SECTION 1. INTRODUCTION

The Rhode Island Department of Administration/Division of Purchases, on behalf of the Rhode Island Department of Children, Youth and Families (“DCYF”), is soliciting proposals from qualified firms to provide a robust array of kinship support groups that meet the needs of kinship caregivers in accordance with the terms of this Request for Proposals (“RFP”) and the State’s General Conditions of Purchase, which may be obtained at the Division of Purchases’ website at www.purchasing.ri.gov.

The initial contract period will begin approximately September 1, 2020 for one year. Contracts may be renewed for up to four additional 12-month periods based on vendor performance and the availability of funds.

The Department is looking to contract with one or multiple Successful Vendor(s).

This is a Request for Proposals, not a Request for Quotes. Responses will be evaluated on the basis of the relative merits of the proposal, in addition to cost; there will be no public opening and reading of responses received by the Division of Purchases pursuant to this solicitation, other than to name those offerors who have submitted proposals.

Instructions and Notifications to Offerors

1. Potential vendors are advised to review all sections of this RFP carefully and to follow instructions completely, as failure to make a complete submission as described elsewhere herein may result in rejection of the proposal.
2. Alternative approaches and/or methodologies to accomplish the desired or intended results of this RFP are solicited. However, proposals which depart from or materially alter the terms, requirements, or scope of work defined by this RFP may be rejected as being non-responsive.
3. All costs associated with developing or submitting a proposal in response to this RFP or for providing oral or written clarification of its content, shall be borne by the vendor. The State assumes no responsibility for these costs even if the RFP is cancelled or continued.
4. Proposals are considered to be irrevocable for a period of not less than 180 days following the opening date, and may not be withdrawn, except with the express written permission of the State Purchasing Agent.
5. All pricing submitted will be considered to be firm and fixed unless otherwise indicated in the proposal.
6. It is intended that an award pursuant to this RFP will be made to a prime vendor, or prime vendors in the various categories, who will assume responsibility for all aspects of the work. Subcontracts are permitted, provided that their use is clearly indicated in the vendor’s proposal and the subcontractor(s) to be used is identified in the proposal.
7. The purchase of goods and/or services under an award made pursuant to this RFP will be contingent on the availability of appropriated funds.

8. Vendors are advised that all materials submitted to the Division of Purchases for consideration in response to this RFP may be considered to be public records as defined in R. I. Gen. Laws § 38-2-1, et seq. and may be released for inspection upon request once an award has been made.

Any information submitted in response to this RFP that a vendor believes are trade secrets or commercial or financial information which is of a privileged or confidential nature should be clearly marked as such. The vendor should provide a brief explanation as to why each portion of information that is marked should be withheld from public disclosure. Vendors are advised that the Division of Purchases may release records marked confidential by a vendor upon a public records request if the State determines the marked information does not fall within the category of trade secrets or commercial or financial information which is of a privileged or confidential nature.

9. Interested parties are instructed to peruse the Division of Purchases website on a regular basis, as additional information relating to this solicitation may be released in the form of an addendum to this RFP.
10. By submission of proposals in response to this RFP vendors agree to comply with R. I. General Laws § 28-5.1-10 which mandates that contractors/subcontractors doing business with the State of Rhode Island exercise the same commitment to equal opportunity as prevails under Federal contracts controlled by Federal Executive Orders 11246, 11625 and 11375.

Vendors are required to ensure that they, and any subcontractors awarded a subcontract under this RFP, undertake or continue programs to ensure that minority group members, women, and persons with disabilities are afforded equal employment opportunities without discrimination on the basis of race, color, religion, sex, sexual orientation, gender identity or expression, age, national origin, or disability.

Vendors and subcontractors who do more than \$10,000 in government business in one year are prohibited from engaging in employment discrimination on the basis of race, color, religion, sex, sexual orientation, gender identity or expression, age, national origin, or disability, and are required to submit an “Affirmative Action Policy Statement.”

Vendors with 50 or more employees and \$50,000 or more in government contracts must prepare a written “Affirmative Action Plan” prior to issuance of a purchase order.

