**CONTRACT USER GUIDE**  
**ASPHALT PAVING MAINTENANCE**  
**MASTER PRICE AGREEMENT #381**  
**CONTRACT TERM: 12/1/2013 – 11/30/2015**

**CONTRACT SUMMARY:**

This Master Price Agreement includes furnishing all labor, materials, equipment and supervision necessary to remove damaged existing Bituminous pavement, and/or digging out unpaved areas. Also, preparing and compacting sub-base, and installing bituminous pavement in accordance with industry and State of Rhode Island, Department of Transportation (DOT) standards and specifications. The Contractor shall guarantee all work for a period of one (1) year after acceptance.

**WORK SPECIFICATIONS:**

Work will include small repairs, overlays, expansions and new construction. Work may include storm water control and/or retention. Work may also be in support of work performed by other contractors.

**JOB SITES:**

Work will be performed at State owned and/or state licensed facilities.

**WHO CAN USE THIS CONTRACT:**

This is a Master Price Agreement and, as such, has Statewide Applicability. Political Subdivisions (cities, towns, schools, quasi-public agencies), as authorized by law, may participate in this Agreement. All ordering and billing shall be between the vendor and the political subdivision (only).

**MATERIAL TO BE USED:**

All bituminous mixture will be class I, type 1, binder and top, and each course will be 1 ½ inch thick, after compaction. Bituminous material shall be applied only when temperature is above forty (40) degrees. The second course shall be applied as soon as the first course has residual temperature. Edges will be dressed as necessary to achieve a smooth transition to adjoining surfaces and consistent with conditions prior to work being performed. Care will be taken to avoid the creation of trip hazards. Where berm is installed, sufficient fill and/or loam backing will be placed to prevent berm from being displaced by snow plow. Work site and adjoining areas will be cleaned daily (minimally) and kept free of hazards. Final clean up and restoration of any

property disturbed will occur no later than ten (10) calendar days after paving has been installed and prior to the submittal for acceptance of work.

**INSTRUCTIONS FOR USE BY STATE AGENCIES**

**For each project the state agencies should obtain a minimum of three quotes from all three MPA-381 vendors for a lump sum fixed-fee for a specific project. Vendors should itemize quote in accordance with the line items in the purchase agreements.**

**When obtaining three quotes, if a state agency does not wish to select the vendor offering the lowest quote, please provide justification to the Division of Purchases along with requisition and supporting documentation.**

**There is a \$20,000 work order limit for any specific project.**

**Projects exceeding \$20,000 shall not be allowed under provisions of the MPA without prior approval and written authorization from the Division of Purchases.**
