework within which they will conduct the work as outlined.
4. **Approach/Methodology** – Define the methodology to be used for conducting the needs assessment, creating the action plan based on findings, and delivering the training. Also, include a sample of the needs assessment tool the vendor proposes to use. What procedures will be used to ensure successful planning and delivery?

B. Cost Proposal

The applicant must prepare a separate, signed and sealed Cost Proposal using Appendix B - *Detail Budget Form* for a 12-month term. Applicants must provide a Budget Justification for all expenses included on Appendix B.

The applicant must submit a budget and budget narrative for the projected cost per each Public Water System. The applicant budget must also include a total budget based on the need to train eight (8) small PWS each contract year. Submitted budget and supporting documentation must appropriately reflect the agency's financial capacity to implement the project in a timely manner. Clearly identify a cost-effective budget. Line items are to be accurate and consistent with achieving objective and program activities.

In the Budget Narrative, please detail need for proposed expense for Year One. The budget narrative must be descriptive and complete.

Applicants are advised that RIDOH is not responsible for any expenses incurred by the Applicant prior to the Purchase Order Release. A signed contract alone does not authorize work to begin.

C. ISBE Proposal

See Appendix A for information and the MBE, WBE, and/or Disability Business Enterprise Participation Plan form(s). Bidders are required to complete, sign and submit these forms with their overall proposal in a sealed envelope. Please complete separate forms for each MBE, WBE and/or Disability Business Enterprise subcontractor/supplier to be utilized on the solicitation.

SECTION 5: EVALUATION AND SELECTION

Proposals shall be reviewed by a technical evaluation committee ("TEC") comprised of staff from State agencies. The TEC first shall consider technical proposals.

Technical proposals must receive a minimum of 60 (85.7%) out of a maximum of 70 points to advance to the cost evaluation phase. Any technical proposals scoring less than 60 points shall not have the accompanying cost or ISBE participation proposals opened and evaluated. The proposal will be dropped from further consideration.

Technical proposals scoring 60 points or higher will have the cost proposals evaluated and assigned up to a maximum of 30 points in cost category bringing the total potential evaluation score to 100 points. After total possible evaluation points are determined ISBE proposals shall be evaluated and assigned up to 6 bonus points for ISBE participation.

The Division of Purchases reserves the right to select the vendor(s) or firm(s) ("vendor") that it deems to be most qualified to provide the goods and/or services as specified herein; and, conversely, reserves the right to cancel the solicitation in its entirety in its sole discretion.

Proposals shall be reviewed and scored based upon the following criteria:

Criteria	Possible Points
Staff Qualifications	15 Points
Capability, Capacity, and Qualifications of the Offeror	10 Points
Work Plan	25 Points
Approach/Methodology	20 Points
Total Possible Technical Points	70 Points
Cost proposal*	30 Points
Total Possible Evaluation Points	100 Points
ISBE Participation**	6 Bonus Points
Total Possible Points	106 Points

***Cost Proposal Evaluation:**

The vendor with the lowest cost proposal shall receive one hundred percent (100%) of the available points for cost. All other vendors shall be awarded cost points based upon the following formula:

$$(\text{lowest cost proposal} / \text{vendor's cost proposal}) \times \text{available points}$$

For example: If the vendor with the lowest cost proposal (Vendor A) bids \$65,000 and Vendor B bids \$100,000 for monthly costs and service fees and the total points available are thirty (30), Vendor B's cost points are calculated as follows:

$$\$65,000 / \$100,000 \times 30 = 19.5$$

****ISBE Participation Evaluation:**

a. Calculation of ISBE Participation Rate

1. ISBE Participation Rate for Non-ISBE Vendors. The ISBE participation rate for non-ISBE vendors shall be expressed as a percentage and shall be calculated by dividing the amount of non-ISBE vendor's total contract price that will be subcontracted to ISBEs by the non-ISBE vendor's total contract price. For example if the non-ISBE's total contract price is \$100,000.00 and it subcontracts a total of \$12,000.00 to ISBEs, the non-ISBE's ISBE participation rate would be 12%.
2. ISBE Participation Rate for ISBE Vendors. The ISBE participation rate for ISBE vendors shall be expressed as a percentage and shall be calculated by dividing the amount of the ISBE vendor's total contract price that will be subcontracted to ISBEs and the amount that will be self-performed by the ISBE vendor by the ISBE vendor's total contract price. For example if the ISBE vendor's total contract price is \$100,000.00 and it subcontracts a total of \$12,000.00 to ISBEs and will perform a total of \$8,000.00 of the work itself, the ISBE vendor's ISBE participation rate would be 20%.

b. Points for ISBE Participation Rate:

The vendor with the highest ISBE participation rate shall receive the maximum ISBE participation points. All other vendors shall receive ISBE participation points by applying the following formula:

$$\begin{aligned} & (\text{Vendor's ISBE participation rate} \div \text{Highest ISBE participation rate} \\ & \quad \times \text{Maximum ISBE participation points}) \end{aligned}$$

For example, assuming the weight given by the RFP to ISBE participation is 6 points, if Vendor A has the highest ISBE participation rate at 20% and Vendor B's ISBE participation rate is 12%, Vendor A will receive the maximum 6 points and Vendor B will receive $(12\% \div 20\%) \times 6$ which equals 3.6 points.

General Evaluation:

Points shall be assigned based on the vendor's clear demonstration of the ability to provide the requested goods and/or services. Vendors may be required to submit additional written information or be asked to make an oral presentation before the TEC to clarify statements made in the proposal.
