Schedule A2 – Professional Services

Definitions

“Professional Services:” *A type of liability insurance designed to protect traditional professionals (e.g., accountants, attorneys) and quasi-professionals (e.g., real estate brokers, consultants) against liability incurred as a result of errors and omissions made in performing their professional services to State. Although there are a few exceptions (e.g., physicians, architects, and engineers), most professional liability policies only cover economic or financial losses suffered by State as opposed to bodily injury (BI) and property damage (PD) claims. This is because the latter two types of loss are typically covered under commercial general liability (CGL) policies. The vast majority of professional liability policies are written with claims-made coverage triggers. In addition, professional liability policies contain what are known as “shrinking limits,” meaning that unlike CGL policies (where defense costs are paid in addition to policy limits), the insurer’s payment of defense costs reduces available policy limits. Accordingly, when attempting to determine appropriate policy limits, insureds [State] must consider the fact that because defense costs are often a high proportion of any claim settlement or judgment, they must usually purchase additional limits. The most common exclusions in professional liability policy forms are for BI, PD, and intentional/dishonest acts.²*

“State:” *The State of Rhode Island and its branches, departments, agencies, offices, commissions, any using entity authorized by R.I. Gen. Laws § 37-2-1, et seq., to participate in a procurement or solicitation and any other party directed by the State and the officers, directors, officials, agents, employees, independent contractors and volunteers of any of them.*

“Contract Party:” *Any person, organization or entity that is a Contract Party with State in which the Contract Party (i.e., vendor) provides services or products to State.” Contract Party shall also include as insured persons Contract Party’s officers, directors, officials, agents, employees, subcontractors, independent contractors, volunteers and any other entity or person for which the Contract Party is legally responsible. For purposes of this document “Contract Party” does not include any branches, departments, agencies, offices, or commissions of the State that may contract with any other State departments, agencies, offices, commissions.*

Required Insurance

Contract Party shall procure **Required Insurance** as defined herein:

- a. At the sole cost and expense of Contract Party.
- b. Obtain and maintain such **Required Insurance** in full force and effect during the entire term of the Contract until all obligations of Contract Party have been discharged, including any warranty periods or extended reporting periods, against claims that may arise out of, are alleged to arise out of, directly or indirectly, in whole or in part, from or in connection with the Contract and/or result from the performance of the Contract.
- c. Any deductible, self-insured retention, or form of self-insurance under the policies shall be the sole responsibility of the Contract Party and shall be disclosed to and acceptable to the State authorized personnel.
- d. Any required liability insurance policy that is to insure any form of products liability and/or completed operations exposure created by Contract Party must provide extended coverage as follows:
 1. When required liability insurance policy uses “Occurrence” coverage trigger (including that known as “Reported Occurrence”):

²Definition based on one used by International Risk Management Institute:
<https://www.irmi.com/term/insurance-definitions/professional-liability>.

- a. Policy issued by same insurer for Contract Party as of effective date of Contract between State and Contract Party or by comparable insurer providing renewal insurance policy of 1-same coverage terms and conditions of prior expired policy or 2-coverage at least equal to that required by Contract.
- b. Such coverage must be provided for a period of not less than five (5) years after the later of:
 - i. when the Contract has ended; or
 - ii. when products or services have been put to intended use; or
 - iii. when hardware, software, buildings, other physical structures or repairs have been put to intended use.

Schedule A3 – Information Technology and/or Cyber/Privacy

Definitions

“Information Technology” A type of insurance designed to cover providers of technology *services* or *products*. For example, data storage companies and website designers provide *technology services*, while computer software and computer manufacturers offer *technology products*.⁵

Technology E&O (“Tech E & O”) policies cover both liability and property loss exposures. Major liability insuring agreements include losses resulting from: (1) technology services, (2) technology products, (3) media content, and (4) network security breaches. Key property insuring agreements provide coverage for extortion threats, crisis management expense, and business interruption.

Tech E&O insurance is often confused with cyber and privacy insurance. In contrast to Tech E&O coverage, cyber and privacy insurance is intended to protect *consumers* of technology products and services. Nevertheless, cyber and privacy insurance policies do offer a number of the same insuring agreements as Tech E&O policies.

Cyber/Privacy: A type of insurance designed to cover consumers of technology services or products. More specifically, the policies are intended to cover a variety of both liability and property losses that may result when a business engages in various electronic activities, such as selling on the Internet or collecting data within its internal electronic network.⁶ Note this coverage is not only for an electronic breach, but also for paper data breaches.

Most notably, but not exclusively, cyber and privacy policies cover liability for a data breach in third party personal information, such as Social Security numbers, credit card numbers, Protected Health Information as defined in HIPAA and its implementing regulations, Personal Information as defined in HIPAA and its implementing regulations and Personal Information as defined in R.I. Gen. Laws § 11-49.3-1, *et seq.*, as amended, or as otherwise defined in the Contract (“Confidential Information”) is exposed or stolen by a hacker or other criminal who has gained access to Contract Party’s electronic network. The policies cover a variety of expenses associated with both electronic and paper data breaches including: notification costs, credit monitoring, costs to defend claims by state regulators, fines and penalties, and loss resulting from identity theft.

In addition, the policies cover liability arising from website media content, as well as property exposures from: (a) business interruption, (b) data loss/destruction, (c) computer fraud, (d) funds transfer loss, and (e) cyber extortion.

Cyber and privacy insurance is often confused with Tech E&O insurance. In contrast to cyber and privacy insurance, Tech E&O coverage is intended to protect providers of technology products and services, such as computer software and hardware manufacturers, website designers, and firms that store data on an off-site basis. Nevertheless, Tech E&O insurance policies do contain a number of the same insuring agreements as cyber and privacy policies.

“State:” *The State of Rhode Island and its branches, departments, agencies, offices, commissions, any using entity authorized by R.I. Gen. Laws § 37-2-1, et seq. to participate in a procurement and any other party directed by the State and the officers, directors, officials, agents, employees, independent contractors and volunteers of any of them.*
