5. All pricing submitted will be considered to be firm and fixed unless otherwise indicated in the proposal.

SECTION 2. BACKGROUND

The State of Rhode Island Office of Energy Resources (OER) requests responses from qualified Vendors to provide energy procurement and advisory services. The State currently procures competitive energy supply for electricity and natural gas. OER is responsible for coordinating energy procurement efforts and has developed a centralized utility management for both electricity and natural gas accounts. All State agency utility bills (electricity and natural gas) are received in consolidated master bills and OER processes payment. National Grid serves as the primary electric and natural gas distribution utility in Rhode Island.

The State currently has a supply contract for electricity and natural gas supply (separately) with Direct Energy. The last natural gas procurement took place on August 16, 2016 for service commencement in November 2016, and has a 36-month term.

For electric supply, the last procurement event took place on May 4, 2017, with supply service beginning in October 2017. This contract has a 36-month term.

The terms and conditions contained in this request for proposals (RFP), in addition to the awarded Vendor's response proposal, will serve as the contract for this engagement.

SECTION 3: SCOPE OF WORK AND REQUIREMENTS

A. Technical Proposal

Narrative and format: The proposal should address specifically each of the following elements:

1. **Staff Qualifications** – Provide staff resumes/CV and describe qualifications and experience of key staff who will be involved in this project, including their experience. The resumes must include name, address, phone number, and e-mail address.

B. Cost Proposal

The Vendor can propose a variety of fee structures such as a retail adder (e.g., \$ per kWh, \$ per Dth), fixed fee payable by OER, hourly rates, or any such combination. Fees will be based on the scope of services provided in this RFP. If the Vendor opts for a retail adder, OER will include payment and reporting terms between energy suppliers and the Vendor in the supply solicitation.

C. ISBE Proposal

See Appendix A for information and the MBE, WBE, and/or Disability Business Enterprise Participation Plan form(s). Bidders are required to complete, sign and submit these forms with their overall proposal in a sealed envelope. Please complete separate forms for each MBE, WBE and/or Disability Business Enterprise subcontractor/supplier to be utilized on the solicitation.

SECTION 5: EVALUATION AND SELECTION

Proposals shall be reviewed by a technical evaluation committee (“TEC”) comprised of staff from State agencies. The TEC first shall consider technical proposals.

Technical proposals must receive a minimum of 60 (85.7%) out of a maximum of 70 points to advance to the cost evaluation phase. Any technical proposals scoring less than 60 points shall not have the accompanying cost or ISBE participation proposals opened and evaluated. The proposal will be dropped from further consideration.

Technical proposals scoring 60 points or higher will have the cost proposals evaluated and assigned up to a maximum of 30 points in cost category bringing the total potential evaluation score to 100 points. After total possible evaluation points are determined ISBE proposals shall be evaluated and assigned up to 6 bonus points for ISBE participation.

The Division of Purchases reserves the right to select the vendor(s) or firm(s) (“vendor”) that it deems to be most qualified to provide the goods and/or services as specified herein; and, conversely, reserves the right to cancel the solicitation in its entirety in its sole discretion.

Proposals shall be reviewed and scored based upon the following criteria:

Criteria	Possible Points
Staff Qualifications	10 Points

Technical Requirements as detailed described in Section 3.3	25 Points
References	10 Points
Approach to the Scope of Services as detailed described in Section 3.2	25 Points
Total Possible Technical Points	70 Points
Cost proposal*	30 Points
Total Possible Evaluation Points	100 Points
ISBE Participation**	6 Bonus Points
Total Possible Points	106 Points

***Cost Proposal Evaluation:**

The vendor with the lowest cost proposal shall receive one hundred percent (100%) of the available points for cost. All other vendors shall be awarded cost points based upon the following formula:

$$(\text{lowest cost proposal} / \text{vendor's cost proposal}) \times \text{available points}$$

For example: If the vendor with the lowest cost proposal (Vendor A) bids \$65,000 and Vendor B bids \$100,000 for monthly costs and service fees and the total points available are thirty (30), Vendor B's cost points are calculated as follows:

$$\$65,000 / \$100,000 \times 30 = 19.5$$

****ISBE Participation Evaluation:**

a. Calculation of ISBE Participation Rate

1. ISBE Participation Rate for Non-ISBE Vendors. The ISBE participation rate for non-ISBE vendors shall be expressed as a percentage and shall be calculated by dividing the amount of non-ISBE vendor's total contract price that will be subcontracted to ISBEs by the non-ISBE vendor's total contract price. For example if the non-ISBE's total contract price is \$100,000.00 and it subcontracts a total of \$12,000.00 to ISBEs, the non-ISBE's ISBE participation rate would be 12%.
2. ISBE Participation Rate for ISBE Vendors. The ISBE participation rate for ISBE vendors shall be expressed as a percentage and shall be calculated by dividing the amount of the ISBE vendor's total contract price that will be subcontracted to ISBEs and the amount that will be self-performed by the ISBE vendor by the ISBE vendor's total contract price. For example if the ISBE vendor's total contract price is \$100,000.00 and it subcontracts a total of \$12,000.00 to ISBEs and will perform a total of \$8,000.00 of the work itself, the ISBE vendor's ISBE participation rate would be 20%.

b. Points for ISBE Participation Rate:

The vendor with the highest ISBE participation rate shall receive the maximum ISBE participation points. All other vendors shall receive ISBE participation points by applying the following formula:

$$\begin{aligned} & (\text{Vendor's ISBE participation rate} \div \text{Highest ISBE participation rate} \\ & \quad \times \text{Maximum ISBE participation points}) \end{aligned}$$

For example, assuming the weight given by the RFP to ISBE participation is 6 points, if Vendor A has the highest ISBE participation rate at 20% and Vendor B's ISBE participation rate is 12%, Vendor A will receive the maximum 6 points and Vendor B will receive $(12\% \div 20\%) \times 6$ which equals 3.6 points.

General Evaluation:

Points shall be assigned based on the vendor's clear demonstration of the ability to provide the requested goods and/or services. Vendors may be required to submit additional written information or be asked to make an oral presentation before the TEC to clarify statements made in the proposal.
