EXHIBIT A

5/15/08

Contractor agrees to recruit, hire, and place temporary personnel at the request of the State and comply with the following:

- The State shall have an approved "Request for Consultation Services Form (RP6A)." MPA administrator will then send an email with requirements for role needed. Contractor must maintain an email account.
- Contractor will screen the candidates to insure that they meet the requirements as described in the job descriptions provided by the State, including educational background, knowledge, lack of conflicts, licensure and experience necessary to perform the duties of the position requested. It is recommended the Contractor use an industry acceptable encryption method to submit any confidential information.
- Contractor will email resumes to the identified State contact person for review and interview (if requested). Only one email per role requested should be sent to the State contact person. Email may contain multiple resumes for that particular role. The subject line must contain all the information requested by the State contractor (role, project number, etc.)
- MPA Administrator will notify the Contractor of the selected individual.
- **The selected individual shall be deemed to be an employee, agent or subcontractor of Contractor and will not be considered an employee, agent or subcontractor of the State for any purpose whatsoever.**
- Contractor shall handle and be responsible for any and all payroll functions and any other duties and obligations as employer of the temporary personnel including, but not limited to, federal, state and/or local payroll taxes and worker's compensation.
- In the event that State notifies Contractor at any time the selected individual is unacceptable in the State's sole discretion, or for any reason the State discontinues payment to Contractor, the placement shall be immediately terminated.
- For any complaints or allegations solely involving two or more selected individual(s) of the Contractor, it is the responsibility of the Contractor to investigate and take any action it deems appropriate.

- Contractor will exercise its best effort to have the selected individual start within two weeks or sooner depending upon the urgency of the request.
- Each selected individual will be required to maintain an electronic time card. The application to enter the time will be supplied by the State and available at the State work site.
- Contractor will identify a single point of contact (Account Manager) to ensure timely handling of requests and/or issues of State.
- Invoice the State sent to the attention of Accounts and Controls on a monthly basis on or before the 15th day of each month for the previous month's charges that will include: the Contractor's employee's name, position title, total number of hours worked by the hourly rate of pay and Purchase Order Number. The Contractor shall prepare and submit with the monthly invoice the following reports in form and substance satisfactory to the State:
 - (i) A summary of any recruitment or placement activity that occurred during the invoice period.
 - (ii) A backup spreadsheet identifying the PO number, release number, billing period ending date and the invoice number should be submitted with the vendor's normal invoice. The backup should contain each PO line item number and role (e.g. 56.0 Unix Administrator – intermediate) used, the PO line item numbers and names of the individuals assigned to the project(e.g., 56.1, Jones, John, 56.2, Smith, Mary) the numbers of hours billed, the rate billed, the rate multiplied by the hours for each line item and total amount. The total amount billed on the vendor's regular invoice should exactly match the total on the invoice backup spreadsheet.
 - (iii) Tolerance Report. The Tolerance Report will indicate what percentage has been invoiced against the Purchase Order amount. When the Purchase Order has reached 70%, the MPA Administrator with the Contractor and requesting agency/manager, will review the remaining needs to ensure the Purchase Order balance is sufficient. The form of the Tolerance Report is attached hereto.
- Meet with State staff to discuss the status of this work effort, including any performance issues or concerns, and if necessary, plans for improvement. The meetings will be held at the identified State office.
- Contractor shall be responsible for the maintenance of complete records on all time and charges submitted for payment. Such records shall be made available to the State's representatives upon its request.
