WINTER SAND

**POST-AWARD DOCUMENTATION AND ONGOING ASSURANCES OF
PRODUCT QUALITY**

Within two weeks of award, successful vendors are required to provide written certification to the Deputy Director/Chief of Staff at DOT Highway & Bridge Maintenance, that the material to be delivered meets the above specification. In addition, successful vendors are to notify the Deputy Director/Chief of Staff at DOT Highway & Bridge Maintenance, by facsimile (222-2940) while the initial batch and when subsequent batches of material intended for delivery to the State of Rhode Island are in production. To confirm product quality DOT reserves the right to take materials samples from the vendor's stockpile daily while material is in production and from product delivered to DOT locations at any time.

The vendor is responsible for meeting all product specifications and delivery terms. Should the circumstances arise where the vendor fails to supply product and/or meet defined delivery terms, the State reserves the right to cancel the order and contract with a different vendor, and to hold the original vendor financially responsible for any differential in price over the original contract price. Failure to meet the gradation as specified and/or defined delivery terms will result in formal complaint and review of the vendor's qualifications to continue to provide services to the State in the current and subsequent winter seasons.