- a. For these purposes, equal opportunity shall apply in the areas of recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, termination, and rates of pay or other forms of compensation.
- b. Vendors further agree, where applicable, to complete the “Contract Compliance Report” (<http://odeo.ri.gov/documents/odeo-eeo-contract-compliance-report.pdf>), as well as the “Certificate of Compliance” (<http://odeo.ri.gov/documents/odeo-eeo-certificate-of-compliance.pdf>), and submit both documents, along with their Affirmative Action Plan or an Affirmative Action Policy Statement, prior to issuance of a purchase order. For public works projects vendors and all subcontractors must submit a “Monthly Utilization Report” (<http://odeo.ri.gov/documents/monthly-employment-utilization-report-form.xlsx>) to the ODEO/State Equal Opportunity Office, which identifies the workforce actually utilized on the project.

For further information, contact Vilma Peguero at the Rhode Island Equal Employment Opportunity Office, at 222-3090 or via e-mail at ODEO.EOO@doa.ri.gov.

11. In accordance with R. I. Gen. Laws § 7-1.2-1401 no foreign corporation has the right to transact business in Rhode Island until it has procured a certificate of authority so to do from the Secretary of State. This is a requirement only of the successful vendor(s). For further information, contact the Secretary of State at (401-222-3040).
12. In accordance with R. I. Gen. Laws §§ 37-14.1-1 and 37-2.2-1 it is the policy of the State to support the fullest possible participation of firms owned and controlled by minorities (MBEs) and women (WBEs) and to support the fullest possible participation of small disadvantaged businesses owned and controlled by persons with disabilities (Disability Business Enterprises a/k/a “DisBE”) (collectively, MBEs, WBEs, and DisBEs are referred to herein as ISBEs) in the performance of State procurements and projects. As part of the evaluation process, vendors will be scored and receive points based upon their proposed ISBE utilization rate in accordance with 150-RICR-90-10-1, “Regulations Governing Participation by Small Business Enterprises in State Purchases of Goods and Services and Public Works Projects”. As a condition of contract award vendors shall agree to meet or exceed their proposed ISBE utilization rate and that the rate shall apply to the total contract price, inclusive of all modifications and amendments. Vendors shall submit their ISBE participation rate on the enclosed form entitled “MBE, WBE and/or DisBE Plan Form”, which shall be submitted in a separate, sealed envelope as part of the proposal. ISBE participation credit will only be granted for ISBEs that are duly certified as MBEs or WBEs by the State of Rhode Island, Department of Administration, Office of Diversity, Equity and Opportunity or firms certified as DisBEs by the Governor’s Commission on Disabilities. The current directory of firms certified as MBEs or WBEs may be accessed at <http://odeo.ri.gov/offices/mbeco/mbe-wbe.php>. Information regarding DisBEs may be accessed at www.gcd.ri.gov.

For further information, visit the Office of Diversity, Equity & Opportunity’s website, at <http://odeo.ri.gov/> and *see* R.I. Gen. Laws Ch. 37-14.1, R.I. Gen. Laws Ch. 37-2.2, and 150-RICR-90-10-1. 13. HIPAA - Under HIPAA, a “business associate” is a person or entity, other than a member of the workforce of a HIPAA covered entity, who performs functions or activities on behalf of, or provides certain services to, a HIPAA covered entity that involves access by the business associate to HIPAA protected health information. A “business associate” also is a subcontractor that creates, receives, maintains, or transmits HIPAA protected health information on behalf of another business associate. The HIPAA rules generally require that HIPAA covered entities and business associates enter into contracts with their business associates to ensure that the business associates will appropriately safeguard HIPAA protected health information. Therefore, if a Contractor qualifies as a business associate, it will be required to sign a HIPAA business associate agreement
14. Eligible Entity - In order to perform the contemplated services related to the Rhode Island Health Benefits Exchange (HealthSourceRI), the vendor hereby certifies that it is an “eligible entity,” as defined by 45 C.F.R. § 155.110, in order to carry out one or more of the responsibilities of a health insurance exchange. The vendor agrees to indemnify and hold the State of Rhode Island harmless for all expenses that are deemed to be unallowable by

the Federal government because it is determined that the vendor is not an “eligible entity,” as defined by 45 C.F.R. § 155.110. |

SECTION 2. BACKGROUND

2.1 Background

The Rhode Island Department of Children, Youth and Families (DCYF), an agency within the Executive Office of Health and Human Services, the unified state agency with combined responsibility for child welfare, children’s behavioral health, and juvenile corrections. The Department is statutorily designated (Rhode Island General Laws (RIGL) §42-72-5) as “the principal agency of the state to mobilize the human, physical, and financial resources available to plan, develop, and evaluate a comprehensive and integrated statewide program of services designed to ensure the opportunity for children to reach their full potential. Such services shall include prevention, early intervention, outreach, placement, care and treatment and aftercare programs.” DCYF has a mission to partner with families and communities to raise safe and healthy children and youth in a caring environment.

