Questions sent in on line:

- Q1. Do you have a specific model for the Lincoln impinger, it was not noted on spec sheet. Natural gas LP gas? Which Voltage is needed?
- A. Please refer to paragraph one of our Bid Solicitation narrative, which has the specific model listed, and according to the specs for the listed model, it is 120V.
- Q2. What is your door/s clearance to enter building where the Baxter unit will be put in place? How many doors are there, is their stairs?
- A. Baxter unit no longer part of this bid. Door is a standard door. For the purposes of this bid assume there is no issue with getting the equipment to the area. There are no stairs.
- Q3. We would like to offer an equal substitution for Bid #7599787. We would like to submit the LBC single rack oven Model LRO-IG5.
- A. Since this was changed to the Rational unit there is no substitution.
- Q4. Do you have a specific model number that you want, as the spec sheet has 14 different models, is it gas? Propane? Electric? Do you want fast conveyor? Would model# 1180-FB2G suffice?
- A. See answer to Q1 above.
