Item	Class-Item	Quantity	Unit	Unit Price	Total
	<p>BIDDING</p> <p>(a) A single price shall be quoted for each item against which a proposal is submitted. This price will be the maximum in effect during the agreement period. Any price decline at the manufacturer's level shall be reflected in a reduction of the agreement price to the State.</p> <p>(b) Quantities, if any, are estimated only. The agreement shall cover the actual quantities ordering during the period. Deliveries will be billed at the single, firm, awarded unit price quoted regardless of the quantities ordered.</p> <p>(c) Bid price is net F.O.B. destination and shall include inside delivery at no extra cost.</p> <p>(d) Bids for single items and/or a small percentage of total items listed, may, at the State's sole option, be rejected as being non-responsive to the intent of this request.</p> <p>ORDERING</p> <p>(a) The User Agency(s) will submit individual orders for the various items and various quantities as may be required during the agreement period.</p> <p>(b) Exception - Regardless of any agreement resulting from this bid, the State reserves the right to solicit prices separately for any extra large requirements for delivery to specific destinations.</p>				

It is the Vendor's responsibility to check and download any and all addenda from the RIVIP. This offer may not be considered unless a signed RIVIP generated Bidder Certification Cover Form is attached and the Unit Price column is completed. 	<p>STATEWIDE APPLICABILITY - Political Subdivisions (cities, towns, schools, quasi-public agencies), as authorized by law, may participate in this Agreement. All ordering and billing shall be between the vendor and the political subdivision (only).</p> <p>REPORTS - The Vendor agrees to provide the State with quarterly reports describing activity against this Price Agreement. If this is a Master Price Agreement, such reports shall include usage by municipalities, quasi-public agencies, schools, etc. All reports shall contain the following data: (1) Billing volume in dollars and (2) quantity ordered for each line item in the price agreement. When there are no line items in the price agreement, vendor shall report volume by catalog order numbers, with a brief description of each order number.</p> <p>Reports must be submitted to the RI Division of Purchases to the attention of the BUYER named in this notice, identifying the Agreement number and the Reporting Period. Quarterly reports shall be due 45 calendar days after the end of each quarter. Failure to submit required reports shall be considered a breach of the contractor's obligations and may be considered, at the discretion of the State Purchasing Agent, sufficient cause for the termination of the agreement and other outstanding agreements and orders, and possible suspension from participation in additional State procurements.</p>

Recycling Services for State Facilities

The Rhode Island Department of Administration, Office of Purchases, on behalf of various State agencies, is soliciting bids from qualified firms for providing recycling services for State Facilities, and in accordance with the terms of this Request and the State's General Conditions of Purchase which is available on the Internet site for the Rhode Island Office of Purchases - <http://www.purchasing.state.ri.us>.

The awarded bids will be used as the basis to develop a Master Price Agreement to provide Recycling Services to State Facilities. Bids should reflect the realization that needs of individual State Facilities vary significantly. Therefore, a good working relationship between the selected contractors and liaisons for state agency locations is essential for success.

To discuss the scope of the contract and answer questions, a pre-bid conference will be held at the Department of Administration, Conference Room B, One Capitol Hill, 2nd Floor, Providence, RI on 6/28/01 at 10:00 AM. Prospective bidders are strongly encouraged to attend.

1. HISTORY OF STATE AGENCY RECYCLING SERVICES

Historically, State agency recycling services were provided by contracted waste haulers under combined solid waste/recycling services contracts. In order to be awarded a contract for providing solid waste disposal services, it was necessary for a contractor to also provide recycling services as well. It was often the case in which these contractors had difficulty providing efficient, cost-effective recycling services to all State Facilities, particularly smaller agency locations that generate small quantities of recyclables.

In order to remedy this situation, solid waste disposal services have now been separated from recycling services.

2. TERM OF CONTRACT

The Master Price Agreement will provide Recycling Services to State agencies for a period of three (3) years beginning 9/1/01 and ending 8/31/04, with an option to renew on an annual basis, for a maximum of two (2) additional one year terms, subject to the availability of appropriated funds for the purpose and determination of a continued need, as otherwise specified in the State's General Conditions of Purchase. Performance by the contractor in fulfilling the requirements of this agreement may be considered in the decision of exercising the contract renewal options.