2.2 Agency Need

The State is seeking qualified vendors to develop and implement a robust array of kinship “support groups” that meet the needs of kinship caregivers.

The population to be served by these services are Kinship Care families. Kinship care is the full-time care, nurturing and protection of the child by a relative, member of a tribe or clan, godparent, stepparent or any adult who has a kinship bond with the child.

A Support Group is described as a group of foster care families, gathering as peers, on a routine basis, for the purpose of sharing experiences and learning from each other. While Support Groups may appear to be informal, the DCYF anticipation and expectation will be that they are facilitated by a designated peer or provider and will focus on specific issues and/or groups.

2.3 Purpose of This Solicitation

Young people in foster care need nurturing adults who can support them when their parents are in crisis. When children must be removed from their home, research has demonstrated that it is much better for them to be placed with relatives, or with a family that has an existing connection to the child, or the child's family. Kinship care offers many benefits for children including: less trauma, increased stability and safety, better behavioral and mental health outcomes and an opportunity to maintain family and community connections. With this recognition, there has been growing emphasis on identifying and placing children with kin when possible. Rhode Island is one of the leading states in placing children with kin. Two thirds of our resource families are relative or fictive kinship caregivers.

Historically, kinship caregivers in Rhode Island have not received the same level of supports and services as non-kin resource families. While caring for children who have experienced trauma can be challenging for any resource family, being a kinship caregiver adds another layer of deep complexity. While kinship caregivers must also prioritize the physical, mental, behavioral and emotional needs of the child, they must do so while struggling with changing family roles and dynamics. Strong emotions of grief, guilt, anger, resentment and sorrow often accompany an out

of home placement due to neglect or abuse of a relative, particularly if it is their own adult child, or adult sibling. Grandparents are requested to place the well-being of their grandchildren above the needs of their own children. Family systems are often fractured, and confusing.

It is crucial to the success of the young person and caregiver to have equitable access to support. Research has shown that peer support groups can be a critical component in helping kinship families to stabilize, and to receive the emotional support they need. Interacting with peers in support groups can also be an effective way to exchange information that can help connect kin families to other supports and resources available to them.

While kin families can receive general support from Resource Family targeted support groups, the sensitive nature of the family dynamics surrounding the out of home placement often make support groups targeted for kin families a safer environment. Loyalty to their family members, embarrassment, guilt and shame constrain some kinship caregivers from being able to share freely without reserve. In a setting with other kin families, kinship caregivers can share without being judged, and learn that they are not alone on their journey.

Important Goals

In the current environment, kin-specific support groups are limited. As a result, there is a need to increase the number and accessibility of kin support groups in Rhode Island. Some of the goals of the upcoming RFP will be to:

- Develop and implement a robust array of kinship support groups that meet the needs of kinship caregivers.
- Employ strategies for engaging and retaining kinship families.
- Explore the feasibility of implementing Evidence-Based Practices (EBPs) to maximize positive outcomes.
- Inform the larger kinship navigation and support system through assessment and evaluation.

3. Program Design and Content	40 Points
4. Continuous Quality Improvement, Performance Measures and Evaluation a) Outcome and process measures b) Reporting Frameworks	25 Points
5. Fee Attestation	Pass / Fail
Total Possible Evaluation Points	100 Points
ISBE Participation *	6 Bonus Points
Total Possible Points	106 Points

***ISBE Participation Evaluation:**

a. Calculation of ISBE Participation Rate

1. ISBE Participation Rate for Non-ISBE Vendors. The ISBE participation rate for non-ISBE vendors shall be expressed as a percentage and shall be calculated by dividing the amount of non-ISBE vendor's total contract price that will be subcontracted to ISBEs by the non-ISBE vendor's total contract price. For example, if the non-ISBE's total contract price is \$100,000.00 and it subcontracts a total of \$12,000.00 to ISBEs, the non-ISBE's ISBE participation rate would be 12%.
2. ISBE Participation Rate for ISBE Vendors. The ISBE participation rate for ISBE vendors shall be expressed as a percentage and shall be calculated by dividing the amount of the ISBE vendor's total contract price that will be subcontracted to ISBEs and the amount that will be self-performed by the ISBE vendor by the ISBE vendor's total contract price. For example, if the ISBE vendor's total contract price is \$100,000.00 and it subcontracts a total of \$12,000.00 to ISBEs and will perform a total of \$8,000.00 of the work itself, the ISBE vendor's ISBE participation rate would be 20%.

