The contract period will begin approximately April 1, 2019 for one year. Contracts may be renewed until completion of the project.

Responses will be evaluated on the basis of the relative merits of the proposal, in addition to cost; there will be no public opening and reading of responses received by the Division of Purchases pursuant to this solicitation, other than to name those offerors who have submitted proposals.

Instructions and Notifications to Offerors

1. Potential vendors are advised to review all sections of this RFP carefully and to follow instructions completely, as failure to make a complete submission as described elsewhere herein may result in rejection of the proposal.
2. Alternative approaches and/or methodologies to accomplish the desired or intended results of this RFP are solicited. However, proposals which depart from or materially alter the terms, requirements, or scope of work defined by this RFP may be rejected as being non-responsive.
3. All costs associated with developing or submitting a proposal in response to this RFP or for providing oral or written clarification of its content, shall be borne by the vendor. The State assumes no responsibility for these costs even if the RFP is cancelled or continued.
4. Proposals are considered to be irrevocable for a period of not less than 180 days following the opening date, and may not be withdrawn, except with the express written permission of the State Purchasing Agent.
5. All pricing submitted will be considered to be firm and fixed unless otherwise indicated in the proposal.
6. It is intended that an award pursuant to this RFP will be made to a prime vendor, or prime vendors in the various categories, who will assume responsibility for all aspects of the work. Subcontracts are permitted, provided that their use is clearly indicated in the vendor’s proposal and the subcontractor(s) to be used is identified in the proposal.
7. The purchase of goods and/or services under an award made pursuant to this RFP will be contingent on the availability of appropriated funds.

8. Vendors are advised that all materials submitted to the Division of Purchases for consideration in response to this RFP may be considered to be public records as defined in R. I. Gen. Laws § 38-2-1, *et seq.* and may be released for inspection upon request once an award has been made.

9. Interested parties are instructed to peruse the Division of Purchases website on a regular basis, as additional information relating to this solicitation may be released in the form of an addendum to this RFP.
10. By submission of proposals in response to this RFP vendors agree to comply with R. I. Vendors with 50 or more employees and \$50,000 or more in government contracts must prepare a written “Affirmative Action Plan” prior to issuance of a purchase order.

- b. Vendors further agree, where applicable, to complete the “Contract Compliance Report” (<http://odeo.ri.gov/documents/odeo-eeo-contract-compliance-report.pdf>), as well as the “Certificate of Compliance” (<http://odeo.ri.gov/documents/odeo-eeo-certificate-of-compliance.pdf>), and submit both documents, along with their Affirmative Action Plan or an Affirmative Action Policy Statement, prior to issuance of a purchase order. For public works projects vendors and all subcontractors must submit a “Monthly Utilization Report” (<http://odeo.ri.gov/documents/monthly-employment->

11. In accordance with R. I. Gen. Laws § 7-1.2-1401 no foreign corporation has the right to transact business in Rhode Island until it has procured a certificate of authority so to do from the Secretary of State. This is a requirement only of the successful vendor(s). For further information, contact the Secretary of State at (401-222-3040).
12. In accordance with R. I. Gen. Laws §§ 37-14.1-1 and 37-2.2-1 it is the policy of the State to support the fullest possible participation of firms owned and controlled by minorities (MBEs) and women (WBEs) and to support the fullest possible participation of small disadvantaged businesses owned and controlled by persons with disabilities (Disability Business Enterprises a/k/a “DisBE”)(collectively, MBEs, WBEs, and DisBEs are referred to herein as ISBEs) in the performance of State procurements and projects. As part of the evaluation process, vendors will be scored and receive points based upon their proposed ISBE utilization rate in accordance with 150-RICR-90-10-1, “Regulations Governing Participation by Small Business Enterprises in State Purchases of Goods and Services and Public Works Projects”. As a condition of contract award vendors shall agree to meet or exceed their proposed ISBE utilization rate and that the rate shall apply to the total contract price, inclusive of all modifications and amendments. The intent is to develop a set of construction specifications and graphic templates 8 ½” x 11” black and white and color pages together with an electronic format version for each location and each sign to be used by facility managers for the purpose of ordering new and replacement signs used at RIDEM State facilities. The Divisions should be able to consult the specifications and forward the information to a vendor for a quote.

The main focus will be on establishing new design standards for facility identification so as to provide a unique but uniformed look to RIDEM Fish & Wildlife, Marine Resources and Forest Environment facilities and public access sites throughout the state..