The contract price may be increased or decreased after the completion of the first twelve (12) months based on an annual evaluation of the Cost of Living Price Index (CPI) as published by the Department of Labor, Bureau of Statistics, Boston Labor Division of the Northeast Region for the twelve month period ending June of each year. The contract shall thereafter be increased or decreased yearly. The aforementioned evaluation of the cost of living index to determine the increase or decrease shall be determined yearly, solely by the Division of Purchases, provided however, that any increase due to this clause shall be subject to limitations by Federal Law or guidelines now promulgated or in the future promulgated through the Federal and State Government.

The Division of Purchases shall notify the Contractor(s) in writing not less than sixty (60) days prior to the end of the contract as to the State's intent to exercise the renewal option for an additional twelve (12) month period.

Notwithstanding the provisions of this requirement for Statewide recycling and participation by all State Agencies, the State shall reserve the right, solely at its option, to generate a separate solicitation for recycling at an agency(s) with unique recycling needs.

3. GENERAL CONDITIONS

Recycling services shall be performed during the normal business hours for the State Facility unless special arrangements are made with the user agency. This is normally from 8:30 AM to 4:00 PM, Monday through Friday, except on holidays.

State Facilities may include office buildings and small offices, correctional facilities, hospitals and other medical facilities, highway and other maintenance facilities, colleges, universities, and State operated schools. Some facilities, such as some Department of Corrections facilities, may impose constraints on pickups consistent with security regulations and procedures.

This solicitation is provided with the knowledge that Rhode Island State law requires that State agencies recycle specified materials including office paper, newspaper, corrugated cardboard, and mixed food and beverage containers. The contractor shall adhere to the ***Rules & Regulations for Reduction and Recycling of Commercial and Non-Municipal Solid Waste*** promulgated by the Rhode Island Department of Environmental Management (RIDEM), any proceeding regulations governing the same promulgated by RIDEM in the future, or any other applicable statutes or regulations.

Rhode Island State law also requires that fluorescent bulbs be managed as a hazardous waste. Rules being promulgated by RIDEM will soon consider fluorescent bulbs, and other items such as batteries, "Universal Waste", thus eliminating the need for a permitted hazardous waste hauler to perform the collection. With this in mind, the State is also interested in soliciting bids for collection of Universal Wastes. The contractor shall adhere to the *Rules and Regulations for Hazardous Waste Management, Rule 13*,

any proceeding regulations governing the same promulgated by RIDEM in the future, or any other applicable statutes or regulations.

4. BIDDING PROCEDURES

Bids are being solicited for materials to be collected and recycled from State Facilities on a county basis. A list of cities and towns by county is provided at the end of these specifications. A listing of agencies, subject to revision, deletion, and/or addition during the term of this agreement, is also included in this bid.

A bid may be submitted for non-hazardous recyclable materials only, universal waste only, or both.

THE MINIMUM ACCEPTABLE BID FOR COLLECTING NON-HAZARDOUS RECYCLABLE MATERIALS MUST ADDRESS:

- OFFICE PAPER
- CARDBOARD
- MIXED FOOD AND BEVERAGE CONTAINERS
- NEWSPAPERS.

THE MINIMUM ACCEPTABLE BID FOR COLLECTING UNIVERSAL WASTES MUST INCLUDE:

- FLUORESCENT BULBS
- BATTERIES.

5. SCOPE OF SERVICES

The contractor shall be responsible to provide all exterior collection containers requested and all labor and vehicles required to remove, transport, and recycle materials as defined in the following section. The submitted cost shall reflect these provisions.

Each user agency shall designate a representative, or point of contact, to coordinate all recycling activities with the contractor. Each State agency shall define the frequency of pickup required for each facility, as well as collection container sizes and locations for each commodity, in consultation with the appropriate contractors.