b. Points for ISBE Participation Rate:

1. The vendor with the highest ISBE participation rate shall receive the maximum ISBE participation points. All other vendors shall receive ISBE participation points by applying the following formula:

$$\begin{aligned} & (\text{Vendor's ISBE participation rate} \div \text{Highest ISBE participation rate} \\ & \quad \times \text{Maximum ISBE participation points}) \end{aligned}$$

2. For example, assuming the weight given by the RFP to ISBE participation is 6 points, if Vendor A has the highest ISBE participation rate at 20% and Vendor B's ISBE participation rate is 12%, Vendor A will receive the maximum 6 points and Vendor B will receive $(12\% \div 20\%) \times 6$ which equals 3.6 points.

General Evaluation:

Points shall be assigned based on the vendor's clear demonstration of the ability to provide the requested goods and/or services. Vendors may be required to submit additional written information or be asked to make an oral presentation before the TEC to clarify statements made in the proposal.

Schedule A2 – Professional Services

Definitions

“Professional Services:” *A type of liability insurance designed to protect traditional professionals (e.g., accountants, attorneys) and quasi-professionals (e.g., real estate brokers, consultants) against liability incurred as a result of errors and omissions made in performing their professional services to State. Although there are a few exceptions (e.g., physicians, architects, and engineers), most professional liability policies only cover economic or financial losses suffered by State as opposed to bodily injury (BI) and property damage (PD) claims. This is because the latter two types of loss are typically covered under commercial general liability (CGL) policies. The vast majority of professional liability policies are written with claims-made coverage triggers. In addition, professional liability policies contain what are known as “shrinking limits,” meaning that unlike CGL policies (where defense costs are paid in addition to policy limits), the insurer’s payment of defense costs reduces available policy limits. Accordingly, when attempting to determine appropriate policy limits, insureds [State] must consider the fact that because defense costs are often a high proportion of any claim settlement or judgment, they must usually purchase additional limits. The most common exclusions in professional liability policy forms are for BI, PD, and intentional/dishonest acts.²*

“State:” *The State of Rhode Island and its branches, departments, agencies, offices, commissions, any using entity authorized by R.I. Gen. Laws § 37-2-1, et seq., to participate in a procurement or solicitation and any other party directed by the State and the officers, directors, officials, agents, employees, independent contractors and volunteers of any of them.*

“Contract Party:” *Any person, organization or entity that is a Contract Party with State in which the Contract Party (i.e., vendor) provides services or products to State.” Contract Party shall also include as insured persons Contract Party’s officers, directors, officials, agents, employees, subcontractors, independent contractors, volunteers and any other entity or person for which the Contract Party is legally responsible. For purposes of this document “Contract Party” does not include any branches, departments, agencies, offices, or commissions of the State that may contract with any other State departments, agencies, offices, commissions.*

Required Insurance

Contract Party shall procure **Required Insurance** as defined herein:

- a. At the sole cost and expense of Contract Party.
- b. Obtain and maintain such **Required Insurance** in full force and effect during the entire term of the Contract until all obligations of Contract Party have been discharged, including any warranty periods or extended reporting periods, against claims that may arise out of, are alleged to arise out of, directly or indirectly, in whole or in part, from or in connection with the Contract and/or result from the performance of the Contract.
- c. Any deductible, self-insured retention, or form of self-insurance under the policies shall be the sole responsibility of the Contract Party and shall be disclosed to and acceptable to the State authorized personnel.
- d. Any required liability insurance policy that is to insure any form of products liability and/or completed operations exposure created by Contract Party must provide extended coverage as follows:

<https://www.irmi.com/term/insurance-definitions/professional-liability>.

 - i. when the Contract has ended; or
 - ii. when products or services have been put to intended use; or
 - iii. when hardware, software, buildings, other physical structures or repairs have been put to intended use.
- c. Such required insurance can be provided by annual insurance policies or by single runoff policy commonly referred to as “discontinued products or operations.”
- 2. When required liability insurance policy uses any form of “claims-first made trigger:”
 - a.  - b. Provide coverage with a retroactive date on or before the effective date of the Contract or at the beginning of Contract work.