SECTION 3: SCOPE OF WORK AND REQUIREMENTS

The scope includes **three major components** or Tasks together with a number of Sub-tasks. The intent is to produce construction specifications, determine a schedule for design and installation, and provide graphic arts design services to develop a new facility signage templates for locational and informational signage at RIDEM Fish & Wildlife, Marine Resources and Forest Environment facilities and public access sites throughout the state. This work requires knowledge of the sign specification practices used for signage at public facilities and the ability to design attractive and informative signage for RIDEM Fish & Wildlife, Marine Resources and Forest Environment facilities and public access sites throughout the state

Task 1. Schematic Design Phase of Signs and Informational Kiosks. Bidders should plan on providing 3 initial concept plans for each of the signs listed below, one refinement of the overall designs and three sets of revisions for the following:

Sign Types include, but may not be limited to:

- Series F1 – Main Entrance signage (3)
- Series F2 – Management Areas (79)
- Series F3 – Public Access Sites (61)
- Series F4 – Roadway Shields (65)
- Series F5 – Kiosks (83)
- Series F6 – Trail head marker (200)
- Series F7 – Stocked Trout Waters (95)

Supply the estimated hours and the hourly rate for graphic art design work for the work listed above. When completed, the design will be added to the compilation of sign schedules in Task 2. Components of Task 1 include, but are not limited to, defining:

- Sign dimensions,
- Typeface,
- Color,
- Materials, and
- Installation detail.

Deliverable: Sign template and specification for fabrication and installation for each sign type.

Meeting 1: Meet with design team to provide examples of existing signage, and establish guidelines for the proposed designs, which may be held concurrently with a kick off meeting.

Meeting 2: Review of three concept plans by RIDEM project team to refine the design.

Meeting 3-6: Review of design refinement with RIDEM project team with 3 subsequent meetings for each set of revisions, with a final overall design approval to discuss and approve overall design after the final meeting.

Supplemental and Reimbursable Services: None are included

Task 2. Scheduling - Assemble a phased schedule for subsequent design, manufacturing and installation of each individual sign using a phased approach for areas around the state. Locations of signage and types are included in Appendix A, attached to this request. Include typeface, color, dimensions, placement, and installation. The included types and series are tentatively established as:

Type F – Facility Identification. This type requires graphic design and includes:

- Series F1 – Main Entrance signage (3)
- Series F2 – Management Areas (79)
- Series F3 – Public Access Sites (61)
- Series F4 – Roadway Shields (65)
- Series F5 – Kiosks (83)

- Series F7 – Stocked Trout Waters (95)

Deliverable: A sign schedule package which will anticipate the design of exact templates for each sign type needed for each location and series of Type F signs listed above. Some locations will have more than one sign type; however, all sign types may not be required at each location.

A meeting will be required for each location phase around the state and collaboration with the RIDEM design team will be required in order to provide the information needed on each individual kiosk.

Meeting 1: Final project review project and RIDEM Division stakeholders.

Supplemental and Reimbursable Services: None are included

Subtask 1. Each Kiosk will require additional design services. Each kiosk will require design of a location map including property or area boundaries, location of the kiosk and parking area, location of trails and other pertinent information. Other information to be included on kiosks would be regulations for the area and other informational signage relating to the public access use at each site. This task will require working with the team to specifically determine exactly what is needed on each sign. Much of this information will be provided by RIDEM and information on property boundaries and mapping is available on the state GIS website.

Subtask 2. Design a sign order worksheet to be used to assist a facility manager in ordering signs from vendors.

Task 3. Construction Document Phase - Produce a Master Sign Specification Book

In printed and electronic format (10 copies of each) produce a master copy of design and construction specifications at the 100% design level and templates for all signs at each location. The Master Sign book should include all of the exact information and specifications that will be required for a manager to request replacement signs to be constructed and installed and include a worksheet to facilitate this process.

3. **Approach/Methodology** – Define the methodology to be used for the design, communication with Division staff and developing a brand for continual use of the signs. A sign schedule package comprised of templates for each sign type for each location and series of Type F signs listed above.

B. Cost Proposal

Detailed Budget and Budget Narrative:

Provide a cost proposal to include detailed cost of the **three major components** or Tasks as outlined in the scope of work above as well as a total cost for the comprehensive plan for the total project.