The contractor will:

- remove, transport and ensure recycling of all materials in accordance with the RI Department of Environmental Management's (DEM) *Rules and Regulations for Reduction and Recycling of Commercial and Non-Municipal Residential Solid Waste*, which may include the following:

- Aluminum (including cans)
 - Corrugated cardboard
 - Glass food/beverage containers
 - Newspaper
 - HDPE bottles (milk jugs)
 - Coated unbleached beverage carriers (boxboard)
 - Office paper
 - PET bottles (water, soda)
 - Steel & tin coated cans
 - Telephone directories
 - Wooden shipping pallets
- remove and transport “Universal Waste” in accordance with the DEM’s *Rules and Regulations for Hazardous Waste Management, Rule 13*, which may include:
 - Batteries
 - Fluorescent Bulbs

Vendors that are not licensed to transport hazardous waste may submit a bid for Universal Waste collection given the pending approval of RIDEM regulations governing transport of these materials. Collection of these materials by non-licensed vendors is prohibited until the regulations are finalized.

IN ADDITION, the Vendor must:

- work closely with each user agency to minimize the monthly costs through the combination of the number and sizes of collection containers and the frequency of pick-ups;
- not combine recyclable materials in a manner that renders the materials not marketable
- guarantee that all materials covered by this Master Price Agreement are recycled, with landfilling or incineration not acceptable for any of the material types described. (If requested by a State agency or by the Office of Purchases, the contractor shall provide a certificate of recycling that certifies that all materials collected for recycling were actually recycled.)
- guarantee that all “Universal Waste” collected from user agencies is recycled at a properly licensed facility,
- supply all packaging, labels and manifests needed for “Universal Waste” collection and in accordance with applicable State/Federal rules and regulations;
- perform an initial facility assessment to identify the most effective and efficient recycling program setup and design;
- install all necessary containers and equipment as specified by the user agency or otherwise required;

- implement the physical set-up of internal recycling bins in each building, work with and train the housekeeping staff on devising efficient collection methods for recyclable materials, conduct employee education, as necessary, with materials provided or purchased by the user agency or State;
- maintain such equipment as described below under “**Maintenance Of Equipment**”;
- affix labels in English and Spanish, at least 3” x 5” in size, to at least two sides of each recycling container and compactor to indicate what materials are to be placed within;
- pick-up all bagged, boxed or loose recyclables as may have spilled from an overfilled container;
- notify the agency in writing of persistent overfill problems and the solution to be implemented to eliminate this problem.

All of the above services shall be provided to the state at no extra cost.

Maintenance Of Equipment – The contractor shall ensure proper maintenance and working order of all containers, compactors, and other equipment provided.

“Proper maintenance” shall include, but not be limited to, the following:

- Labels, doors, hinges and locks;
- Hydraulics, electrical motors, cams, rams, gears and all operating components of compactors;
- Periodic deodorizing (as required/requested by the user agency); and
- Periodic painting/repainting of containers and/or compactors (as required/requested by the user agency).

Such maintenance shall be provided without additional cost to the State.

Any equipment that cannot be maintained in a condition acceptable to the State or a user agency shall be replaced by the contractor at no additional cost to the State.

To demonstrate their abilities, the contractor must describe their company and provide proof that they have the expertise and experience to fulfill the requirements of this Request on Attachment A.

The contractor must also outline plans to use, and identify, any potential sub-contractors for delivery of the above-described services to any location described in this Request on Attachment B.

6. DEFINITIONS

Bidder shall mean an individual or business that responds to a solicitation and would like to have a contract with a State Facility.

Corrugated cardboard shall mean items such as corrugated cardboard (shipping containers with a ruffled inner lining), and boxboard.

Fluorescent lamp shall mean a discharge lamp of the low-pressure mercury type in which most of the light is emitted by a layer of fluorescent material excited by the ultraviolet radiation from the discharge.

Mixed food and beverage containers shall mean items such as aluminum, steel, tin-coated steel, and bi-metal soda, juice and soup cans, clear, brown, and green glass bottles and jars, and narrow necked plastic containers such as soda (#1 PET) and milk (#2 HDPE) bottles. (Items such as light bulbs, drinking glasses, plate glass, ceramics, and other numbered plastics (#3 - #7) are excluded.)

Mixed Office Paper shall mean items such as white or colored copy paper, letterhead, computer paper, lined paper, envelopes, pamphlets and brochures, manila file folders, newspaper, catalogs, magazines, and telephone books.