C. ISBE Proposal

See Appendix A for information and the MBE, WBE, and/or Disability Business Enterprise Participation Plan form(s). Bidders are required to complete, sign and submit these forms with their overall proposal in a sealed envelope. Please complete separate forms for each MBE, WBE and/or Disability Business Enterprise subcontractor/supplier to be utilized on the solicitation.

SECTION 5: EVALUATION AND SELECTION

Proposals shall be reviewed by a technical evaluation committee ("TEC") comprised of staff from State agencies. The TEC first shall consider technical proposals.

Technical proposals must receive a minimum of 60 (85.7%) out of a maximum of 70 points to advance to the cost evaluation phase. Any technical proposals scoring less than 60 points shall not have the accompanying cost or ISBE participation proposals opened and evaluated. The proposal will be dropped from further consideration.

Technical proposals scoring 60 points or higher will have the cost proposals evaluated and assigned up to a maximum of 30 points in cost category bringing the total potential evaluation score to 100 points. After total possible evaluation points are determined ISBE proposals shall be evaluated and assigned up to 6 bonus points for ISBE participation.

The Division of Purchases reserves the right to select the vendor(s) or firm(s) ("vendor") that it deems to be most qualified to provide the goods and/or services as

specified herein; and, conversely, reserves the right to cancel the solicitation in its entirety in its sole discretion.

Proposals shall be reviewed and scored based upon the following criteria:

Criteria	Possible Points
Staff Qualifications	10 Points
Capability, Capacity, and Qualifications of the Offeror	10 Points
Work Plan	30 Points
Approach Proposed	20 Points
Total Possible Technical Points	70 Points
Cost proposal*	30 Points
Total Possible Evaluation Points	100 Points
ISBE Participation**	6 Bonus Points
Total Possible Points	106 Points

***Cost Proposal Evaluation:**

The vendor with the lowest cost proposal shall receive one hundred percent (100%) of the available points for cost. All other vendors shall be awarded cost points based upon the following formula:

$$(\text{lowest cost proposal} / \text{vendor's cost proposal}) \times \text{available points}$$

For example: If the vendor with the lowest cost proposal (Vendor A) bids \$65,000 and Vendor B bids \$100,000 for monthly costs and service fees and the total points available are thirty (30), Vendor B's cost points are calculated as follows:

$$\$65,000 / \$100,000 \times 30 = 19.5$$

****ISBE Participation Evaluation:**

a. Calculation of ISBE Participation Rate

1. ISBE Participation Rate for Non-ISBE Vendors. The ISBE participation rate for non-ISBE vendors shall be expressed as a percentage and shall be calculated by dividing the amount of non-ISBE vendor's total contract price that will be subcontracted to ISBEs by the non-ISBE vendor's total contract price. For example if the non-ISBE's total contract price is \$100,000.00 and it subcontracts a total of \$12,000.00 to ISBEs, the non-ISBE's ISBE participation rate would be 12%.

2. ISBE Participation Rate for ISBE Vendors. The ISBE participation rate for ISBE vendors shall be expressed as a percentage and shall be calculated by dividing the amount of the ISBE vendor's total contract price that will be subcontracted to ISBEs and the amount that will be self-performed by the ISBE vendor by the ISBE vendor's total contract price. For example if the ISBE vendor's total contract price is \$100,000.00 and it subcontracts a total of \$12,000.00 to ISBEs and will perform a total of \$8,000.00 of the work itself, the ISBE vendor's ISBE participation rate would be 20%.

b. Points for ISBE Participation Rate:

The vendor with the highest ISBE participation rate shall receive the maximum ISBE participation points. All other vendors shall receive ISBE participation points by applying the following formula:

$$\begin{aligned} & (\text{Vendor's ISBE participation rate} \div \text{Highest ISBE participation rate} \\ & \quad \times \text{Maximum ISBE participation points}) \end{aligned}$$

For example, assuming the weight given by the RFP to ISBE participation is 6 points, if Vendor A has the highest ISBE participation rate at 20% and Vendor B's ISBE participation rate is 12%, Vendor A will receive the maximum 6 points and Vendor B will receive $(12\% \div 20\%) \times 6$ which equals 3.6 points.

General Evaluation:

Points shall be assigned based on the vendor's clear demonstration of the ability to provide the requested goods and/or services. Vendors may be required to submit additional written information or be asked to make an oral presentation before the TEC to clarify statements made in the proposal.