Sorted Office Paper shall mean all colors of paper suitable for pen and ink, pencil, typewriter, or printing, which have a similar fiber content, and which are free of treated, coated and padded paper, carbon paper, and ground-wood. Paper clips, staples and windowed envelopes are all allowed in the mix. (Newspaper, magazines and telephone books are NOT part of the mix. See Mixed Office Paper)

Recycling shall mean recovering useful materials or by-products from waste, which are reused or used as an ingredient or feedstock in an industrial or manufacturing process to make a marketable product, or used in an application as a substitute for a commercial product or commodity. For the purposes of this bid/contract, recycling does not mean recovering energy from the combustion of a material.

State Facilities shall mean any eligible entity as defined in this MPA and may include, but not be limited to, the following publicly owned and/or operated and/or leased facilities and institutions:

- Office buildings and small offices
- Highway State Facility depots and other roadway facilities
- Prison facilities
- Hospitals and other medical facilities
- Colleges and Universities
- Residential and/or campus facilities
- State forests, parks, beaches and other undeveloped land
- Municipal offices
- Public schools

7. CONTAMINATION

The vendor may reject any materials that it removes from a user agency if the materials contain hazardous or regulated medical waste or if the materials are contaminated with non-recyclable materials that exceed the weight of the container contents by 10%. The vendor shall return the contaminated materials to the user agency within 24 hours of removal, and the user agency shall bear all costs and responsibility for disposal of the materials or removal of contaminants. Provided, however, that the vendor shall not reject non-hazardous materials without issuing at least two written rejection warnings that material preparation must improve. The vendor may reject materials contaminated with medical or hazardous waste without prior warning.

Universal Waste shall mean any of the following hazardous wastes that are subject to the universal waste requirements of 40 CFR part 273, including but not limited to, (see the *RIDEM Rules and Regulations for Hazardous Waste Management* for more detail);

- batteries as described in 40 CFT part 273,
- mercury containing lamps as described in Rule 13.04 of the above regulations.

User Agency shall mean any State Facility that elects to contract with one or more vendors under this MPA for the described recycling services.

8. REPORTS

The contractor shall provide quarterly reports that include, at a minimum:

- pickup activity (pickup dates, volumes picked up);
- expenditures, including unit costs and extended costs;
- recycling or processing facilities which received recyclable materials;
- vendor point of contact name, address, and telephone number.

The contractor shall provide this information for each user agency location, but it may be submitted as a single report. Reports shall be submitted by March 31, June 30, September 30, and December 31 of each year of the contract. Unless directed otherwise by the Office of Purchases, reports shall be sent to: State of Rhode Island, Department of Administration, Office of Purchases, to the attention of the buyer named in this notice, One Capitol Hill, Providence, RI 02908.

9. COSTS OF PROVIDING SERVICES

Bidders shall provide costs for the cost per pickup by county for State agency locations in the counties in which they propose to handle materials, for container and equipment rental, and for Universal Waste collection and processing.

Costs that are not specifically identified with this response shall not be compensated by user agencies.

10. INVOICING

State agencies receiving service shall be invoiced directly for such services provided, on a monthly or quarterly basis as appropriate. The billing address, and other information, for each State Facility shall be provided by the representative of the user agency. All invoices must reference the Master Price Agreement Number, the items covered, commodity volumes picked up, and the unit price and extended price for each item. The contractor cannot invoice for work not yet performed.

11. VALUE OF CONTRACTS

The Office of Purchases makes no guarantee as to the value of the contracts to be executed under this agreement, including volumes of recyclables generated by user agencies, or the total of billable costs for services provided.

12. BASIS FOR AWARD

Award will be made to the total low responsive bidder for each county. In addition, all vendors who submit responsive bids will also be listed on the agreement, in order of pricing by county. Multiple awards may be made in the best interest of the State.

Attachment A

In the space provided below, please provide a description of your company, including references of current recycling customers with contact names and telephone numbers.

1. Describe below any plans to subcontract for any service or equipment described herein. Identify by name, including contact information, potential sub-contractors.
2. Identify by name, providing detailed contact information and license or permit numbers, the company(ies) that will be processing Universal Wastes collected from user agencies.
